Unruly Women Claire McNulty,2025-03-10 Edinburgh s Unruly Women examines experiences of church discipline across parish communities through Edinburgh and its environs The book argues that experiences of discipline were not universal varying according to any number of factors such as age gender marital status and social rank Adopting a case study approach the book illuminates the voices of ordinary women as they appeared before their local kirk session church court where they navigated the church court system to settle neighbourly disputes negotiate marriage contracts or free their husbands from allegations of adultery Edinburgh s Unruly Women argues that in the context of a deeply patriarchal society experiences of discipline could not have been universal but that in creating this strict culture of self monitoring the Church created opportunities for women to express power over one another and indeed over their male contemporaries By placing female parishioners at the heart of the book filled with individual case studies Edinburgh s Unruly Women appeals to students and scholars of early modern women religion and gender more broadly and to those with more specialist interest in both ecclesiastical discipline and the history of early modern Scotland in the localities **Focus On World Festivals** Chris Newbold,Jennie Jordan,2016-02-29 A contemporary overview of festival activity based on over 30 international case studies It demonstrates how the nature of festivals crosses borders how they are a recognisable and growing part of societal and cultural delivery around the globe and that their impacts economic social and cultural are a major driver in their development **Organizing Creativity in the Innovation Journey** Elke Schuessler,Patrick Cohendet,Silviya Svejnova,2021-09-17 This volume brings together empirical and conceptual papers that go beyond questions of idea

queer tourism in New Zealand Australia Scotland and Italy For each place she looks at how the relationship between the viewer and the viewed produces paradoxical concepts of bodily difference and considers how the queered spaces of gay pride parades may prompt new understandings of power and tourism Examining the intersection of sexuality space and tourism and using empirical data gathered at Gay pride parades such as the Sydney Mardi Gras New Zealand HERO Parade and World Pride Roma 2000 this important work produces a deconstructive account of tourism and presents new ways of thinking through the powerful processes of subjectivity formation

A Legacy of Preaching, Volume Two---Enlightenment to the Present Day Zondervan,2018-11-13 A Legacy of Preaching Volume Two Enlightenment to the Present Day explores the history and

development of preaching through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing these preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today.

Volume Two covers the period from the Enlightenment to the present day and profiles thirty-one preachers, including Charles Simeon by Darrell Young, Robert Murray M. Cheyne by Jordan Mark Stone, Alexander Maclaren by R. Scott Pace, Catherine Booth by Roger J. Green, Charles Haddon Spurgeon by Thomas J. Transformations of Policing Alistair Henry, 2017-05-15. *Police and People in London* is still the largest and most detailed study of a police force and its relations with the public that has yet been undertaken in Britain. The twenty-three years since its publication has seen a constantly accelerating rate of change in the legal framework of policing, in the arrangements for democratic accountability of the police, in the technologies involved in crime and policing, in management structures and methods in the police service, in financial control systems imposed by central government, and in methods of assessing police performance. Over the same period, crime control has moved from the bottom to the top of the political agenda, leading to increasing pressure on the police to be seen to be effective. *Transformations of Policing* returns to the central issues discussed in 1983 and considers whether the main conclusions need to be revised in the light of what has

happened since It also reviews areas of debate and research that have emerged more recently and highlights areas of turbulence that are creating fundamentally different patterns from before and raising genuinely new questions **Laser Focus World** ,1997 Global electro optic technology and markets **Chinese Education in a Changing Global Landscape** Tingting Yuan,Catherine A.
