Edvard Grieg in England Lionel Carley, 2006 A fascinating exploration of Grieg's visits to England and what the country meant to him showing how it had a far greater impact on his life and career than has hitherto been recorded When Edvard Grieg came to give his first concerts in London he had the world at his feet As the first composer to transmute the sights and sounds of his own spectacular country into music he was held to be both prophet and pioneer and English writers described him as the most popular of all living composers commenting when he returned to London the following year on the Grieg fever that raged in the capital Between 1862 and 1906 Grieg spent some six months of his life in this country for most of the time engaged in giving concerts of his own music as conductor solo pianist and accompanist Celebrated by his fellow musicians among them Delius Parry Henry Wood and Grainger Grieg was befriended by royalty heaped with honours that included doctoral degrees from Cambridge and Oxford pleaded in high quarters the cause of Norwegian independence and found new friends who effected a profound change in his religious outlook This book explores the impact he had on England as well as examining what the country meant to him showing how England had a far greater influence on Grieg's life and career than has hitherto been recorded It also offers an array of fascinating insights into the musical life and milieu of the time LIONEL CARLEY is honorary archivist of the Delius Trust and respected author of many books about Delius

Cosmopolitanism and Transatlantic Circles in Music and Literature Ryan R. Weber, 2018-10-26 Cosmopolitanism and Transatlantic Circles in Music and Literature traces the transatlantic networks that were constructed between a select group of composers including Edvard Grieg Edward MacDowell and Percy Grainger and the writers with whom they shared cosmopolitan affinities including Arne Garborg Hamlin Garland Madison Grant and Lathrop Stoddard Each overlapping case study surveys the diachronic transmission of cosmopolitanism as well as the synchronic practices that animated these modernist ideas Instead of taking a strictly chronological approach to organization each chapter offers an examination of the different layers of identity that expanded and contracted in relation to a mutual interest in Nordic culture From the burgeoning universal ambitions around 1900 to the darker racialized discourse of the 1920s this study offers a critical analysis of both the idea and practice of cosmopolitanism in order to expose its common foundations as well as the limits of its application

Dahill,2010-06-01 Despite Dietrich Bonhoeffer s earlier theological achievements and writings it was his correspondence and notes from prison that electrified the postwar world six years after his death in 1945 The materials gathered and selected by his friend Eberhard Bethge in *Letters and Papers from Prison* not only brought Bonhoeffer to a wide and appreciative readership especially in North America they also introduced to a broad readership his novel and exciting ideas of religionless Christianity his open and honest theological appraisal of Christian doctrines and his sturdy if sorely tried faith in face of uncertainty and doubt This splendid volume in many ways the capstone of the Dietrich Bonhoeffer Works is the first unabridged collection of Bonhoeffer s 1943 1945 prison letters and theological writings Here are over 200 documents that include extensive correspondence with his family and Eberhard Bethge much of it in English for the first time as well as his theological notes and his prison poems The volume offers an illuminating introduction by editor John de Gruchy and an historical Afterword by the editors of the original German volume Christian Gremmels Eberhard Bethge and Renate Bethge **Grieg** Daniel M. develops new models for understanding the complexity of late Romantic tonal practice as epitomised in Grieg's music. Such an investigation casts further valuable light on the twin issues of nature and nationalism long connected with the composer: the question of tonality as something natural or culturally constructed and larger historiographical claims concerning Grieg's apparent position on the periphery of the Austro-German tradition.
