Edmund Spenser An Essay On Renaissance Poetry:

Edmund Spenser William Lindsay Renwick,1952 **Edmund Spenser** Renwick W L,1994-01-01 The Book Attempts To Help Readers In Better Understanding And Through Under Standing Better Appreciation Of The Poetic Ideas Aims And Methods Of Edmund Spenser The Book Will Be Found Of Great Interest By The Students Of English Literature Researchers And The General Readers The Author Is A Well Known Authority On The Subject Of The Book *Edmund Spenser* William Lindsay Renwick,1957 **Edmund Spenser** William L. Renwick,1949 The Spenser Encyclopedia A.C. Hamilton,2020-07-01 This masterly work ought to be The Elizabethan Encyclopedia and no less Cahiers Elizabethains Edmund Spenser remains one of Britain s most famous poets With nearly 700 entries this Encyclopedia provides a comprehensive one stop reference tool for appreciating Spenser s poetry in the context of his age and our own understanding the language themes and characters of the poems easy to find entries arranged by subject The Faerie Queene (Routledge Revivals) Humphrey Tonkin,2014-08-01 Edmund Spenser s The Faerie Queene is among the most important literary products of the Elizabethan age and the vast sweep of its moral political and social concerns tells us more about the age than any other work This volume first published in 1989 offers detailed readings of each of the poem s seven books along with introductory chapters on Spenser s career and the roots of the poem in the English and continental traditions Humphrey Tonkin pays particular attention to the work s political and cultural role and its contribution to the development of Elizabethan ideology A comprehensive analysis this reissue will be of particular value to literature students and academics alike *"The White Horse" and Other Stories* Emilia Bazan,1993 This is a collection of stories by Emilia Pardo Bazan 1851 1921 a Spanish author who often found the subject matter of her stories in the mysteries and vicissitudes of life Some of her tales are fictional accounts of actual occurrences or people The Pardon A Galician Mother and The Lady Bandit others are a defense of women subjugated by a double standard The Guilty Woman and The Faithful Fiancee a number focus on the figure of the rural priest A Descendant of the Cid and Don Carmelo s Salvation for example One highly symbolic story The White Horse qualifies Pardo Bazan as the godmother of the Generation of 98 the group of writers who exhorted Spain to begin anew ridding itself of inertia apathy and fixation on past glories Several of the collected tales are like contemporary suspense thrillers such as The Cuff Link and The White Hair while many others reveal a keen psychological insight The Torn Lace The Substitute Scissors The Nurse and Rescue Pardo Bazan s themes are fear love hatred forgiveness cruelty poverty necrophilia repentance homesickness and madness that is naked reality bitter reality and often an ugly vicious reality One of the indisputable giants of the nineteenth century short story is Guy de Maupassant Pardo Bazan met him along with Daudet and Zola in France and considered him author of The Horla to be the master of short story writers However although Maupassant influenced her most notably in psychological inquiry and careful attention to realistic detail Pardo Bazan put her own stamp on her stories and developed a style sui generis the most striking feature of which is brevity The essence of Pardo Bazan s

approach is to engage the reader as quickly as possible certainly in the first paragraph frequently in the first few sentences Some aspect of a character or an episode is brought to light and the story unfolds rapidly There are third person narratives in which the author occasionally injects herself or her point of view Other narratives are presented wholly in the first person some by an omniscient narrator some by the players and from time to time Pardo Bazan has someone else tell the story to her and then as narrator she becomes the audience It is entirely plausible that some of her graphic descriptions were intended to blunt accusations of softness i e femininity that in her era would foolishly but automatically have been associated with a woman writer Still when the time came to represent the plight of women in terms of natural understandable sexual needs and intellectual acceptance Pardo Bazan captured the anguish and inferior status of her Spanish sisters
