Final Cut Pro X V10.1.x: Commercial Editing Techniques, 2014. Editing a concise and captivating effects driven commercial spot is a challenging and exciting endeavor. Every single moment counts. In this course, Ashley Kennedy walks through the process of building a great thirty second spot from assessing pre production materials to delivering to the client with Final Cut Pro X v10.1.x. She examines the audience for the commercial, the timing and pacing of the rough cut transitions and effects and the final details like color correction that make your project look professional. Along the way, Ashley encounters and resolves creative and technical problems editors often face in the real world. Note: This course was updated to reflect the changes to Final Cut Pro X v10.1.x. Although the course was not re-recorded from scratch, we updated the applicable movies by adding text overlays to guide you through existing changes. We also updated the exercise files to work with the most current version of the software. Please watch the Understanding this update and using the exercise files movie to learn exactly what to expect from this updated course.

Final Cut Pro X 10.4 - Apple Pro Training Series Brendan Boykin, 2018-07-10. The Apple Certified Way to Learn. This fully updated Apple certified guide presents a real world workflow from raw media to finished project to demonstrate the features of Final Cut Pro X 10.4 and the practical techniques you will use in editing projects. Using professionally acquired media, you'll utilize

the same tools and editing techniques used by editors worldwide in this revolutionary editing software. Renowned editor and master trainer Brendan Boykin starts with basic video editing techniques and takes you all the way through Final Cut Pro's powerful features. The lessons start as real world as it gets with an empty application. After downloading the media files you will be guided through creating a project from scratch to finished draft. The basic workflow and tools are covered in Lessons 1 through 4 where you create a rough cut. The real world workflow continues through the remaining lessons as you take the basic project and enhance it with a dive into more robust features including the newest Final Cut Pro X 10.4 tools for 360 editing, precision color grading and more. Downloadable lesson and media files to work sequentially through exercises for hours of hands on training. Focused lessons teach concepts and take students step by step through professional real world editing scenarios to create a final project. Chapter review questions summarize what students learn to prepare them for the Apple certification exam. Web Edition provides full text of the book available online with revised content for significant software updates. The Apple Pro Training Series is both a self paced learning tool and the official curriculum of the Apple Training and Certification program.
