Fun With The Electric Bass

Karl Coryat

Fun With The Electric Bass:

Fun with the electric bass Tony Menke, **Fun with the Electric Bass** Tony Menke, 2010-10-07 A collection of 30 bass lines in a wide spectrum of musical styles written for guitar and bass Works well as a supplement to any beginners method and is useful for guitar teachers instructing bass players Notation only *Electric Bass for the Young Beginner* Dino M Monoxelos, 2011-02-14 Starting our children in a world of music at an early age is one of the most valuable things we can give our kids today Music education very important in our children s early years Studies have shown that children that are involved in some sort of music program score higher in their daily school studies This is book is designed to take a special approach to beginning younger bass players in a way that makes it interesting and fun for them to learn The Electric Bass for the Young Beginner takes the young student through all of the essential steps of learning how to play bass in a fun and exciting method from learning all of the different parts of the bass guitar to tuning it right up to learning all of the notes on fingerboard this book will get them off to a great start Audio CD of examples included Bass method designed for the smaller hands of a child Gets children started on the bass guitar in a fun and colorful way Children who start in music at an early age generally do better in all school subjects Covers all of the beginning essentials from the parts of the instrument all the way up to playing and learning the notes on the fingerboard **Coming to You Wherever You Are** Kip Pegley, 2024-06-14 MTV Networks is the undisputed international music video gatekeeper with stations from Australia to India Russia to Brazil Canada is one of the few countries to resist its global reach Although the network has launched MTV Canada with an affiliate that station limits its offerings primarily to talk shows and lifestyle programming Many Canadians regard the Toronto based MuchMusic as the nation s important domestic source of music videos substantially different from and superior to American based MTV In her new study of the two music channels and their different cultures Kip Pegley compares the musical and extra musical content of MuchMusic and MTV and examines how the stations construct their two distinct identities Moving beyond analysis of individual videos Pegley looks at the overall programming of each station uncovers the well hidden matrixes of power that dictate both which performers appear and what genres get the most airtime and delves into how ideas of gender and race serve to naturalize distinct and complex nationalist ideologies In so doing she discovers why Canadians feel so protective of their music video station and why they successfully have withstood the MTV invasion *Complete Electric Bass Method: Mastering Electric Bass* David Overthrow, The conclusion to this power packed electric bass method begins with a brief review of important concepts from the intermediate book Designed to guide the student into high level bass playing this book makes advanced concepts like Rhythm Changes tritone substitution odd time signatures and chord playing easy to understand Includes a study of Latin grooves reggae ska and advanced funk bass lines Also covered are topics such as improvisation soloing and practicing The perfect launching pad into a lifetime of great bass playing **Listen to This** Victor Svorinich, 2015-02-05 Listen to This stands out as the first book exclusively dedicated to Davis s watershed

1969 album *Bitches Brew* Victor Svorinich traces its incarnations and inspirations for ten plus years before its release The album arrived as the jazz scene waned beneath the rise of rock and roll and as Davis 1926 1991 faced large changes in social conditions affecting the African American consciousness This new climate served as a catalyst for an experiment that many considered a major departure Davis s new music projected rock and roll sensibilities the experimental essence of 1960s counterculture yet also harsh dissonances of African American reality Many listeners embraced it while others misunderstood and rejected the concoction Listen to This is not just the story of *Bitches Brew* It reveals much of the legend of Miles Davis his attitude and will his grace under pressure his bands his relationship to the masses his business and personal etiquette and his response to extraordinary social conditions seemingly aligned to bring him down Svorinich revisits the mystery and skepticism surrounding the album and places it into both a historical and musical context using new interviews original analysis recently found recordings unearthed session data sheets memoranda letters musical transcriptions scores and a wealth of other material Additionally Listen to This encompasses a thorough examination of producer Teo Macero s archives and *Bitches Brew* s original session reels in order to provide the only complete day to day account of the sessions *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1976

Guerrilla Home Recording Karl Coryat,2008-07-01 A clever resource for the ever growing home recording market The revised edition is updated with a greater focus on digital recording techniques the most powerful tools available to the home recordist There are chapters devoted to instrument recording **The Bass Handbook** Adrian Ashton,2006-06-01 This indispensable handbook helps players of all levels produce better more creative and more varied bass lines Divided into two sections Playing Your Bass and Knowing Your Bass it covers everything from tuning reading music scales and chords and advanced techniques to tips on buying and upgrading a budget bass and troubleshooting Along with a list of suggested listening and a reference guide this book provides an unrivaled digest of bass information that might otherwise take an entire career to amass PTM. ,1976 The Music Producer's Survival Guide Brian M. The Texas-Mexican Conjunto Manuel Peña, 2010-07-05 Around 1930 a highly popular and distinctive type of accordion music commonly known as conjunto emerged among Texas Mexicans Manuel Peña's The Texas Mexican Conjunto is the first comprehensive study of this unique folk style The author's exhaustive fieldwork and personal interviews with performers disc jockeys dance promoters recording company owners and conjunto music lovers provide the crucial connection between an analysis of the music itself and the richness of the culture from which it sprang Using an approach that integrates musicological historical and sociological methods of analysis Peña traces the development of the conjunto from its tentative beginnings to its preeminence as a full-blown style by the early 1960s Biographical sketches of such major early performers as Narciso Martínez El Huracán del Valle Santiago Jiménez El Flaco Pedro Ayala Valerio Longoria Tony de la Rosa and Paulino Bernal along with detailed transcriptions of representative compositions illustrate the various phases of conjunto evolution Peña also probes the vital connection between conjunto's emergence as a powerful symbolic expression and the transformation of Texas Mexican society from a pre-industrial folk group to a community with increasingly divergent socioeconomic classes and ideologies Of concern throughout the study is the interplay between ethnicity class and culture and Peña's use of methods and theories from a variety of scholarly disciplines enables him to tell the story of conjunto in a manner both engaging and enlightening This important study will be of interest to all students of Mexican American culture ethnomusicology and folklore

[Home Recording For Musicians For Dummies](#) Jeff Strong, 2008-11-24 Invaluable advice that will be music to your ears Are you thinking of getting started in home recording Do you want to know the latest home recording technologies Home Recording For Musicians For Dummies will get you recording music at home in no time It shows you how to set up a home studio record and edit your music master it and even distribute your songs With this guide you'll learn how to compare studio in-a-box computer-based and stand-alone recording systems and choose what you need You'll gain the skills to manage your sound take full advantage of MIDI make common instruments do overdubs and replace missed notes understand the mastering process and prepare your music for duplication Explains how to put together all the things your home recording studio should have Shows you how to perform multitrack recording and venture into MIDI sequencing Details ways to clean up your tracks by becoming an expert at mixing and editing Addresses choosing the gear that suits your project Walks you through adding computers and software to your recording tools and enhancing sound with professional editing tips Features instructions for setting up microphones

connecting electronic instruments and orking with MIDI and electronic instruments Includes advice for editing tracks mixing mastering and distributing your songs Whether you re a beginning musician or a pro Home Recording For Musicians For Dummies teaches you home recording basics so you can begin recording music at home and create great CDs **The Beatles Through Headphones** Ted Montgomery,2022-03-07 This book delves into the aural splendor of the Beatles discography breaking down each song and taking a close look at how the group s music sounds through headphones rather than external speakers Mistakes studio chatter secret meanings and other audio esoterica are all identified and discussed Thousands of books have been written about the Beatles music but this is the first to look at their discography through the prism of headphones which yield a unique artistic listening experience The author argues that the Beatles should be heard through headphones to appreciate the real depth of their musical creativity and to fully understand the timeless songs that remain influential to this day **Smash Hits** James E. Perone,2016-10-17 We are what we listen to That s the premise of this study of 100 songs that have shaped and defined the American experience from the Colonial period to the present Well known music author James Perone looks at 100 songs that helped tell America s story He examines why each song became a hit what cultural and social values it embodies what issues it touches upon what audiences it attracted and what made it such a definitive part of American history and popular culture The chart topping singles presented here crossed gender age race and class lines to appeal to the mass American audience The book discusses patriotic songs minstrel music and sacred songs and hymns as well as music in the broad categories of pop rock hip hop jazz country and folk An introduction provides an overview of the history and significant issues raised by the songs as a whole Individual songs are then presented chronologically based on when they were written The revealing commentary for each hit is not only interesting and fun but reveals what it was like to live in the United States at a particular time by unveiling the social economic and political issues as well as the musical tastes that made life what it was *PC Mag* ,2000-09-01 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *International Society of Bassists* ,1993 **The Wrecking Crew** Kent Hartman,2012-02-14 Winner of the Oregon Book Award for General Nonfiction and Los Angeles Times bestseller It makes good music sound better Janet Maslin in The New York Times A fascinating look into the West Coast recording studio scene of the 60s and the inside story of the music you heard on the radio If you always assumed the musicians you listened to were the same people you saw onstage you are in for a big surprise Dusty Street host of Classic Vinyl on Sirius XM Satellite Radio If you were a fan of popular music in the 1960s and early 70s you were a fan of the Wrecking Crew whether you knew it or not On hit record after hit record by everyone from the Byrds the Beach Boys and the Monkees to the Grass Roots the 5th Dimension Sonny Cher and Simon Garfunkel this collection of West Coast studio musicians from diverse backgrounds established themselves in Los Angeles California as the driving sound of pop music

sometimes over the objection of actual band members forced to make way for Wrecking Crew members Industry insider Kent Hartman tells the dramatic definitive story of the musicians who forged a reputation throughout the business as the secret weapons behind the top recording stars Mining invaluable interviews the author follows the careers of such session masters as drummer Hal Blaine and keyboardist Larry Knechtel as well as trailblazing bassist Carol Kaye the only female in the bunch who went on to play in thousands of recording sessions in this rock history Readers will discover the Wrecking Crew members who would forge careers in their own right including Glen Campbell and Leon Russell and learn of the relationship between the Crew and such legends as Phil Spector and Jimmy Webb Hartman also takes us inside the studio for the legendary sessions that gave us Pet Sounds Bridge Over Troubled Water and the rock classic Layla which Wrecking Crew drummer Jim Gordon cowrote with Eric Clapton for Derek and the Dominos And the author recounts priceless scenes such as Mike Nesmith of the Monkees facing off with studio head Don Kirshner Grass Roots lead guitarist and future star of The Office Creed Bratton getting fired from the group and Michel Rubini unseating Frank Sinatra s pianist for the session in which the iconic singer improvised the hit making ending to Strangers in the Night The Wrecking Crew tells the collective behind the scenes stories of the artists who dominated Top 40 radio during the most exciting time in American popular culture

The Jazz Rhythm Section Fumi Tomita,2019-03-25 The Jazz Rhythm Section introduces the basics of this very important part of the jazz ensemble They are the foundation of any jazz group so improving the rhythm section will result in a stronger sounding band This book is intended to be a practical guide with chapters on each of the primary instruments in the rhythm section bass drums piano and guitar Key topics include Equipment and setup issues from drum heads to bass amps to guitar pickups to mic ing a piano on stage each instrument presents unique equipment issues that the director must face Performance practice including tips on constructing walking bass lines learning voicings and comping rhythms and creating drummer s setup fills Additionally there is a chapter on the rhythm section itself that details all of the inter relationships suggestions for count offs and metronome exercises that will help improve your band The Jazz Rhythm Section is intended for novice directors but directors of all levels will benefit as well
