Educational Equity and Accountability James Joseph Scheurich,Linda Skrla,2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company Educational Equity and Accountability Linda Skrla,James Joseph Scheurich,2004-02-02 After decades of such inputs as how many books are in the school library and the number of computers in the classroom American education is shining a spotlight on results Handbook on Comparative and International Studies in Education Donald K. Sharpes,2016-11-01 This Handbook is a comprehensive reference book for libraries scholars and comparative and international studies researchers It contains 33 chapters on all major educational topics including research using all qualitative and quantitative methodologies with research from 23 countries and all inhabited continents Here you as a scholar will find research from countries not usually known for published educational schooling topics The globalization of educational research has not typically kept pace with the globalization of economies or communication technologies This Handbook includes expanded research capabilities from both developed and less developed countries throughout the world **A Companion to the Anthropology of Education** Bradley A. Levinson,Mica Pollock,2016-01-19 A Companion to the Anthropology of Education presents a comprehensive and state of the art overview of the field exploring the social and cultural dimension of educational processes in both formal and nonformal settings Explores theoretical and applied approaches to cultural practice in a diverse range of educational settings around the world in both formal and non formal contexts Includes contributions by leading educational anthropologists Integrates work from and on many different national systems of scholarship including China the United States Africa the Middle East Colombia Mexico India the United Kingdom and Denmark Examines the consequences of history cultural diversity language policies governmental mandates inequality and literacy for everyday educational processes **Handbook of Research on Educational Leadership for Equity and Diversity** Linda C. Tillman,James Joseph Scheurich,2013-08-21 The rapid growth of diversity within U S schooling and the heightened attention to the lack of equity in student achievement school completion and postsecondary attendance has made equity and diversity two of the principle issues in education educational leadership and educational leadership research The Handbook of Research on Educational Leadership for Equity and Diversity is the first research based handbook that comprehensively addresses the broad diversity in U S schools by race ethnicity culture language gender disability sexual identity and class The Handbook both highly values the critically important strengths and assets that diversity brings to the United States and its schools yet at the same time candidly critiques the destructive deficit thinking biases and prejudices that undermine school success for many groups of students Well known chapter authors explore diversity and related inequities in schools and the achievement problems these issues present to school leaders Each chapter reviews theoretical and empirical evidence of these inequities and provides research based recommendations for practice and for future research Celebrating the broad diversity in U S schools the Handbook of Research on Educational Leadership

for Equity and Diversity critiques the inequities connected to that diversity and provides evidence based practices to promote student success for all children Educational Accountability ,2009-01-01 In an age when responses to accountability regimes in education range from hysteria to cynicism this volume reframes accountability in narratives of collective participatory responsibility that leave one feeling inspired and ready to act The authors all scholar practitioners speaking from contexts spanning leadership policy literacy indigenous education and diversity explore ways to navigate accountability discourses with wisdom courage and hope Tara Fenwick PhD Head Dept of Educational Studies University of British Columbia In this collection the preoccupation of educational institutions with accountability is critically examined by writers who work in the field They consider the impact of accountability regimes on professional practice and the learning agenda challenge current policies and call for a rethinking of accountability The skills and knowledge associated with this work is what we should hold schools accountable to It is as you see from reading these contributions time for change Stephen Murgatroyd PhD Chief Scout The Innovation Expedition Inc About the Book From their diverse perspectives nine educational practitioners discuss current educational accountability policies and how these affect students educators learning and teaching in a variety of settings from K 12 schools to post secondary institutions and government agencies The authors combine theory research and their day to day experiences to reflect on the challenges posed by realities such as outcomes based curricula high stakes testing standardized reporting and management by objectives By examining current accountability initiatives and their effects in relation to core values of public education such as equity diversity democracy and opportunity this book offers educators a range of insights for thinking about and doing education differently

Performative Approaches to Education Reforms Dorthe Staunæs,Katja Brøgger,John Benedicto Krejsler,2020-05-21 The purpose of this book is to investigate with conceptualization how reforms change educational organizations and subjectivities and how educational organizations change reforms The book gives an account of the power of conceptual endeavors with close readings of empirical material The book elaborates this through empirical investigations of the intertwinement of different educational reforms of policies standards and everyday educational lives across the globe As well as telling stories of reforms and how they transform and are transformed by the educational organizations and subjects they engage the book highlights how a careful enactment of methodologies and critiques might enable a tracing of not only intended but also unintended effects of reforms In this way the book explores performative approaches to education reform and thus attempts to nuance the idea of causality and linearity in the implementation of education reforms Engaging with performative approaches this book scrutinizes how reforms are involved with the creation and shaping of the world and thus offers insight into what happens when reforms are borrowed translated and taken up in a range of ways This book was originally published as a special issue of the International Journal of Qualitative Studies in Education Handbook of Research in Social Studies Education Linda S. Levstik,Cynthia A. Tyson,2010-04-15 This Handbook outlines the current state of research in social

studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum Equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal In considering how to organize the Handbook the editors searched out definitions of social studies statements of purpose and themes that linked or divided theory research and practices and established criteria for topics to include Each chapter meets one or more of these criteria research activity since the last Handbook that warrants a new analysis topics representing a major emphasis in the NCSS standards and topics reflecting an emerging or reemerging field within the social studies The volume is organized around seven themes Change and Continuity in Social Studies Civic Competence in Pluralist Democracies Social Justice and the Social Studies Assessment and Accountability Teaching and Learning in the Disciplines Information Ecologies Technology in the Social Studies Teacher Preparation and Development The Handbook of Research in Social Studies is a must have resource for all beginning and experienced researchers in the field

Handbook of Critical Race Theory in Education Marvin Lynn,Adrienne D. Dixon,2021-10-25 This handbook illustrates how education scholars employ Critical Race Theory CRT as a framework to bring attention to issues of race and racism in education It is the first authoritative reference work to provide a truly comprehensive description and analysis of the topic from the defining conceptual principles of CRT in Law that gave shape to its radical underpinnings to the political and social implications of the field today It is divided into six sections covering innovations in educational research policy and practice in both schools and in higher education and the

increasing interdisciplinary nature of critical race research New chapters broaden the scope of theoretical lenses to include LatCrit AsianCrit and Critical Race Feminism as well as coverage of DisCrit Studies Research Methods and other recent updates to the field This handbook remains the definitive statement on the state of critical race theory in education and on its possibilities for the future

The Active/Ethical Professional Michael G. Gunzenhauser, 2012-03-08 A winner of the 2012 Critics Choice Book Award of the American Educational Studies Association AESA The Active Ethical Professional proposes an ethical framework for educators and school leaders who find their practice constrained by the demands of policies and structures created in response to accountability legislation The framework is derived from Michel Foucault's theories of discipline surveillance resistance and care of the self Gunzenhauser asserts that an educator's dual position of being normalized especially in relations with those above them in the education hierarchy and normalizing especially in relations with their students can be troubling and difficult The book argues that this position requires educators to be both ethical and active To be ethical educators not only need to resolve ethical dilemmas in defensible ways but they also need to recognize themselves as powerful in relation to others To be active educators need to be vigilant for moments when they are placed in the position to be reactive to normalizing pressures and they also need to develop clear notions of how they may create opportunities for the cultivation of educational selves selves that are rich ethically aesthetically epistemologically and politically

Thinking and Acting Systemically Alan Daly, Kara Finnigan, 2016-05-19 This volume argues that districts are important as a lever for change given the limited success of school by school efforts Policies that focus on skill development recognize and support performance create opportunities for collaboration build leader capacity and create networks of knowledge sharing hold great potential for improving districts but it will require a paradigm shift in the way we view our public school system and those who work within it away from blame and toward complex systems change

Urban Youth and School Pushout Eve Tuck, 2012-03-15 A theoretically and empirically rich treatise on school push out Urban Youth and School Pushout illustrates urban public schooling as a dialectic of humiliating ironies and dangerous dignities

Wise Social Studies in an Age of High-Stakes Testing Elizabeth Anne Yeager, O. L. Davis, 2005-08-01 The chapters in this volume illustrate how teachers are bringing creativity higher order thinking and meaningful learning activities into particular school settings despite pressures of standards and testing We chose the word wise for the title of this book and we use it frequently to describe the pedagogical practices we have identified The words powerful and ambitious are used as well The larger point as Keith C Barton makes in his chapter is that there is no necessary connection between content standards and high stakes tests on the one hand and low level rote instruction on the other He reminds us as Thornton 1991 and Wiggins 1987 previously have argued that teachers play a crucial role in mediating educational policy and their intentions and interpretations have at least as much influence on classroom practice as does the content of standards and high stakes tests Barton also asserts that this makes it all the more crucial to identify the wisdom of practice that enables teachers to engage students in powerful
