Fatih Akin's Cinema and the New Sound of Europe Berna Gueneli, 2019-01-09 In Fatih Ak n s Cinema and the New Sound of Europe Berna Gueneli explores the transnational works of acclaimed Turkish German filmmaker and auteur Fatih Ak n The first minority director in Germany to receive numerous national and international awards Ak n makes films that are informed by Europe s past provide cinematic imaginations about its present and future and engage with public discourses on minorities and migration in Europe through his treatment and representation of a diverse

multiethnic and multilingual European citizenry Through detailed analyses of some of Ak n s key works In July Head On and The Edge of Heaven among others Gueneli identifies Ak n s unique stylistic use of multivalent sonic and visual components and multinational characters She argues that the soundscapes of Ak n s films including music and multiple languages dialects and accents create an aesthetic of heterogeneity that envisions an expanded and integrated Europe and highlights the political nature of Ak n s decisions regarding casting settings and audio At a time when belonging and identity in Europe is complicated by questions of race ethnicity religion and citizenship Gueneli demonstrates how Ak n s aesthetics intersect with politics to reshape notions of Europe European cinema and cinematic history Edge of Eternity Valencia

McMahon,2022-02-10 Imagine Being Pulled Into a dark and deep web full of pain and grief Death is seemingly all around you Imagine having a constant unshakable feeling that you would soon be next After experiencing devastating losses of the people I loved the most I had come face to face with one of life s crossroads Now at a turning point after a series of crises I found myself questioning my faith and asking myself if there was a God Engaged in a battle against the enemy of humanity I had to decide if the faith I once proclaimed to have was faith or was I merely proclaiming faith because of what my eyes were able to see and my mind understands So I put God on trial to see if He the omnipotent one would vindicate Himself Zohar

Europe increasingly depends on the successful integration of migrants Unfortunately contemporary political and media discourses observe and frequently also support the development of nationalist eurosceptic and xenophobic reactions to immigration and growing multiethnicity Confronting this trend European cinema has developed and disseminated new transcultural and postcolonial alternatives that might help to improve integration and community cohesion in Europe and this book investigates these alternatives in order to identify examples of good practices that can enhance European stability While the cinematic spectrum is as wide and open as most notions of Europeanness the films examined share a fundamental interest in the Other In this qualitative film analysis approach particular consideration is given to British French German and Spanish productions and a comparison of multiethnic conviviality in Chicano cinema **The Journal of Germanic**

The last thing she needs though is to fall for a client. It doesn't help that Joanie is also entranced by the lovely Cleo, an initiate of Inanna. Clayton excels in his engineering classes but he yearns for love. When he meets Joanie, he can't believe his luck. But he has a hard time wrapping his head around her job and her other loves. What none of them knows is that Clayton's anguished loneliness has awakened Puabi Ekur, a gender-bending demon whose past life is intricately linked to Joanie's. As a succubus/incubus, Puabi Ekur takes matters into their own hands to push Clayton and Joanie together. But balance must be maintained in the order of all things, and Puabi Ekur is not the only supernatural force to come to the party. Powerful djinn and magics collide in this sexy urban fantasy set in Seattle.

Disjointed Perspectives on Motherhood Catalina Florina Florescu, 2013-10-29 *Disjointed Perspectives on Motherhood* presents the accounts of mothers who have suffered a major physical and/or psychically traumatic accident and as a consequence their minds and bodies have been drastically changed. They live under the pressure of having discovered the alter ego of their traumatized personality and now distressed, cannot embrace their unconditional maternal love. Instead, they enter into a phase where they face the challenge of revealing who they are as persons before accepting or motivating themselves as mothers. The mothers presented in this volume also seem to have another thing in common: their transnational, fluid female identity as they enter into an imaginary dialog that transcends geographical and temporal perspectives on womanhood and motherhood. This collection introduces and analyzes recurrent words that define a woman's body and mind today: fear, competition, motherhood, and career, rights, selfishness, ambition, destruction, distance, and identity. By using unprecedented comparative critical approaches such as phenomenological, medical, feminist, and re-enchanting theories and by analyzing works from literature, cinema, and visual arts, this collection attempts to reestablish and redefine a canonical concept with the intention to revitalize an otherwise taken-for-granted image and role.

Theological Works: The true Christian religion Emanuel Swedenborg, 1907 **Mobility and Migration in Film and Moving Image Art** Nilgun Bayraktar, 2015-12-07 *Mobility and Migration in Film and Moving Image Art* explores cinematic and artistic representations of migration and mobility in Europe from the 1990s to today. Drawing on theories of migrant and diasporic cinema, moving image art, and mobility studies, Bayraktar provides historically situated close readings of films, videos, and cinematic installations that concern migratory networks and infrastructures across Europe, the Middle East, and Africa. Probing the notion of Europe as a coherent entity and a borderless space, this interdisciplinary study investigates the ways in which European ideals of mobility and fluidity are deeply enmeshed with forced migration, illegalization, and xenophobia. With a specific focus on distinct forms of mobility such as labor migration, postcolonial migration, tourism, and refugee mobilities, Bayraktar studies the new counter-hegemonic imaginations invoked by the work of filmmakers such as Ayşe Polat, Fatih Akin, Michael Haneke, and Tony Gatlif, as well as video essays and installations of artists such as Kutlu Ataman, Ursula Biemann.
