Under the Cap of Invisibility Lucie Genay,2025-05-13 Pantex was built during World War II near the town of Amarillo Texas The site was converted early in the Cold War to assemble nuclear weapons and produce high explosives For nearly fifty years Pantex has been the sole assembly and disassembly plant for nuclear weapons in the United States Today most of the activities of the plant consist of the manufacture of high explosive components and the dismantlement or life extension of weapons including retrofitting aging warheads in the United States s arsenal Unlike the much more famous nuclear weapons production sites at Los Alamos Oak Ridge Hanford and Rocky Flats the Pantex plant has drawn little attention hidden under a metaphoric cap of invisibility Lucie Genay now lifts that invisibility cap to give the world its first in depth look at Pantex and the people who have spent their lives as neighbors and employees of this secretive industry The book investigates how Pantex has impacted local identity by molding elements of the past into the guaranty of its future and its concealment It further examines the multiple facets of Pantexism the reasons for embracing nuclear weapons production as a solution to economic woes the resulting dependence on this industry and the unconditional support for the facility through the voices of native and adoptive Panhandlers

Heaven's Harsh Tableland A New History of the Llano Estacado will provide a helpful enjoyable and authoritative guide to the history and development of this important region *Historic Tales of the Llano Estacado* Edited by Paul H. Carlson and David J. Murrah, 2020 The distinctive high mesa straddling West Texas and Eastern New Mexico creates a vista that is equal parts sprawling lore and big blue sky From Lubbock the area's informal capital to the farthest reaches of the staked plains known as the Llano Estacado the land and its inhabitants trace a tradition of tenacity through numberless cycles of dust storms and drought In 1887 a bison hunter observed antelope sand crane and coyote alike crowding together to drink from the same wet weather lake A similarly odd assortment of characters shared and shaped the region's heritage although neighborliness has occasionally been strained by incidents like the 1903 Fence Cutting War David Murrah and Paul Carlson have collected some three dozen vignettes that stretch across the uncharted terrain of the tableland's past

Barbs, Bullets, and Blood Harold D. Jobes, 2025-07-11 In 1874 Joseph Glidden patented and manufactured the nation's first barbed wire and the next year Henry Sanborn came to Texas selling Glidden's wire to cattlemen Sales increased each year and in 1883 Sanborn sold Texas ranchers one million dollars worth of barbed wire but free range cattle advocates and homesteaders revolted against the barbed wire fences more than half of Texas's counties experiencing fence cutting In the eyes of some Texans barbed wire fences stopped cattle drives interfered with homesteading and wrecked the state's economy but the act of fence cutting precipitated extreme levels of violence between the ranchers and the fence cutters Fence cutting occurred as far north as Montana but no state suffered the magnitude of fence cutting and violence as in Texas Fence cutting usually occurred at night and responsibility for stopping it fell on local lawmen who often failed The Texas state government lacked statutory authority and financial means to stop it so Governor John Ireland called the Texas legislature to Austin for a special session to write new laws and appropriate funds to cope with this revolution After successful passage Pinkerton and Ferrell's commercial detectives and the Texas Rangers stepped in to assist A war of barbs bullets and blood followed Soon detectives fled the state a Ranger was assassinated and another Ranger wounded In a midnight shootout with Rangers two fence cutters were killed one of them the neighboring community's justice of the peace Texas's fence cutting incidents are found scattered in earlier writings but **Barbs Bullets and Blood** is the first comprehensive coverage of one of the state's most violent and costly episodes
