The Dore Lectures On Mental Science First published in 1921 The Spirit is that which gives life and movement to anything in fact it is that which causes it to exist at all The thought of the author the impression of the painter the feeling of the musician is that without which their works could never have come into being and so it is only as we enter into the IDEA which gives rise to the work that we can derive all the enjoyment and benefit from it which it is able to bestow New Thought then is not the name of a particular sect but is the essential factor by which our own future development is to be carried on and its essence consists in seeing the relation of things in a New Order The Dore Lectures on Mental Science Thomas Troward,2014-08-31 The Dore Lectures on Mental Science is required reading for anyone wishing to understand and control the power of the mind Without these lectures the New Thought Movement and The Science of Mind might never have been born Thomas Troward was an early New Thought writer who had an immense impact on those who would follow Ernest Holmes Frederick Bailes Joseph Murphy and Emmett Fox cited him as a major influence and Genevieve Behrend was his student It is impossible to over estimate his importance to the New Thought movement His intense fusion of Eastern and Western philosophy is unparalleled FOREWORD ENTERING INTO THE SPIRIT OF IT INDIVIDUALITY THE NEW THOUGHT AND THE NEW ORDER THE LIFE OF THE SPIRIT ALPHA AND OMEGA THE CREATIVE POWER OF THOUGHT THE GREAT AFFIRMATIVE CHRIST THE FULFILLING OF THE LAW THE STORY OF EDEN THE WORSHIP OF ISHI THE SHEPHERD AND THE STONE SALVATION IS OF THE JEWS It is an enduring truth which can never be altered that every infraction of the Law of nature must carry its punitive consequences with it We can never get beyond that range of cause and effect
