## **Geographical Essays In Honour Of K C Edwards:**

**Special Issue in Honour of K.C. Edwards** , *Geographical Essays in Honour of K. C. Edwards* Richard Horsley Osborne, F. A. Barnes, John Charles Doornkamp, 1970

**The Historical Geography of Scotland Since 1707** David Turnock, 2005-08-04 This is the first book to take a comprehensive view of the historical geography of Scotland since the Union. The period is divided into sections separated by the Napoleonic Wars and the First World War and each section offers a general view followed by detailed studies giving a balanced coverage of regional and urban rural criteria and the economic infrastructure. The book contains a number of original researches and Dr Turnock attempts to set the Scottish experience in a framework of general ideas on modernisation.

*Geography, Power, Strategy and Defence Policy* Desmond Ball, Sheryn Lee, 2016-05-18 Paul Dibb AM has had an extraordinary career. He enjoys an international scholarly reputation of the highest order while at the same time he has done much distinguished public service. He was a pioneer in moving back and forth between posts in government departments notably the Department of Defence and academia. He began as a student of Soviet economic geography and then spent nearly two decades in Australian Defence intelligence including service as Head of the National Assessments Staff NAS in the Joint Intelligence Organisation JIO from 1974 to 1978, Deputy Director of JIO in 1978-80, Director of JIO in 1986-88 and Deputy Secretary of Defence Strategy and Intelligence in 1988-91 before becoming a Professor in the Strategic and Defence Studies Centre SDSC at The Australian National University where he is now an Emeritus Professor. He has been quite happy to engage in vigorous public debate about important and controversial strategic and defence issues giving him a high public profile. The contributors include two former Chancellors of ANU, one a former Minister of Defence and the other a former Secretary of the Department of Defence, a former Chief of the Defence Force CDF and other former senior officials as well as academic specialists in geography, international relations and strategic and defence studies. This would be a high quality set of essays for any edited volume but for a festschrift a genre that sometimes generates uneven collections, this is an exceptional assembly. The individual pieces are very good, together they have coherence and power.

Professor Ian Hall, Professor of International Relations, Griffith University
