Todeschi, 2011-01-14 Life is a completely lawful experience because of the universal laws of reincarnation and karma that draw individuals together Rather than being some type of unavoidable destiny or a fate about which we can do very little the Edgar Cayce material instead sees karma as essentially an unconscious reservoir of information stored within the soul's memory Although this memory may draw certain events and individuals to one another personal free will and the way in which an individual responds to that memory determines her or his actual life experiences Drawing upon contemporary family relationships as well as family relationships for individuals who received guidance from Edgar Cayce this insightful volume examines the activities of reincarnation and karma especially as they play out in the dynamics of family relationships All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth In addition to examining the universal laws of reincarnation and karma this book illustrates the lawfulness of life the exacting nature of individual responsibility and the ever present hopefulness of personal free will In the end Edgar Cayce on Reincarnation and Family Karma makes an enormous contribution to demonstrating that life is a completely lawful experience that individuals can overcome whatever karmic lessons they seem to be faced with that free will is completely free and that God is truly as fair and as loving as we have always wished for our Creator to be , *Edgar Cayce on Reincarnation and Family Karma* Kevin Todeschi, 2021-10-15 Drawing upon contemporary family relationships as well as family relationships for individuals who received guidance from Edgar Cayce this insightful volume examines the activities of reincarnation and karma especially as they play out in the dynamics of family relationships All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth In addition to examining the universal laws of reincarnation and karma this book illustrates the lawfulness of life the exacting nature of individual responsibility and the ever present hopefulness of personal free will In the end Edgar Cayce on Reincarnation and Family Karma makes an enormous contribution to demonstrating that life is a completely lawful experience that individuals can overcome whatever karmic lessons they seem to be faced with that free will is completely free and that God is truly as fair and as loving as we

have always wished for our Creator to be Edgar Cayce on the Reincarnation of Biblical People Kevin J. Todeschi,1999-11-01 Using quotes from the Cayce readings this book provides a thumbnail sketch of each biblical personality and presents an overview of that soul's past life experiences up until the time of the reading. It also provides an understanding of how reincarnation works over time by detailing the similarities and parallels between incarnations **The Reincarnation of Edgar Cayce?** Wynn Free, David Wilcock, 2010-06-15 Discover the legacy of the most famous psychic of the 20th century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena. There are remarkable parallels between the work of David Wilcock and Edgar Cayce, the legendary clairvoyant, sleeping prophet, and father of holistic medicine. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death, and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing, and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding, not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces seen and unseen at work in the universe today. Connecting issues such as reincarnation, spiritual healing, past life regression, hypnosis, karma, and parapsychology, Cayce's work is presented in an authoritative and engaging dialogue **Edgar Cayce on Reincarnation, by Noel Langley; Under the Editorship of Hugh Lynn Cayce** Edgar Cayce, 1968 **Many Mansions** Gina Cerminara, Hugh L.
