Genesis Unbound John Sailhamer,1996 **Genesis Unbound** John Sailhamer,1996 No matter what your position or background you will be challenged to test your understanding of the Bible s critical opening sentences and reexamine your beliefs about the creation of the world through *Genesis Unbound* **Creation Out of Nothing** Paul Copan,William Lane Craig,2004-06 Addresses the biblical philosophical and scientific bases for the doctrine of creation out of nothing while countering contemporary trends that are assailing this doctrine *Resurrection and Spirit* Brian W. Lidbeck,2020-11-09 The preachers in Acts are Spirit filled people who have one message to proclaim the resurrection of the Lord Jesus The themes of resurrection and Spirit converge at Pentecost when Peter boldly announces that the risen Christ has poured out the Holy Spirit A new stage in redemptive history has arrived but is it entirely new As it turns out the concept of resurrection is not new at all it goes back much farther than many people realize and has its roots in the Pentateuch At the same time the Holy Spirit has advanced God s agenda from the very beginning When these two eschatological themes meet on the lips of Peter at Pentecost thousands suddenly realize who Jesus is They acknowledge Luke s central teaching Jesus is Lord and Christ Resurrection and Spirit traces these two Lukan themes from the Pentateuch to Luke Acts and invites the reader to discover a new depth of appreciation for Jesus the Lord and Christ Insurgence Frank Viola,2018-06-05 Why does the allegiance that radical terrorists give to their false cause exceed the allegiance that most Christians today give to Jesus Christ In *Insurgence* bestselling author Frank Viola presents a radical proposal for Christians Namely that we have lost the explosive earthshaking gospel of the kingdom that Jesus Paul and the other apostles preached Viola argues that we ve lost this dynamic titanic living gospel and exchanged it for a gospel of religious duty or permissiveness and easy believism In today s politically charged era Christians on the progressive left as well as the conservative right both equate their particular viewpoints with the kingdom of God Viola challenges and dismantles these perspectives offering a fresh and revolutionary look at the gospel of the kingdom Viola writes with gripping power challenging Christians to embrace an unparalleled allegiance to Jesus Christ and his kingdom This high octane message is being reclaimed today launching a spiritual resurgence 灵恩运动 灵恩派,2000-09-01 **From Noah to Israel** Carol M. Kaminski,2005-01-01 The primeval blessing Be fruitful and multiply and fill the earth first announced to humankind in Genesis 1 28 is renewed to Noah and his sons after the flood in Genesis 9 1 There is widespread scholarly consensus that the ensuing dispersion in Genesis 10 1 32 and 11 1 9 is the means by which the creation blessing is fulfilled Kaminski argues that the primeval blessing is not fulfilled in the Table of Nations and that Yahweh s scattering Noah s descendants in the Babel story does not contribute positively to the creation theme Rather the creation blessing is being taken up in the primary line of Shem Genesis 11 10 26 which leads directly to Abraham She further suggests that divine grace is not absent after the Babel judgment as is commonly assumed but is at work in the Shemite genealogy She argues that the primeval blessing which is unfulfilled in the primeval history is taken up by Abraham and his

descendants by means of a divine promise While the blessing is in the process of being realised in the patriarchal narratives it is not fulfilled The multiplication theme is resumed however in Exodus 1 7 which describes Israel s proliferation in Egypt This is the first indication that the creation blessing is fulfilled Realisation of the primaeval blessing progresses after the flood therefore from Noah to Israel Yet God s blessing on Israel is not for their sake alone it is the means through which the divine intention for creation will be restored to the world JSOTS413 **Ancient World: Reader, 5th ed. , 40**

Questions About Creation and Evolution Kenneth D. Keathley, Mark F. Rooker ,2014-10-10 Biblically and scientifically informed answers to pressing questions about the creation evolution debate This accessible volume evenly addresses the issues of modern science and the scriptural texts The conservative evangelical authors are well informed on contemporary scientific views of the universe and also carefully exegete the biblical texts that pertain to creation They irenically consider the various angles of the debate and make constructive suggestions to reconcile science and the Bible Those who are curious about the origins of life and the universe will want to read this book Seminary students and serious college students will find this information critical as an understanding of creation is vital to an effective apologetic in sharing the faith **A Biblical Theology of Water** Eric R. Waller,2024-05-30 Water It s in nearly every book of the Bible The world was made from water and was flooded by it People were both killed and saved by it Life requires water It was in Eden and will be in the New Jerusalem Moses David and most of the Old Testament prophets spoke about it as did Jesus Peter and John So why has no one yet figured out what all this water talk is about God is revealing something exciting using water as his means of communication In this book nearly all the uses of water throughout the Bible have been examined and organized into common categories The mentions of water have ramifications for other major biblical teachings such as on the work of the Holy Spirit salvation and baptism This work unveils something that has remained hidden to most until now a biblical theology of water *In the Eyes of God* Brian C Howell,2014-07-31 Throughout the Bible divine interaction with humanity is portrayed in almost embarrassingly human terms God sees hears thinks feels runs rides chariots laughs wields weapons gives birth and even repents Many of these descriptions taken at face value seem to run afoul of classical thought about God s qualities of divine simplicity transcendence omniscience omnipotence omnipresence and especially immutability Traditionally such representations have been seen as accommodations to human intellectual and moral limitations They allowed God to be more comprehensible but did not actually describe any real part of His character being or interaction with humanity References to God seeing or hearing for example are not deemed to represent real acts as God is all knowing This view is largely based on the Aristotelian conception of metaphors they are rhetorical devices and should not be taken literally Since the 1970s our understanding of the ways in which metaphors convey meaning has become much more sophisticated We are better able to unlock the function of human acts of God within the Bible This book aims to explore the biblical metaphor of divine sight in Genesis and how current conceptions of metaphorical function can enrich our reading of the text

and its theology The New Mormon Challenge Zondervan,2010-12-21 Current facts about Mormonism Over 11 million members Over 60 000 full time missionaries more than any other single missionary sending organization in the world More than 310 000 converts annually As many as eighty percent of converts come from Protestant backgrounds In Mormon circles the saying is We baptize a Baptist church every week Within fifteen years the numbers of missionaries and converts will roughly double Within eighty years with adherents exceeding 267 million Mormonism could become the first world religion to arise since Islam You may know the statistics What you probably don t know are the advances the Church of Jesus Christ of Latter day Saints LDS is making in apologetics and academic respectability With superb training Mormon scholars outclass many of their opponents Arguments against Mormon claims are increasingly refuted as outdated misinformed or poorly argued The New Mormon Challenge is a response to the burgeoning challenge of scholarly Mormon apologetics Written by a team of respected Christian scholars it is free of caricature sensationalism and diatribe The respectful tone and responsible rigorous yet readable scholarship set this book in a class of its own It offers freshly researched and well documented rebuttals of Mormon truth claims Most of the chapter topics have never been addressed and the criticisms and arguments are almost entirely new But The New Mormon Challenge does not merely challenge Mormon beliefs it offers the LDS Church and her members ways to move forward The New Mormon Challenge will help you understand the intellectual appeal of Mormonism and it will reveal many of the fundamental weaknesses of the Mormon worldview Whether you are sharing the gospel with Mormons or are investigating Mormonism for yourself this book will help you accurately understand Mormonism and see the superiority of the historic Christian faith Outstanding scholarship and sound methodology make this an ideal textbook The biblical historical scientific philosophical and theological discussions are fascinating and will appeal to Christians and Mormons alike Exemplifying Christian scholarship at its best The New Mormon Challenge pioneers a new genre of literature on Mormonism The Editors Francis J Beckwith Carl Mosser and Paul Owen are respected authorities on the Church of Jesus Christ of Latter day Saints and the authors of various books and significant articles on Mormonism With contributors including such respected scholars as Craig L Blomberg William Lane Craig J P Moreland and others The New Mormon Challenge is as Richard Mouw states in his foreword an important event for both Protestant evangelicals and Mormons that models to the evangelical community what it is like to engage in respectful and meaningful exploration of a viewpoint with which we disagree on key points **The Imago Dei** John T. Swann,2017-07-07 The creation of humankind in the Image of God is perhaps the most foundational tenet of theological anthropology yet it is rarely understood in the fullness of what it represents Too often focus is placed on the divine image as a condition A study of the Scriptures suggests that it is better understood not as a condition but rather as a commission of humanity to a role specifically a priestly role This book delves into the recognition that the Image of God is nothing less than a divine commission over all of humanity to serve as priests within the temple of creation It examines not only the creation of humankind as a priesthood in the opening chapters

of Genesis but also the echoes of this anthropological interpretation throughout the Scriptures and the resulting ramifications for future biblical and theological studies **NIV, God's Word for Gardeners, eBook** Shelley

Cramm, 2014-03-25 God will meet you personally in your garden and in his Throughout the Scriptures God has revealed spiritual truth in the language of growing things This Bible will take you into a deeper relationship with God through the contemplation of soil and soul The NIV God's Word for Gardeners Bible will inspire you to seek God in a personal way through informative essays devotional readings and prayers that explore the nature of the gardener's work the rewards of gardening the influence of seasons and weather and the joy of the harvest In this Bible you will also find botanical themed pages containing horticultural information for the prominent plants noted in Scripture and landscape themed pages highlighting the main gardens and regions in which the events in the Bible took place Draw near to the One whose garden is planted with delight in you Features 260 daily devotions and 52 weekend readings arranged in weekly themes and placed near relevant passages in the text to explore the biblical metaphors of gardens and gardening Topical Index for 52 weeks Special sections on the Garden of Eden the garden of Gethsemane and Jesus the Vine **The Explicit Gospel** Matt

Chandler, 2014-06-30 You know you know it But then again maybe you don't Even if you go to church it doesn't mean that you are being exposed or exposing others to the gospel explicitly Sure most people talk about Jesus and about being good and avoiding bad but the gospel message simply isn't there at least not in its specificity and its fullness Inspired by the needs of both the over-churched and the unchurched and bolstered by the common neglect of the explicit gospel within Christianity popular pastor Matt Chandler writes this best-selling treatise to remind us what is of first and utmost importance the gospel

Science and Faith? C. John Collins, 2003-10-15 Many believers worry that science undermines the Christian faith Instead of fearing scientific discovery Jack Collins believes that Christians should delight in the natural world and study it God's truth will stand against any challenge and will enrich the very scientific studies that we fear Collins first defines faith and science shows their relation and explains what claims each has concerning truth Then he applies the biblical teaching on creation to the topics of conflict between faith and science including the age of the earth evolution and miracles He considers what it means to live in a created world This book is for anyone looking for a Christian engagement with science without technical jargon

Justification as the Speech of the Spirit Jeffrey K. Anderson, 2021-08-10 In the past few decades there have been an increasing number of authors and movements that reject the classic Protestant understanding of justification e.g. the New Perspective on Paul Auburn Avenue Theology the Renewal Movement etc While the various proposals differ in many respects they are generally united in their rejection of justification as a legal declaration made by the Father about the believer based on the work of the Son In particular among renewal Pentecostal Charismatic authors there have been several attempts to redefine justification insisting that it is an umbrella term incorporating numerous redemptive ideas rather than a declaration of the believer's righteousness These attempts are in part rooted in the absence of any overt pneumatology in the doctrine's

typical formulation One need only read the above sentences to see that there is no mention of the Holy Spirit This book addresses these and other concerns especially by renewal authors and demonstrate that the doctrine is in fact pneumatologically informed albeit latently rather than blatantly As a result there is no need to redefine the theology of the Reformers and their successors

The Wonder of the Cross Richard A. Shenk, 2013-05-08 When considering and confronting the problem of evil we may be asking the wrong question Why is there evil in the world if God is good and powerful It may be wrong because it smuggles in an unbiblical premise God can and should use his coercive power to relieve suffering since he is both good and able But what if coercive power does not work to accomplish God's goals This book is an investigation into the possibility that the noncoercive power of the Cross must be at the center of this issue and that the Cross could reform this question We could ask instead How is God destroying evil and suffering and why is he taking so long The answer to this reframed question might be He is using evil and suffering to destroy evil and suffering for His People this is how long it takes While not a solution to the problem of evil could this help us learn to delight in God in a world in which evil and suffering seem at times so relentless

Echoes of Coinherence W. Ross Hastings, 2017-07-28 This book re imagines the universe and the scientific study of it through the lens of a triune Creator three persons of irreducible identity in a perichoretic or coinherent communion It modestly proposes that Trinitarian theology and especially the coinherent natures of the Son in the incarnation provides the metaphysic or theory of everything that manifests itself in the subject matter of science The presence of the image of the triune God in humanity and of traces of this God in the non human creation are discussed highlighting ontological resonances between God and creation resonances between the being of God and his creation such as goodness immensity yet particularity intelligibility agency relationality and beauty This Trinitarian reality suggests there should be a similarity also with respect to how we know in theology and science critical realism something reflected in the history of ideas in each These resonances lead to the conclusion that the disciplines of theology and science are in fact coinherent not conflicted This involves recognition of both the mutuality of these vocations and also importantly their particularity Science its own distinct guild yet finds its place ensconced within an encyclopedic theology and subject to first order credal theology

And There Was Light Thomas C. Weedon, 2018-05-03 What if a dear friend or relative told you that they cannot believe the Bible because it is teaching ideas contrary to common sense and proven science Sharing the gospel with another person can be hard enough but when the subject of creation comes up in the discussion communication often suffers and the gospel message can be lost In *And There Was Light* author Thomas C Weedon shows that there is no conflict between what the Bible affirms and proven science concerning the age of the universe A careful examination of Genesis finds that scripture does not provide all the details of creation that some assume when they declare that everything was created six thousand years ago The universe and all that is in it is the work of God and the Bible is the Word of God It is not logical for the works of God to be a contradiction to the Word of God Someday our children who have been raised in the

church will leave home and move on in society and when they see the evidence and learn the truth concerning the true age of the universe will they question the Holy Scriptures and possibly leave the faith This does not need to happen and the first step is truly discovering what the scriptures actually say about creation and understanding these works and words in context
