Reflections of a Reluctant Retiree Richard G. Riedel,2022-03-15 After retirement with time on my hands I decided to sit down and put in print the thoughts that came my way from one reading and another Then I ran into some heart surgery five bypasses and the question Why Why did this happen to me So after that life saving experience in those days when I seemed to be living beyond when I should have perhaps died I took what I have learned in the past and reflected in that history on what I read in the present hoping that I can speak to someone in a future time about a future time about all the possibilities that stand before them as they stood before me Then it will be their turn or maybe your turn to reflect on your life and perhaps share some words with others about their future *A True Relation of the Life and Death of the Right Reverend Father in God William Bedel, Lord Bisop of Kilmore in Ireland* Thomas Wharton Jones,2024-09-02 Reprint of the original first published in 1872

Esoteric Christianity - The Search for the True Knowledge Annie Besant,2020-12-17 The object of this book is to suggest certain lines of thought as to the deep truths underlying Christianity truths generally overlooked and only too often denied The generous wish to share with all what is precious to spread broadcast priceless truths to shut out none from the illumination of true knowledge has resulted in a zeal without discretion that has vulgarised Christianity and has presented its teachings in a form that often repels the heart and alienates the intellect Contents The Hidden Side of Religions The Hidden Side of Christianity The Historical Jesus The Mythic Christ The Mystic Christ The Atonement Resurrection and Ascension The Trinity Prayer The Forgiveness of Sins Sacraments Revelation

Daddy, Is That Story True, or Were You Just Preaching? Rev. James W. Moore,2012-05-01 Popular author James W Moore recalls how several years ago while delivering the sermon at his church one Sunday morning he had told a moving story about a boy and his dog The author s then five year old son Jeff was fascinated by the story but feeling a bit uncertain about some of the details of it during the family s car ride home from church Jeff asked his father Daddy is that story true or were you just preaching Highly amused by Jeff s question Jim Moore went on to explain to his young son that there are two kinds of stories TRUE stories stories that happened factually in history and TRUTH stories stories like Jesus parables which are shared to underscore a dramatic truth in life The several short chapters and stories in this book are designed to highlight such life truths with chapter titles such as Go out Singing Roadblocks Should I Forgive One Step at a Time Who s in Control Here What Can One Person Do Tell Me Please How to Be Happy Why not You Keep on Keeping On Jesus The Message and the Messenger The Importance of Uniqueness and others This book contains a discussion guide

The late antique and early medieval Mediterranean was characterized by wide ranging cultural and linguistic diversity Yet under the influence of Christianity communities in the Mediterranean world were bound together by common concepts of good rulership which were also shaped by Greco Roman Persian Caucasian and other traditions This collection of essays examines ideas of good Christian rulership and the debates surrounding them in diverse cultures and linguistic communities It grants special attention to communities on the periphery such as the Caucasus and Nubia and some essays examine non Christian concepts of good rulership to offer a comparative perspective As a whole the studies in this volume reveal not only the entanglement and affinity of communities around the Mediterranean but also areas of conflict among Christians and between Christians and other cultural traditions By gathering various specialized studies on the overarching question of good rulership this volume highlights the possibilities of placing research on classical antiquity and early medieval Europe into conversation with the study of eastern Christianity

The Gospel of John Frederick Dale Bruner,2012-02-22 The author of a much loved two volume Matthew commentary 1990 that he greatly revised and expanded fourteen years later Frederick Dale Bruner now offers The Gospel of John A Commentary more rich fruit of his lifetime of study and teaching Rather than relying primarily on recent scholarship Bruner honors and draws from the church s major John commentators throughout history including Augustine Chrysostom Aquinas Luther Calvin Bultmann Barrett and many more Alongside this historical interpretation is Bruner s own contemporary interpretation which incorporates a lucid translation of the text references to recent scholarship and his pastoral application of the Gospel to present day experience Like Bruner s other work this commentary is rich in biblical insights broadly historical and deeply theological Here is what Eugene Peterson said about Bruner s earlier work on Matthew This is the kind of commentary I most want a theological wrestling with Scripture Frederick Dale Bruner grapples with the text not only as a technical exegete although he does that very well but as a church theologian caring passionately about what these words tell us about God and ourselves His Matthew commentary is in the grand traditions of Augustine Calvin and Luther expansive and leisurely loving the text the people in it and the Christians who read it The same could well be said about the present John commentary which promises to be another invaluable resource for pastors teachers and laypeople alike

The System of Doctrines, contained in Divine Relation, Explained and Defended Volume II Samuel Hopkins,2017-06-30 In this second and final volume of the Samuel Hopkins theology series he covers some controversial topics such as what happens to us at death and what will happen when the Lord Jesus returns in the Eschaton Hopkins gives clear evidence and arguments for his position and will reveal to you what God s word says about such topics True Christian religion; containing the universal theology of the New Church, which was foretold by the Lord in Daniel ... vii. 13, 14, and in the Apocalypse, ... xxi. 1, 2. Emanuel Swedenborg,1795 *The True Christian Religion ... Eighth Edition* Emanuel Swedenborg,1855 *An Apology for the True Christian Divinity, as the Same is Held Forth and Preached by the People Called, in Scorn, Quakers* Robert BARCLAY (the Elder.),1850 *Herald of Gospel Liberty* Elias Smith,1903 *The True Christian Religion ...* Emanuel Swedenborg,1869 **Most Evil Is Done by Good People Who Do Not Know That They Are Not Good** Ferd L. Wagner,2010-05 This book takes the view that Christian truth is the basis for all answers to social issues and that there are not two opposing but equal answers within Christian truth that are equally valid and equally acceptable to God Any so called truth or right that circumvents or undercuts the required sacrifices disciplines and self denial demanded by God in any given social or moral issue ceases to be truth ceases to be right the moment it becomes a force unto itself outside of or independent of the Scripturally required obedience Human history has shown over the millennia that when the letter and spirit of God s laws are not obeyed the truth is abused nations become confused and people are used Many of our political and social issues are rooted in our misplaced belief that tolerance inclusion equal respect for unequal truth and live and let live is the way to greater peace and prosperity They are all wrong Each individual government and nation is judged by their response to Christ The Christian nation or one which ascribes to being one is tasked to set the Christian standard as every nation s point of reference It is the Christian s duty to show that the valid rule of God s law the letter of God s law and the spirit of God s law are superior to any other alternative standard The biggest obstacle to Christianity today is the undisciplined misinformed and unfaithful lifestyles of professing Christians The Church has become so indoctrinated in its aversion to any form of discrimination that it has placed a higher priority on keeping the peace by compromising than by keeping the truth by discriminating By accepting a false peace and rejecting a hard truth that resists compromise it begets neither peace nor truth

neighbor and both ourselves and him should be asked for good from our God as the apostle says Pray for each other to be healed James 5 16

Bernard Bolzano Kamila Veverková, 2022-09-01 This book introduces the ethical philosophical and social legacy of the work of Bernard Bolzano 1781 1848 highlighting the theological element of Bolzano's thought Bolzano influenced several key thinkers primarily Catholic priests such as Vincenc Zahradník Josef Michael Fesl Anton Krombholz František Schneider and their pupils and successors Zahradník co-founded an important professional Czech periodical and created much of modern Czech theological terminology Anton Krombholz became an important representative of Austrian education after 1848 working at the Vienna Ministry of Education Based on her previous comprehensive Czech monograph the author now highlights other new manuscripts from Krombholz's literary legacy She underscores connections between Bolzano's legacy and the reform movement of the Czech Catholic clergy emphasizing that Bolzano's ideas resonated in Czech Catholic modernism in the late nineteenth and early twentieth centuries Notwithstanding the tumultuous national development of Czechs and Germans in nineteenth century Bohemia Bolzano's conception of a peaceful coexistence between the two nationalities in Bohemia very favorably contributed to the preservation of the unity of the Catholic Church during such ethnically complex times The author's theological conception draws upon the works of Jan Milč Lochman 1922 2004 who in addition to writing on contemporary ecumenical themes also dealt with the spiritual legacy of the Czech National Revival

The Common Good and Christian Ethics David Hollenbach, 2002-08 The Common Good and Christian Ethics rethinks the ancient tradition of the common good in a way that addresses contemporary social divisions both urban and global David Hollenbach draws on social analysis moral philosophy and theological ethics to chart new directions in both urban life and global society He argues that the division between the middle class and the poor in major cities and the challenges of globalisation require a new commitment to the common good and that both believers and secular people must move towards new forms of solidarity
