Introduction Frank Dobbin, Joel A. C. Baum, 2014 Why do firms do what they do Why does one cut prices while its neighbor buys out competitors Why does one diversify into new industries while its neighbor spins off subsidiaries to focus on its core competence Why do some strategies rise while others fall These are central concerns of both strategic management theorists and economic sociologists We bring the two fields together to discuss their approaches to these questions with the goal of encouraging dialogue and cross fertilization Each field provides a snapshot of firm behavior from a particular vantage point When these snapshots are integrated something closer to a three dimensional view of the firm appears
