To Extend the Drug Abuse Education Act United States. Congress. House. Committee on Education and Labor. Select Subcommittee on Education,1973 **Special Needs and Drug Education** Richard Ives,2014-05-12 Taking drugs is complex and there are concerns about the best ways of addressing drugs issues in schools particularly for pupils with special educational needs Many teachers are worried about discussing drugs with their pupils They fear that they know too little and that some of their pupils may know too much They also worry that talking about drugs to naive children may raise their interest Yet the government expects all pupils to receive drug education and requires all schools to have a drug policy It has ambitious targets in reducing the use of drugs by young people This book aims to help teachers of pupils with special educational needs to assess what their contribution should be and identify what the particular issues associated with their pupils are It will help schools to create or revise a drugs policy plan a program of study deliver drug education appropriate to their pupils deal with drug related incident **To Extend the Drug Abuse Education Act** United States.
