The nationwide festivities prompted ambiguous reactions and contradictory responses, since they officially proclaimed to celebrate what it means to be Canadian. Drawing on the analytical perspectives of Diversity Studies, this fifth volume of the Diversity Diversit Diversit t series explores the repercussions of Canada 150's focus on identity. The contributions touch upon issues of Canada's French and English dualism, of its settler colonial past and present, and the role of Indigenous Peoples in Canada's identity narrative, of Canada's religious, cultural, ethnic, and racial diversity, and of the challenge of forging a Canadian identity. The authors analyze these and other problems arising from the tensions between identity and diversity by empirically addressing topics such as multicultural memories, Canadian literary and political discourses, M'tis history, Canada's Indigenous peoples, Canada's official federal discourse on language and culture, and Canada's evolving citizenship regimes.
