## Eden Revival:

**Elizabeth Eden** Maria Catherine Bishop, 1878 *Pentecostal Exorcism* Opoku Onyinah, 2019-05-21 Witchcraft and exorcism have long been dominant features of life in African cultures This unique book provides a thorough field research based description and analysis of a specifically Pentecostal Christian response to these phenomena within the Akan culture of Ghana Anthropological studies generally claim that the ultimate goal of exorcism is modernisation Using interdisciplinary studies with a theological focus the author takes a different view arguing that it is divinatory consultation or an inquiry into the sacred and the search for meaning that underlies the current deliverance ministry where the focus is to identify and break down the so called demonic forces by the power of God and to deliver people from their torment The deliverance ministry is one attempt to contextualise the gospel for African people However preoccupation with demonisation and exorcistic practices is found to bring Christianity into tension with the Akan culture family ties and other religions In order to develop a properly safeguarded ministry of exorcism in an African context the author examines contextualisation and suggests the integration into African Christianity of divinatory consultation which has strong resonances with the biblical concept of prayer

impact on the national health delivery system and its development      Unless a Grain of Wheat Thomas A. Oduro, Jonathan P. Larson, James R. Krabill, 2021-10-06 For six decades North American Mennonites have walked alongside African Independent Churches AICs as they have navigated their faith journey between the ancient traditions of the ancestors and the newer claims of Christ upon their lives The story of these relationships is a fascinating pilgrimage in partnership offering hope for a mutuality that slips the knots of colonialism and testifies to the unifying power of the Holy Spirit Beginning with a historical overview by missiologist Wilbert R Shenk this volume contains the reflections of over fifty AIC and Mennonite colleagues concerning the significance and impact of this long standing partnership Their stories illustrate the disparate threads of a sixty year experiment in shared endeavor while offering insight into the history of the church and missions in Africa This book is a powerful account of mutual learning forgiveness and growth It is an excellent resource for lovers of story students of post colonialism and indigenous Christianity and all those concerned with building relationships across cultural and racial divides      African Charismatics Johnson Asamoah-Gyadu, 2004-10-01 This volume examines Pentecostal charismatic renewal in an African context Ghanaian Pentecostalism in its modern charismatic form has become the most visible expression of renewal within indigenous Christianity The book first articulates the contribution of the older African initiated churches AICs to local Christianity arguing that in spite of a present decline the AICs have left an enduring theological imprint on indigenous Christian expression Furthermore it accounts for the rise of the new independent churches the charismatic ministries These have been proliferating across the West Africa sub region since the late 1970s In addition to this the book explores how the emphases of the new Ghanaian charismatics internationalism transformation prosperity healing and deliverance provide useful insights into the nature of modern African Pentecostal spirituality      **Second-Generation African Pentecostals in the West** Caleb Opoku Nyanni, 2021-01-11 The rise of African Pentecostal and Charismatic churches in the West has become a growing phenomenon and a starring feature in many social religious and political conversations Most of these discussions are generally centered on the first generation churches and their missionary attempt to evangelize the West In this book Caleb Nyanni offers a fresh insight into the African diaspora church from the perspective of the growing second generation members and their contributions to the life of the church He explores the changing nature of the African diaspora Pentecostalism by paying close attention to the Church of Pentecost in the United Kingdom which serves as a case study The book explores the frustrations challenges opportunities and culture of the second generation and examines what they bring to Pentecostalism in general      **Exodus from Hunger** David Beckmann, 2010-10-20 It is within America's technical and financial power to help end world hunger in our lifetime if we set our hearts and minds to the task Contrary to what many people believe the world has made measurable advancements against hunger and poverty over the last several decades But too often the binding constraint on further progress is a simple lack of political will As a result one of the most powerful ways to affect change is often the most neglected political activism In this powerful and hopeful book

David Beckmann president of Bread for the World and a leading anti hunger activist looks at the causes of hunger presents case studies of countries that have made great strides against it and puts a human face on the problem by sharing stories of people who are quite simply hungry every day The problems can seem overwhelming but Beckmann lays out a clear and workable plan for effectively using political channels to make great progress He not only challenges us to get involved he shows us how It is no less than our call to do so      Official and Popular Religion Pieter Hendrik Vrijhof, Jacques
