of the Left Opposition

by Max Shachtman with an  
introduction by Tariq Ali

# Genesis Of Trotskyism The First Ten Years Of The Left Opposition

**Susan Weissman**

## **Genesis Of Trotskyism The First Ten Years Of The Left Opposition:**

Genesis of Trotskyism Max Shachtman,1933      **Genesis of Trotskyism** Max Shachtman,1933      *Genesis of Trotskyism; the First Ten Years of the Left Opposition. With an Introduction by Tariq Ali* Max Shachtman,1973\*      Victor Serge Susan Weissman,2013-02-12 Revolutionary novelist historian anarchist Bolshevik and dissident Victor Serge is one of the most compelling figures of Soviet history Set against some of the momentous events of the twentieth century Victor Serge reveals dauntless vigor of a man whose views often reflect the struggles of our own time      James P. Cannon and the Emergence of Trotskyism in the United States, 1928-38 Bryan D. Palmer,2021-10-25 Bryan D Palmer reinterprets the history of labour and the left in the United States during the 1930s through a discussion of the emergence of Trotskyism in the most advanced capitalist country in the world Focussing on James P Cannon the founder of American Trotskyism Palmer builds on his previously published and award winning book *James P Cannon and the Origins of the American Revolutionary Left 1890 1928 2007* with a deeply researched and elegantly written study of Cannon and the Trotskyist movement in the United States from 1928 38 Situating this dissident communist movement within the history of class struggle both national and international Palmer examines how Cannon and others fought to revive a combative trade unionism thwart fascism and the drift to war refuse Stalinism s many degenerations and build a new Party and a new International both of which would be dedicating to reviving and realizing the possibilities of revolutionary socialism The result is a study that provides a definitive account of the largest and most influential Trotskyist movement in the world in the 1930s a mobilization whose history recasts understandings of the more extensively studied experience of United States working class militancy and the place of the Comintern affiliated Communist Party within it      James P. Cannon and the Origins of the American Revolutionary Left, 1890-1928 Bryan D. Palmer,2010-10-01 Bryan D Palmer s award winning study of James P Cannon s early years 1890 1928 details how the life of a Wobbly hobo agitator gave way to leadership in the emerging communist underground of the 1919 era This historical drama unfolds alongside the life experiences of a native son of United States radicalism the narrative moving from Rosedale Kansas to Chicago New York and Moscow Written with panache Palmer s richly detailed book situates American communism s formative decade of the 1920s in the dynamics of a specific political and economic context Our understanding of the indigenous currents of the American revolutionary left is widened just as appreciation of the complex nature of its interaction with international forces is deepened      **The Long War** Judy Kutulas,1995 In the early 1930s the American Communist Party attracted support from a wide range of liberal and radical intellectuals partly in response to domestic politics and also in opposition to the growing power of fascism abroad The Long War a social history of these intellectuals and their political institutions tells the story of the rift that developed among the groups loosely organized under the umbrella of the Party representing communist supporters of the People s Front and those who would become anti Stalinists and the evolution of that rift into a generational divide that would culminate in the liberal anti communism of the

post World War II era Judy Kutulas takes us into the debates and outright fights between and within the ranks of organizations such as the League of American Writers the John Reed Clubs the Committee for Cultural Freedom the American Civil Liberties Union and the National Committee for the Defense of Political Prisoners Showing how extremist views about the nature and value of communism triumphed over more moderate ones she traces the transfer of the left s leadership from one generation to the next She describes how supporters of the People s Front were discredited by the time of the Nazi Soviet Pact and how this opened the way for a new generation of leaders better known as the New York intellectuals In this shift Kutulas identifies the beginnings of the liberal anti communism that would follow World War II A book for students and scholars of the intersection of politics and culture The Long War offers a new informed perspective on the intellectual maneuvers of the American left of the 1930s and leads to a reinterpretation of the time and its complex legacy

*Trotsky and the Problem of Soviet Bureaucracy* Thomas M. Twiss, 2014-05-08 During the twentieth century the problem of post revolutionary bureaucracy emerged as the most pressing theoretical and political concern confronting Marxism No one contributed more to the discussion of this question than Leon Trotsky In *Trotsky and the Problem of Soviet Bureaucracy* Thomas M Twiss traces the development of Trotsky s thinking on this issue from the first years after the Bolshevik Revolution through the Moscow Trials of the 1930s Throughout he examines how Trotsky s perception of events influenced his theoretical understanding of the problem and how Trotsky s theory reciprocally shaped his analysis of political developments Additionally Twiss notes both strengths and weaknesses of Trotsky s theoretical perspective at each stage in its development

*Trotskyism in the United States* Paul Le Blanc, Alan Wald, George Breitman, 2016-12-01 In the new edition of this definitive work on the history of the revolutionary socialist current in the United States that came to be identified as American Trotskyism Paul Le Blanc offers fresh reflections on this history for scholars and activists in the twenty first century Includes a preface written especially for the new edition of this distinctive work Paul Le Blanc is a professor of History at La Roche College and author of Choice Award winning book *A Freedom Budget for All Americans*

*International Trotskyism, 1929-1985* Robert Jackson Alexander, 1991 In a work of encyclopedic scope *International Trotskyism 1929 1985* is sure to become the definitive reference work on a movement that has had a significant impact on the political culture of countries in every part of the world for more than half a century Renowned scholar Robert J Alexander has amassed from disparate sources an unprecedented amount of primary and secondary material to provide a documentary history of the origins development and nature of the Trotskyist movement around the world Drawing on interviews and correspondence with Trotskyists newspaper reports and pamphlets historical writings including the annotated writings of Trotsky in both English and French historical memoirs of Trotskyist leaders and documents of the Fourth International Alexander recounts the history of the movement since Trotsky s exile from the Soviet Union in 1929 Organized alphabetically in a double column country by country format this book charts the formation and growth of Trotskyism in more than sixty five countries

providing biographic information about its most influential leaders detailed accounts of Trotsky's personal involvement in the development of the movement in each country and thorough reports of its various factions and splits Multiple chapters are reserved for countries where the movement was more active or fully developed and various chapters are organized around crucial thematic issues such as the Fourth International The chapters are followed by extensive name organization publication and subject indexes which provide optimal access to the wealth of information contained in the main body of the work

*The History of American Trotskyism* James Patrick Cannon, 1995 Trotskyism is not a new movement a new doctrine Cannon says but the restoration the revival of genuine Marxism as it was expounded and practiced in the Russian revolution and in the early days of the Communist International In this series of twelve talks given in 1942 James P Cannon recounts an important chapter in the efforts to build a proletarian party in the United States

**Encyclopedia of American Social Movements** Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women's equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

**Industry, State, and Society in Stalin's Russia, 1926-1934** David R. Shearer, 2018-09-05 In his reexamination of the origins of the Stalinist state during the formative period of rapid industrialization in the late 1920s and early 1930s David R Shearer argues that a centralized state controlled economic system was the consciously conceived political creation of Stalinist leaders rather than the inevitable by product of socialist industrialization Focusing on the different economic and bureaucratic cultures within the industrial system Shearer reconstructs the debates in 1928 and 1929 over administrative financial and commercial reform He uses information from recently opened archives to show that attempts by the state's trading organizations to create a commercial economy enjoyed wide support offering a model that combined planning and rapid industrialization with social democracy and economic prosperity In an effort to crush the syndicate movement and establish tight political control over the economy Stalinist leaders intervened with a program of radical reforms Shearer demonstrates that professional engineers planners and industrial administrators in many cases actively supported the creation of a powerful industrial state unhampered by domestic social and economic constraints The paradoxical result Shearer shows was a loss of control The overly centralized system that emerged during the first Five Year Plan was rendered incoherent by periodic economic crises and the continuing influence of partially suppressed social and market forces

*History for the IB Diploma: Origins and Development of Authoritarian and Single Party States* Allan Todd, Sally Waller, 2011-05-19 An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus This coursebook covers Paper 2 Topic 3 Origins and development of authoritarian and single party states in the 20th Century World History syllabus for the IB History programme It is divided into thematic sections following the IB syllabus structure and is written in clear accessible English It covers the following areas for detailed study Americas Cuba Castro Asia and Oceania China Mao and Europe and Middle East Germany Hitler

USSR Stalin Tailored to the requirements and assessment objectives of the syllabus this new coursebook provides opportunities for students to make comparisons between different regions and time periods

**Class Struggle and the New Deal** Rhonda F. Levine,1988 In this reassessment of New Deal policymaking Rhonda Levine argues that the major constraints upon and catalysts for FDR's policies were rooted in class conflict Countering neo Marxist and state centred theories which focus on administrative and bureaucratic structures she contends that too little attention has been paid to the effect of class struggle

**Building the Revolutionary Party** Dave Holmes,1997

Trotsky Ian D. Thatcher,2005-06-27 This new biography provides a full account of Leon Trotsky's political life based upon a wealth of primary sources including previously unpublished material Ian D Thatcher paints a new picture of Trotsky's standing in Russian and world history Key myths about Trotsky's heroic work as a revolutionary especially in Russia's first revolution of 1905 and the Russian Civil War are thrown into question Although Trotsky had a limited understanding of crucial contemporary events such as Hitler's rise to power he was an important thinker and politician not least as a trenchant critic of Stalin's version of communism

**A History of Marxian Economics, Volume I** Michael Charles Howard,John Edward King,2014-07-14 The first volume of this critical history covers the social political and theoretical forces behind the development of Marxian economics from Marx's death in 1883 until 1929 the year marking the onset of Stalin's revolution from above which subsequently transformed the Soviet Union into a modern superpower During these years Marxists in both Russia and Germany found their economic ideas inextricably linked with practical political problems and treated theory as a guide to action This book systematically examines the important theoretical literature of the period including insightful works by political functionaries outside academia journalists party organizers underground activists and teachers in the labor movement presented here as the primary forgers of Marxian economic thought Beginning with Engels's writings this book analyzes the work of leading Marxist economists in the Second International then concludes with a review of the intellectual movements within the Marxian political economy during the 1920s A second volume treating the period from 1929 to the present will follow Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Communism. Selections from Marx, Engels, Kropotkin, Lenin, Stalin, Trotsky** Karl Marx,Friedrich Engels,Peter Kropotkin,Vladimir Lenin,Joseph Stalin,Leon Trotsky,2025-03-26 Communism is a left wing to far left sociopolitical philosophical and economic ideology within the socialist movement whose goal is the establishment of a communist society a socioeconomic order centered around common ownership of the means of production distribution and exchange that allocates products to everyone in the society Communist society also involves the absence of private property

social classes money and the state Communists often seek a voluntary state of self governance but disagree on the means to this end This reflects a distinction between a more libertarian approach of communization revolutionary spontaneity and workers self management and a more vanguardist or Communist party driven approach through the development of a constitutional socialist state followed by the withering away of the state As one of the main ideologies on the political spectrum communism is placed on the left wing alongside socialism and communist parties and movements have been described as radical left or far left Contents Karl Marx Manifesto of the Communist Party The Class Struggles in France The Eighteenth Brumaire of Louis Bonaparte Friedrich Engels Socialism Utopian and Scientific Peter Kropotkin The Conquest of Bread Mutual Aid A Factor in Evolution Vladimir Lenin State and Revolution What Is to Be Done Imperialism the Highest Stage of Capitalism Joseph Stalin The Foundations of Leninism Anarchism or Socialism Marxism and the National Question Organization of a Russian Federal Republic The October Revolution and the National Question Dialectical and Historical Materialism Marxism and Problems of Linguistics Leon Trotsky History of the Russian Revolution My Life The Revolution Betrayed Our Revolution Essays on Working Class and International Revolution 1904 1917 Dictatorship vs Democracy From October to Brest Litovsk Lenin Results and Prospects The Permanent Revolution Literature and Revolution The Bolsheviks and World Peace

Conversations with Trotsky Bruce Nesbitt, 2017-05-09 This collection presents all of Earle Birney's known published and unpublished writings on Trotsky and Trotskyism for the very first time It includes their correspondence as well as a selection of Birney's letters and literary writings Before he became one of Canada's most influential and popular twentieth century poets Earle Birney lived a double life To his students and colleagues he was an engaging university lecturer and scholar But for seven years from 1933 to 1940 the great Russian revolutionary Leon Trotsky was the focus of his writing and much of his life During his years as a Trotskyist in Canada the United States and England Birney wrote extensively about Trotsky corresponded with him organized Trotskyist cells in two countries and recruited on behalf of Trotskyism he also lectured on Trotsky and interviewed him over the course of several days One of his two novels is based on some of these activities The collection traces the origins of Trotsky's mistrust of the British to his experiences in Canada shows Birney's influence on a major shift in Trotsky's policy of entristm in British politics includes the largest body of Trotskyist criticism in Canadian literary history and demonstrates the need for a radical re-reading of Birney's poetry in light of his Trotskyism
