Economies and Societies in Latin America Peter R. Odell, David A. Preston, 1973 *Economies and Societies in Latin America* Peter R. Odell, David Anthony Preston, 1975 [Economies and Societies in Latin America](#) Peter R. Odell, David A. Preston, 1981 **Economies and societies in Latin America** Peter R. Odell, David A. Preston, 1973 *Economies and Societies in Latin America* Peter R. Odell, David Anthony Preston, 1975 [Economics and Societies in Latin America](#) Peter R. Odell, 1978 **Industrialization and Urbanization in Latin America** Robert Gwynne, 2017-10-30 Originally published in 1985 *Industrialization and Urbanization in Latin America* focuses on the process of industrialisation in Latin America The book links together the distinctive process of industrialisation to wider issues of urban and regional development in Latin America The book looks in detail at the process of industrialisation in Latin America and the spatial ramifications in Latin American industrialisation it argues that industrial growth and its geographical distribution is a principal cause of increasing disparities in income between regions within Latin American countries This book will appeal to academics working in the field of urbanization and geography **The Geography of Central America and Mexico** Thomas A. Rumney, 2013-04-04 Connecting the massive landscapes of North and South America are Mexico and Central America An area of fascination and study for geographers and scholars from around the world for millennia these lands and people have played important roles in the discoveries and distributions of civilizations resources and nations These regions have stimulated a large amount of research and publications across the sub disciplines of geography *The Geography of Central America and Mexico A Scholarly Guide and Bibliography* by Thomas A Rumney collects organizes and presents as many of these publications as possible to encourage efforts in the teaching study and continuing scholarship of the geography of this area which includes Mexico Belize Guatemala Honduras El Salvador Nicaragua Costa Rica and Panama Beginning with the region as a whole each chapter that follows one per nation is divided by the specific sub disciplines of geography cultural social economic historical physical and environmental political and urban Each section is further divided by document type atlases books book chapters articles from scholarly journals master s theses and doctoral dissertations Although the majority of entries recorded focus on English language works selected entries written in Spanish as well as French German and other languages are included with entries titles translated into English and noted accordingly **A Select Bibliography On Economic Development** John P. Powelson, 2019-05-20 This bibliography of more than 2 000 titles contains both books and journal articles primarily those published since 1970 Most of the entries are annotated The material is classified according to forty eight categories and there is also a list of relevant titles for each major country in Africa Asia and Latin America **American History from a Global Perspective** David Russo, 2000-03-30 This study is the first interpretive text for the study of American exceptionalism and the first overall assessment of geographic political economic social and cultural aspects of the American past written from a global perspective Russo argues that life in the United States

can be better understood if it is examined from either a wider perspective the English speaking world the Western Hemisphere Western Civilization or a narrower perspective regional and local variations Even when the Americans were innovative in their multi ethnic and multi racial society in their egalitarian social beliefs in their political democracy their innovations were soon copied by others Therefore Russo argues they are no longer distinctly American Using nations as the basis for fields of study can both reveal and distort the historical record When one considers different perspectives America's uniqueness recedes in importance American culture was a variant of a wider Western culture The American economy was an extension of Western capitalism whether agrarian commercial or industrial American society was a Western society with racial castes and multi ethnic additions to the population American government functioned like other Western governments even with innovative forms Republican then democratic The American past is thus seen to be far less distinctive than previous syntheses have assumed

The United States and the Andean Republics Fredrick B. Pike, 1977 Monograph on the role of USA in the present and historical political development of the Andean region treats the rise of corporativism ie The protection of traditional culture and social structure from negative outside capitalistic influences in Peru Bolivia and Ecuador and discusses the effects of race and religion Marxism elites and the CIAP on the formation of political ideology
