**The ^ADigital Origins of Dictatorship and Democracy** Philip N. Howard, 2010-09-21 Around the developing world political leaders face a dilemma the very information and communication technologies that boost economic fortunes also undermine power structures Globally one in ten internet users is a Muslim living in a populous Muslim community In these countries young people are developing political identities online and digital technologies are helping civil society build systems of political communication independent of the state and beyond easy manipulation by cultural or religious elites With unique data on patterns of media ownership and technology use *The Digital Origins of Dictatorship and Democracy* demonstrates how since the mid 1990s information technologies have had a role in political transformation Democratic revolutions are not caused by new information technologies But in the Muslim world democratization is no longer possible without them

**Handbook of Adult and Continuing Education** Arthur L. Wilson, Elisabeth Hayes, 2009-04-27 Sponsored by the American Association of Adult Continuing Education This monumental work is a testimony to the science of adult education and the skills of Wilson and Hayes It is a veritable feast for nourishing our understanding of the current field of adult education The editors and their well chosen colleagues consistently question how we know and upon what grounds we act They invite us to consider not only how we can design effective adult education but also why we practice in a particular socio economic context Jane Vella author of *Taking Learning to Task and Learning to Listen Learning to Teach* This new handbook captures the exciting intellectual and professional development of our field in the last decade It is an indispensable resource for faculty students and professionals Jack Mezirow emeritus professor Adult and Continuing Education Teachers College Columbia University For nearly seventy years the handbooks of adult and continuing education have been definitive references on the best practices programs and institutions in the field In this new edition over sixty leading authorities share their diverse

perspectives in a single volume exploring a wealth of topics including learning from experience adult learning for self development race and culture in adult learning technology and distance learning learning in the workplace adult education for community action and development and much more Much more than a catalogue of theory and historical facts this handbook strongly reflects the values of adult educators and instructors who are dedicated to promoting social and educational opportunity for learners and to sustaining fair and ethical practices

**Handbook for Achieving Gender Equity Through Education** Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents

**The International Handbook of Educational Research in the Asia-Pacific Region** J.P. Keeves, Ryo Watanabe, 2013-11-11 The aim of the Handbook is to present readily accessible but scholarly sources of information about

educational research in the Asia Pacific region The scale and scope of the Handbook is such that the articles included in it provide substantive contributions to knowledge and understanding of education in the Asia region In so doing the articles present the problems and issues facing education in the region and the findings of research conducted within the region that contribute to the resolution of these problems and issues Moreover since new problems and issues are constantly arising the articles in the Handbook also indicate the likely directions of future developments The different articles within the Handbook seek to conceptualize the problems in each specific content area under review provide an integration of the research conducted within that area the theoretical basis of the research the practical implications of the research and the contribution of the research towards the resolution of the problems identified Thus the articles do not involve the reporting of newly conducted research but rather require a synthesis of the research undertaken in a particular area with reference to the research methods employed and the theoretical frameworks on which the research is based In general the articles do not advocate a single point of view but rather present alternative points of view and comment on the debate and disagreements associated with the conduct and findings of the research Furthermore it should be noted that the Handbook is not concerned with research methodology and only considers the methods employed in inquiry in so far as the particular methods of research contribute to the effective investigation of problems and issues that have arisen in the conduct and provision of education at different levels within the region
