Whether you're a beginner or an advanced student this book will empower you to confidently communicate in English and make a positive impact in your daily life. Embark on an enriching language learning journey with English for the Real World Essential Language Skills for Daily Life and unlock the doors to effective communication in the English speaking world.

Garner's Modern English Usage Bryan A. Garner,2022 Garner's Modern English Usage is one of the most influential style guides ever written for the English language. With more than a thousand new entries 200 replacement entries and thoroughly updated usage data this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing. **The comprehensive standard dictionary of the English language, abridged from the Funk Wagnalls Standard dictionary** James Champlin Fernald,1902 *The Standard Intermediate-school Dictionary of the English Language* James Champlin Fernald,1899 **Hong Kong English** Kingsley Bolton,2002-09-01 The dominant view of

many linguists and educators has been that Hong Kong English is a variety of the language that is derived from and dependent on the metropolitan norm of British English. It has been argued that English in Hong Kong was never nativized as in other Asian societies and that it has not deserved the recognition accorded to other varieties of Asian English. The contributions to this book challenge that view in a number of ways. In addressing sociolinguistic, structural and literary issues, they provide an up to date survey of current use of Hong Kong English and redress the question of its autonomy in terms of both distinctive linguistic features and the growing literary creativity of the variety. An original and highly informed discussion on the futures for Hong Kong English and chapters providing additional resources for the study of the variety are also included.
