Venkataiah, 1998 **Value Education And Education For Human Rights** V.C. Pandey, 2005 One of the fundamental goals of education is to impart culture and values across the generations. Value education is generally understood to cut across the curriculum and is appropriately integrated into all courses as well as into the extracurricular activities and ethos of schools. Today the true challenge of value education remains the development of a universal conscience that puts human rights, pluralist democracy and the equality of all human beings as the most important values that we may share. The book describes the need and importance of value education and education for human rights in the existing social scenario. It will be of interest to teacher, teacher educators and parents and will be appreciated by all who are concerned with the cause of value education.

Education in Values Esther Joos Esteban, 1990 **Value Education: Based On All The Religions Of The World (In Two Volumes)** Sukh Lal Dhani, 2007 The book on Value Education based on all the religions of the world is an anthology. During Dr Promilla Kapur's travels she was approached by many eminent scholars to compile a book based on the teachings of all the religions of the world. It was a Herculean task but the efforts were worth the trouble. In the month of January 2001 she started approaching the eminent scholars and religious heads to write chapters of the book. The most eminent scholars in Hinduism, Jainism, Arya Samaj, Islam, Christianity, Zoroastrianism, Sikhism, Bhai's faith and so on were contacted. Almost hundred reminders to each were sent. At one stage it gave the feelings that it was an impossible task but the tenacity of Dr Promilla Kapur kept her on the track. By January of 2004 the chapters started arriving. All the religious leaders and eminent scholars gave the word of wisdom on all the religions of the world. It was heartening to read that not a single chapter writer differed from the positive image of each religion. The preaching was almost identical. Love, affection, caring and sharing, forgiveness, tolerance and compassion for the entire human beings were the common theme revealed in all the papers. The book is the need of the hour and will earn its proper place in the human society all over the world. **Education for Values** Jo Cairns, Roy Gardner, Denis Lawton, 2003-12-16 Values in education: how they are taught, the ethics of teaching itself plus their role in the education of educators is an area of lively and passionate debate.
