Particular value is placed on musical awareness; expressive playing is presented on an equal basis with breathing, finger and tonguing techniques. Singing and playing from memory are essential to musical development and play a major role throughout the series. Since the first volumes of *Fun and Games with the Recorder* for soprano recorder are intended for use with children from about six years of age, this method for alto recorder is therefore aimed at children of around 10-12 years. As in the previous books in this series, we address the child directly and provide carefully planned and precisely formulated exercises.
