Fisher,2010-05-15 An image of Edgar Allan Poe 1809-1849 as a man of gloom and mystery continues to hold great popular appeal Long recognized as one of the greats of American literature he elicited either highly commendatory or absolutely hostile reactions from many who knew him from others who claimed to comprehend him as person or as writer and from still others who circulated as fact opinions intuited from his writings Whether promoting him as angel or demon a man of great and original genius or extraordinarily wicked the viewpoints in this dramatic collection of primary materials provide vigorous testimony to support the contradictory images of the man and the writer that have prevailed for a century and a half Noted Poe scholar Benjamin Fisher includes a comprehensive introduction and a detailed chronology of Poe's sadly short life each entry is introduced by a short headnote that places the selection in historical and cultural context and explanatory notes provide information about people and places From John Allan's letter to Secretary of War John Eaton about Poe's West Point life to John Frankenstein's hostile verse casting him as an alcoholic from Rufus Griswold's first and second posthumous vilifications to James Russell Lowell's more sensible outline of his life and career from scornful to commendable reviews to scathing attacks on his morals to recognition of his comic achievements Fisher has gathered a lively array of materials that read like the most far-fetched of gothic tales Poe himself was creative when he supplied information to others about his life and literary career and the speculative content of many of the portrayals presented in this collection read as if their authors had set out to be equally creative The sixty-nine recollections gathered in Poe in His Own Time form a dramatic real-time biographical narrative designed to provide a multitude of perspectives on the famous author sometimes in conflict with each other and sometimes in agreement but always arresting      The Latest Early American Literature R. C. De Prospe,2016-01-21 The Latest Early American Literature according to readers for the University of Delaware Press is a

collection of polemics and manifestoes In it R C De Prosopo bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prosopo proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America s lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present s diachronic predecessor but to quote Lyotard s semiotics its synchronic differend Closer to earth De Prosopo tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of *The Latest Early American Literature* what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer

**Poe, Queerness, and the End of Time** Paul Christian Jones, 2022-05-16 This book builds upon recent theoretical approaches that define queerness as more of a temporal orientation than a sexual one to explore how Edgar Allan Poe's literary works were frequently invested in imagining lives that contemporary readers can understand as queer as they stray outside of or aggressively reject normative life paths including heterosexual romance marriage and reproduction and emphasize individuals' present desires over future plans The book's analysis of many of Poe's best known works including *The Raven* *The Fall of the House of Usher* *The Black Cat* *The Masque of the Red Death* and *The Murders in the Rue Morgue* show that his attraction to the liberation of queerness is accompanied by demonstrations of extreme anxiety about the potentially terrifying consequences of non-normative choices While Poe never resolved the conflicts in his thinking this book argues that this compelling imaginative tension between queerness and temporal normativity is crucial to understanding his canon

Private Perry and Mister Poe William F. Hecker, 2005-06-01 Writing poetry and inspecting artillery bombs for the army do not seem like compatible endeavors which is perhaps why many biographers and critics have overlooked Edgar Allan Poe's stint in the military dismissing it as an odd aberration in his literary career William F Hecker however is in a unique position to appreciate the influence that military culture and training had on the young poet A professional artilleryman and a Poe scholar Hecker offers a lively nuanced account of Poe's experience as an enlisted soldier and West Point cadet and relates it to his writing especially his *Poems 1831* presented here in facsimile for the first time since 1936 Military service appealed to Poe's romantic sense of adventure and in 1827 he joined the army under the name Edgar A Perry He rose quickly through the ranks most notably learning cannon drill but suffered as a social misfit in the field and at West Point where legends about a brilliantly defiant jester still abound Shortly after being dismissed from the Military Academy for neglecting his duties Poe published his third book of verse *Poems 1831* which he dedicated to his fellow West Point cadets and funded through subscriptions to them Hecker explores these events filling in biographical gaps and drawing connections to Poe's poetic vision Poe's desire that his poems act as aesthetic bombs deranging the senses striving for Beauty but failing explosively emerges as a key theme With a foreword by poet and Poe critic Daniel Hoffman and an afterword by Gerard A McGowan addressing the martial element in the poems *Tamerlane* and *To Helen* among others *Private Perry and Mister Poe* offers the definitive statement about Poe's military experience while making the early versions of many of his most famous poems widely available
