**School Wars: The Battle for Britain's Education** Melissa Benn, 2011-11-21 No Marketing Blurb School Wars Melissa

Benn, 2012-11-13 School Wars tells the story of the struggle for Britain's education system Established during the 1960s and based on the progressive ideal of good schools for all the comprehensive system has over the past decades come under sustained attack from successive governments Now with the growing inequalities of our current system the damaging impact of spending cuts the rise of free schools and the growth of the private sector in education the values embodied in the comprehensive ideal are under threat The situation is expertly anatomized by journalist and educational campaigner Melissa Benn who explores the dangerous example of US education reform where privatization punitive accountability and the rise of charter schools have intensified social economic and ethnic divisions The policies of successive British governments have been muddled and confused but one thing is clear that the relentless application of market principles signals a fundamental shift from the ideal of quality education as a public good to education as market controlled commodity Benn ends by outlining some key principles for restoring strong educational values within a fair non selective public education system

*Instrumental Teaching* Janet Mills, 2007 What are instrumental lessons for And why do so many students want to give up when they have only just begun These are just some of the questions examined in this thought provoking and entertaining book which draws on research and on the author's wealth of experience to encourage teachers to build upon the strengths of current practice Instrumental Teaching is for both those who have been teaching for many years and those who are starting out It focuses on learning by young people but also ranges more widely and it relates to all teachers wherever they teach Janet Mills asks probing questions such as why teach and why learn and provides practical advice on subjects including the first lesson She addresses the thorny issue of practice and explores myths such as the notion that some instruments require particular physical or personal attributes This book will challenge and inspire anyone who is or is thinking of becoming an instrumental teacher

**The British National Bibliography** Arthur James Wells, 2005 *Multiple Intelligences in Practice* Mike Fleetham, 2006-04-13 The theory of multiple intelligences MI shows that there is much more to intelligence than high IQ good spelling or quick mental maths in fact there's a whole variety of ways to be clever including musically verbally interpersonally kinaesthetically and naturalistically Multiple Intelligences is a powerful tool that helps you to appreciate and enrich the talents of all your learners whatever their age Creating an understanding of MI in schools has been

shown to improve pupils self esteem self motivation and independence and to help underachievers realize their potential The book includes explanations of the different intelligences activities to explore MI with your learners practical ways to build MI into everyday teaching how to use MI to personalize learning creating an MI friendly learning environment case studies showing successful MI practice This accessible guide gives a clear introduction to MI and provides concrete examples of how you can use it in your teaching

*Chance of a Lifetime* John Harrison,2007-03 The purpose of this Paperback is to start a debate about the real problem of how we should educate our young people It is based on the book *Chance of a Lifetime How the other half loses* by Jonathan Langdale and John Harrison To be winners today young people have to be good at school or very lucky Clearly a great many of them aren t good at school but we believe they are all good at something Because the Great and the Good became the Great and the Good because they were good at school the received wisdom is that their kind of academic schooling is good for everyone it must be Look how successful they are Thus the best schools must be facsimiles of their schools and schoolchildren must all be judged by their standards the gold standards of GCSE A C and A Levels followed by university If only everyone was as academically clever as they are wouldn t the world be a better place And the children who fail at their kind of schooling are just that failures Over the years we have blamed the failure of secondary education on The governors The head teachers The teachers and above all The pupils *Chance of a Lifetime* shows that It isn t the governors It isn t the head teachers It isn t the teachers and It certainly isn t the pupils It s the academically focussed secondary school itself

The Best For My Child: Did the market really deliver? Fiona Millar,2018-05-21 Parent choice diversity of school provision and the idea of a quasi market in schools have dominated education policy for the last thirty years since the passage of the 1988 Great Education Reform Act But has the market worked in the way that was intended Are schools better Do we have a fairer school system Do parents really have choice Author and journalist Fiona Millar looks at why these policies have proved so seductive to a generation of politicians and seeks to uncover whether we really are doing the best for all our children If we are not what future reform could and should look like This is an area that has preoccupied me since the early 1990s when my own children s school was one of the first to be named and shamed by Ofsted explains Millar We had first hand experience of how the market worked in practice so this is an area I have followed with close interest every since Thirty years on from the 1988 Act I feel we are ready for a new approach but that is important to understand what worked and what could be better I hope my book will help to answer those questions
