Writing Feminist Lives Malin Lidström Brock, 2017-05-05 This book draws attention to the controversy that surrounds Betty Friedan Germaine Greer Gloria Steinem and Simone de Beauvoir's lives and the important role that their life stories have played in their feminist writing Directly and indirectly the four women have contributed to battles over feminism's meaning through autobiographically informed political writing Inevitably therefore their biographers are also participants in these battles yet not always on the same side as their subjects Writing Feminist Lives introduces a further fold of nuance into considerations of biography and feminism by showing that the biographers of the four women have made methodological choices that reflect their loyalty to or their scepticism towards competing ideological definitions of the exemplary feminist life
