Education For Judgment The Artistry Of Discussion Leadership:

Education for Judgment C. Roland Christensen, David A. Garvin, Ann Sweet, 1992 At its best discussion teaching has an extraordinary ability to stimulate learning Through a skillful orchestration of questioning listening and response it helps students master course material and critical judgment skills in tandem Education For Judgment unravels the intricacies of successful group leadership and shows how you can consciously practice those elements that turn an average class into a great one You ll discover practical advice on how to negotiate a contract for the conduct of the group how to lead a discussion without stalling it getting students to talk to each other guiding participants to adopt new and thoughtful roles the ethics involved in choosing material how to encourage independent thinking structuring technical material how to evaluate student participation creating a sense of closure and accomplishment much much more Unedited summary from book cover

Education for Judgment Harvard Business Review, 1992-07-01 The contributors to Education for Judgement maintain that the elements of great teaching can be identified orchestrating a constructive process of questioning listening encouraging independent thinking guiding participants toward useful roles in their interaction with one another The other chapters in the volume take a broader more philosophical view of discussion leadership They cover the ethical considerations of discussion teaching the special challenges of teaching technical material using this method one pioneering effort to introduce a participative mode of medical education First person accounts of discussion leaders experiences provide useful insights into the joys pitfalls of teaching by the discussion method *Education for Judgement, The Artistry of Discussion Leadership* ,1992 *Teaching and the Case Method* Louis B. Barnes, Carl Roland Christensen, Abby J. Hansen, 1994 This third edition of Teaching and the Case Method is a further response to increased national and international interest in teaching teachers and learning as well as the pressing need to enhance instructional effectiveness in the widest possible variety of settings Like its predecessors this edition celebrates the joys of teaching and learning at their best and emphasizes the reciprocal exchange of wisdom that teachers and students can experience It is based on the belief that teaching is not purely a matter of inborn talent On the contrary the knowledge skills and attitudes that make for excellence in teaching can be analyzed abstracted and learned One key premise of Teaching and the Case Method is that all teaching and learning involve a core of universally applicable principles that can be discerned and absorbed through the study and discussion of cases A User's Guide to German Cultural Studies Scott D. Denham, Irene Kacandes, Jonathan Petropoulos, 1997 Capitalizes on the ripeness of the German case for interdisciplinary investigation Development of Professional Expertise K. Anders Ericsson, 2009-06-22 Professionals such as medical doctors aeroplane pilots lawyers and technical specialists find that some of their peers have reached high levels of achievement that are difficult to measure objectively In order to understand to what extent it is possible to learn from these expert performers for the purpose of helping others improve their performance we first need to reproduce and measure this performance This book is designed to provide the first comprehensive overview

of research on the acquisition and training of professional performance as measured by objective methods rather than by subjective ratings by supervisors In this collection of articles the world's foremost experts discuss methods for assessing the experts knowledge and review our knowledge on how we can measure professional performance and design training environments that permit beginning and experienced professionals to develop and maintain their high levels of performance using examples from a wide range of professional domains *A Medical Teacher's Manual for Success* Helen M.

Murphy, Meira Levinson, 2023-03-07 A toolkit of strategies for postsecondary instructors to use to cultivate safe inclusive learning spaces and improve teaching Based on work conducted through the Instructional Moves project at Harvard University Instructional Moves for Powerful Teaching in Higher Education outlines the many ways in which good college and graduate school teaching is rooted in deliberate pedagogical choices that support active learning Jeremy T. Murphy and Meira Levinson distill good instruction to its essential components analyzing the careful steps successful instructors take to create learning spaces that encourage all students to do ambitious work Profiling professors in a range of contexts and disciplines Murphy and Levinson take readers on deep dives into individual instructors teaching methods in actual classrooms Each real world example is accompanied by a set of practical action points that can be adopted by both new and experienced instructors communities of practice and educational developers and coaches Collectively the examples underscore how students with differing abilities diverse identities and disparate worldviews can all benefit from student centered learning environments in which collaboration is valued and students are afforded opportunities to apply what they have learned Murphy and Levinson spotlight inclusive instructional moves such as community building exercises interactive lectures and discussion facilitation that nurture a sense of belonging and encourage student engagement in both in person and online settings They also explore the benefits of innovative teaching formats such as flipped classrooms simulations and virtual learning Instructional Moves for Powerful Teaching in Higher Education illustrates how pedagogical shifts small and large can improve college teaching powerfully **Fostering Effective Student Communication in Online Graduate Courses** Scheg, Abigail G., Shaw, Melanie, 2017-08-11 Keeping students engaged and receptive to learning can at times be a challenge However by implementing new pedagogical methods and tools instructors can strengthen the drive to learn among their students Fostering Effective Student Communication in Online Graduate Courses is a pivotal reference source for the latest research findings on the novel techniques and strategies for nurturing communication between students and faculty in virtual learning environments Featuring extensive coverage on relevant areas such as collaborative work academic advising and student retention this publication is an ideal resource for educators across all disciplines and levels as well as educational administrators *Conversations and the Human Experience* Selma Wassermann, 2022-07-27 The main thesis of this book is that words have power They have power to nourish to add substantially to the way people feel about themselves They also have power to hurt to diminish another's feelings about self The words we use to each other can bring us closer together or drive us further apart The materials in the book provide readers with opportunities to examine and reflect on the relationship between human interactions and the development of positive human relationships specifically how conversations work to enable positive relationships or diminish them These include being able to tune in to what the other person is saying freeing oneself from the need to judge being respectful and having a clear and non defensive idea of what is coming out of

one's mouth. The materials in the book also provide a self-instructional program to develop one's skills in using human interactions that build more positive relationships.
