**Edges of Reality** McGraw-Hill,1998-11-01      *Fiction: Topics and Types: The Craft of Detection, hardcover Student Edition* McGraw-Hill,1998-11-01 Presents three annotated mystery and detective stories The Biter Bit Hunted Down and The Hound of the Baskervilles along with a section of related articles with discussion questions      **El-Hi Textbooks & Serials in Print, 2005** ,2005      Edges of Reality National Textbook Company Staff,1999 Presents five annotated selections of fantastic fiction The Sailor Boy s Tale The Canterville Ghost Portrait of Jennie The Ghostly Rental and The Country of the Blind along with related articles and discussion questions      *El-Hi Textbooks & Serials in Print, 2000* ,2000      **American Book Publishing Record** ,1999      El-Hi Textbooks & Serials in Print, 2003 ,2003      Weird Mysticism Brad Baumgartner,2020-11-17 *Weird Mysticism* identifies and evaluates a new category of theoretical inquiry by showing the influence of speculative writing on three intersecting critical categories horror fiction apophatic mysticism and philosophical pessimism Exploring the work of Thomas Ligotti Georges Bataille and E M Cioran Baumgartner argues that these weird mystics employ an innovative mode of negative writing that seeks to merge new conceptions of reality While exploring perennial questions about the absolute the Outside and other philosophical concepts these authors push the limits of representation experimenting with literary form genre bending and aphoristic discourse As their works reveal the category of weird mysticism both conjoins and obscures the link between traditional mysticism and philosophical horror fiction with weirdness itself being the central magnet that draws the seemingly disparate realms of horror fiction philosophy and mysticism together Highlighting the theoretical stakes of the horror genre Baumgartner s study reveals how the mystical potentially recuperates the limits of philosophical thinking enabling reflection on and possibly challenging the limits of human understanding      **Trauma at Home** Judith Greenberg,2003-01-01 A collection of essays edited by the novelist and short story writer takes on the questions of trauma and loss in works by Elizabeth Baer Jill Bennett Peter Brooks Toni Morrison Geoffrey Hartmann Claire Kahane James Berger and others Original Social Science      *The Rhetoric of Dystopia* Christopher Carter,2024-06-10 *The Rhetoric of Dystopia* develops an idea of emergent metalepsis that describes the uncanny moments where fictive texts anticipate material events blurring the boundary between the storyworld and the world of reception Christopher Carter treats dystopia as rhetoric that shapes collective identities while speeding across platforms and geopolitical borders at once critiquing and exemplifying the circulation of power relations through varied modes This rhetoric features rampant viruses authoritarian governments corporate behemoths corrupt educational and scientific institutions and brutal policing sometimes amplifying existing trends and sometimes merely documenting them From Bong Joon ho to Reed Morano Octavia Butler to Richard McGuire artists proffer arguments whose gravity we often fail to register thus calling into question the uses of media literacy in an age of looming cataclysm Carter situates this rhetoric within scholarship on literacy built environments border policies global food production and the Anthropocene      The Routledge Handbook to the Ghost

Story Scott Brewster, Luke Thurston, 2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives The main task of the volume is to properly situate the genre within historical and contemporary literary cultures across the globe and to explore its significance within wider literary contexts as well as those of the supernatural The Handbook offers the most significant contribution to this new critical field to date assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story     Neoliberalism, Oligarchy and Politics of the Event Žarko Paić, 2020-01-28 Based on insight into Foucault's lectures on biopolitics which consider the notion of neoliberalism for all future relationships between individuals and society and the state and the economy this book shows that the oligarchic model of politics and culture management today is a result of the rise and fall of mass political movements The ideologies of the end of the twentieth century with which neo liberalism perfectly establishes a balance are reflected in the combination of technoscience rational choice and individualism In this way the rule is reversed into a cybernetic market as a management model Today transnational corporations control the states and their political subjects with sovereignty rendered an illusion by the obsolescence of the modern project Since the post imperial order in the 21st century requires the expansion of total power rather than the fragmentation of freedom it is necessary to explore the hybrid relationship between economics and politics The corporate system of activities denotes a subject to all forms of organization of the state and society from the trade unions to the universities from institutionalized religion to social welfare and sport The consequence of this can be seen in the disappearance of the essence of society This book investigates the logic of world historical progress from the cybernetic governance system and the new way of legitimizing capitalism in the 21st century to all forms of suspension of fundamental ideas which have marked the politics of modernity     The Wicked + The Divine: Book Four Kieron Gillen, 2020-03-11 6 000 years of secrets finally revealed It's going to be okay For a certain value of okay The final volume of the commercial pop sensation is so momentous it can't be held in one volume Join us for this oversized two book package that brings our cycle to an end Collects THE WICKED THE DIVINE 34 45 all six Specials and extras     **The Argonaut** ,1921     **Christian Advocate** ,1927     **The Epworth Herald** ,1903     **Flash Art** ,2004     Last of Her Kind A. K. Frailey, 2025-06-20 A prelude to the Newearth series Last of Her Kind opens with a powerful premise humans are becoming more and more infertile a trend that might as well spell extinction Cerulean an alien watcher from the planet Lux is determined to save the human race but with conflict deepening in his own world what are the options for the guardian alien     **Environment & Planning** ,2004     *New York Magazine* ,1985-09-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's

consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
