**Photoperiod** B. S. Vergara,T. T. Chang,1985 *Journal of Agricultural Research* ,1941 **A Special Report on Gene Therapy** K. K. Jain,Kewal K. Jain,2000-04-14 This special report on Gene Therapy Companies by K K Jain provides an up to date overview of the gene therapy industry It contains a wealth of very practical information on 105 companies For each company information is available on the people to contact their contact details a corporate history the company s technologies and products financial data patents held products in clinical trials collaborations with other companies and selected publications from the company s scientists Almost 200 companies were initially considered for inclusion but just over 100 companies were finally selected as they fulfilled the necessary criteria to be classified as a Gene Therapy Company

defined broadly to include cell therapy companies Not all of the companies devote their activity exclusively to gene therapy but they have sufficient relevance to be included As part of this project new companies were discovered that have not been reported in other publications or on the internet Dr Jain has spared no effort to ensure that the information is up to date and accurate at the time of publishing In most instances the information was reviewed by the companies to correct any outdated information or to add any complementary or recent information In addition to the detailed descriptions of each company the data is also presented in summary tabular form so that at a glance the reader can identify collaborations within the gene therapy industry or determine which companies are pursuing strategies involving viral non viral or other approaches to gene therapy and which diseases are being targetted Given that much of the gene therapy research and development is currently being carried out within the industrial sector it is important for scientists managers and investors to have the relevant information at their fingertips This special report provides that information in one accurate easy to consult and up to date source
