Geography And Strategy:

Geopolitics, Geography and Strategy Colin S. Gray, Geoffrey Sloan, 2014-01-14 Geopolitical conditions influence all strategic behaviour even when cooperation among different kinds of military power is expected as the norm action has to be planned and executed in specific physical environments The geographical world cannot be avoided and it happens to be organized into land sea air and space and possibly the electromagnetic spectrum including cyberspace Although the meaning of geography for strategy is a perpetual historical theme explicit theory on the subject is only one hundred years old Ideas about the implication of geographical especially spatial relationships for political power which is to say geopolitics flourished early in the twentieth century Divided into theory and practice sections this volume covers the big names such as Mackinder Mahan and Haushofer as well as looking back at the vital influence of weather and geography on naval power in the long age of sail sixteenth to nineteenth centuries It also looks forward to the consequences of the revival of geopolitics in post Soviet Russia and the new space based field of astropolitics *Special Issue on Geopolitics, Geography and Strategy*, 1999

Geography and Strategy Joel A. C. Baum, Olav Sorenson, 2003 As we move into the 21st century the world seems a smaller place transportation costs continue to fall fiber optic networks speed information around the planet and corporations operate on a global scale One might reasonably ask whether location really matters anymore Despite these trends perhaps because of them the last few years have witnessed a rapid rise in interest in place and space across the social sciences While the importance of distance declines strategic interest in location appears greater than ever This volume draws together researchers from a variety of disciplines economics geography marketing organizational behavior sociology and urban planning working at the forefront of this wave to explore some of the important ways in which location matters for firms in the 21st century **Military Globalization** Max Ostrovsky, 2018-01-31 The book describes the military aspect of globalization including the increase of range within which military power has been projected the growing extensity and intensity of military relations among political units of the world political developments related to military globalization etc
