

You don't have a job; you have a calling.

You have the power to transform the next generation. It is time for you to take your teaching to the next level, maximize your impact, and create tomorrow's innovators.

Think Unique is the step-by-step easy guide for teachers interested in transforming their classroom into an authentic, entrepreneurial learning environment. It breaks down project-based learning and explains the why, what, and how behind this approach by using real-life classroom examples.

Think Unique provides you with insights on how to implement deep learning into your classroom. You'll also get valuable advice, tips, examples, and learn why PBL is important for your students; it will enrich your teaching and turn it into a more rewarding and less stressful experience.

Join now the many teachers that have benefited from Think Unique -

"As soon as you learn it, you automatically start thinking this way when you go into the classroom and start applying it in different ways. The way you engage in the classroom changes. It makes it exciting and engaging for the kids as well. It makes things easier. It made the whole process of running an inquiry unit easier, so thank you!"

Craig Heywood, Year 1 Teacher

"It helps to make sure the students are at the heart of everything. Talking to other teachers we already started to think in that way in behaviour management and things like that. It doesn't just affect how we do projects; it affects everything we do, which is very positive!"

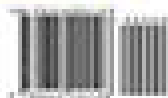

Samira Von Mege, Foundation teacher

"It's not just shifted my students' thinking; it shifted my thinking as well and that way I look to design project-based inquiry experiences in the future. I am really excited by the change that it had in such a small space in time with our students already!"

Callahan, Project-Based Inquiry Leader
