Economies Of The Eastern Mediterranean Region Economic Miracles In The Making:

Economies Of The Eastern Mediterranean Region: Economic Miracles In The Making Leo-paul Dana,2000-11-14 It used to be that international business and the small enterprise sector were almost mutually exclusive Internationalization was generally limited to large corporations while small firms tended to be local Those days are gone Increasing global competition is changing the nature of knowledge necessary for success in commerce Firms will need to seek opportunities beyond familiar turf and traditional markets For that reason this book examines business issues and the environment for enterprise in a variety of contexts around the Middle East The information provided helps entrepreneurs decide where to invest where to focus their expansion efforts and where to be especially cautious Thus this guide written in easy to understand language can help entrepreneurs avoid costly mistakes It is more than a book it is an investment Maritime Disputes in the Eastern Mediterranean Roudi Baroudi,2020-05-31 The ways and means described in this book constitute a road map for responsible members of the international community to work together reduce tensions resolve differences over maritime boundaries peacefully and reap the rewards of a safer stabler and more prosperous world This volume shows that the UN and its associated treaties courts and other institutions have developed a body of laws rules and procedures guiding the way to negotiated peaceful outcomes Mr Baroudi s book also points to rapid advances of science and technology that take much of the guesswork out of boundary delineation making this route more reliable and user friendly than ever before The successful use of these mechanisms would set a useful example for the resolution of boundary disputes in other regions of the world That in turn would restore confidence in the international rules based system and could pave the way for the settling of some of the world s most troubling and dangerous disputes

Women Entrepreneurs In The Middle East: Context, Ecosystems, And Future Perspectives For The Region Dina Modestus Nziku,Leo-paul Dana,Helene Balslev Clausen,Aidin Salamzadeh,2024-04-29 Straddling North Africa and Western Asia the Middle East has been a cradle of civilisation and entrepreneurship well before the arrival of Islam In this region gender roles were traditionally specified by culture with women often expected to stay within the family environment while men would trade in society at large This book contributes to the literature on a highly neglected field of study women entrepreneurs in the Middle East Recognising that entrepreneurship does not take place in a vacuum it focuses on contexts and the ecosystems of this region with largely patriarchal societies that are influenced by culture religion and colonial experience This book provides readers with a topical analysis of women entrepreneurs in the Middle East on the context ecosystems and future perspectives for the region Authors have presented the reality of 11 countries from the region based on women entrepreneurs historical backgrounds challenges and achievements as well as the contribution towards economic development in their local immediate communities and the Middle East at large Following the country analysis by the authors of each chapter the editors provide a general assessment of the future of women entrepreneurs in the region by focusing on the current entrepreneurship policy

and strategies of various countries in the region This volume will be an essential reading for anyone researching or working on projects related to women s entrepreneurship and small businesses in the Middle East *Entrepreneurship in the Balkans* Veland Ramadani,Robert C. Schneider,2013-05-13 This book represents a comprehensive state of the art picture of entrepreneurship and small business management issues in the Balkans region It provides major theoretical and empirical evidence that offers a brighter view of these fields and aims to open up opportunities for greater dialogue in public policy The readers would be able to enhance their knowledge on small businesses and innovation issues in the Balkans An outcome of a long lasting endeavour this book includes contributions of highly reputed authors and experts from the Balkans countries Features forewords by two well known personalities of this field Leo Paul Dana and Alain Fayolle *Asian Models Of Entrepreneurship - From The Indian Union And Nepal To The Japanese Archipelago: Context, Policy And Practice (2nd Edition)* Leo-paul Dana,2014-06-13 In this book Leo Paul Dana makes it clear that much can be learnt about the nature of entrepreneurial activity when we delve into the unique characteristics of different nations of South Asia South east Asia and East Asia Through in depth analyses and comprehensive reviews of many Asian countries the profound differences both among and within countries of the region become vividly apparent Dana juxtaposes the explosion in entrepreneurial growth within China against the struggles to build an entrepreneurial community in Japan or the enlightened public policy leadership in Singapore against the crisis driven developments in Korea The range of factors identified within each of the 15 countries examined by Dana is not an example of random influences on the entrepreneurial process because they can be construed in more systematic and logical ways Thus the book uncovers the Chinese model of gradual transition the Royal Cambodian model and the Doi Moi model among many others The reader is challenged to grasp these different models and identify their commonalities and differences *Family Businesses in Transition Economies* Léo-Paul Dana,Veland Ramadani,2015-03-25 This book presents the reader a comprehensive understanding of the development of family business in transitional economies Throughout eastern Europe post Communist countries transitioning to market based economies are obtaining a variety of results due to diverse policy approaches Expert contributions in this book draw from a wealth of information in this context and include thought provoking policy prescriptions for the future This book concentrates on the challenges to predict the direction emerging markets will take particularly when dealing with the wide ranging social and economic situations taking place in post Communist Eastern Europe This reference volume for policymakers educators investors and researchers also provides a much needed and timely survey of family firms in the transitioning markets of post Communist Europe

Trading Places--SMEs in the Global Economy Lester Lloyd-Reason, Leigh Sear, 2007-01-01 There are 18 contributions in the book all of whom are very highly regarded in the fields of entrepreneurship and international management the book is well researched and edited The book provides an excellent discussion on the importance of SMEs in the global economy Through a number of different case study examples and discussion of various elements of the internationalization process this book provides an outstanding resource for the study of SMEs that operate in the international market Vanessa Ratten Journal of International Entrepreneurship This book is most timely It arrives at a time when globalisation and new technologies present major opportunities and challenges to the role of the independent small and medium sized business in economies The book s strength in dealing with many of the emerging issues is underpinned by a truly international range of contributors with a strong mix of practical as well as academic experience From the preface by Allan Gibb Professor Emeritus Durham University UK Lester Lloyd Reason and Leigh Sear bring together leading researchers and thinkers in this critical guide to the ongoing worldwide research shaping the role played by SMEs within today s global economy The expert contributors contend that the past twenty years have seen an explosion in research into international SMEs resulting in a considerable body of academic literature and thinking This

research they argue may merely serve to increase our lack of understanding in this area and often results in myths and misconceptions upon which SME policies and support programmes have been developed and introduced. They go on to suggest that academic models are often poorly suited to the problems faced by SMEs within the international trading environment. In many instances the contributors find SMEs at the vanguard of the challenge to accepted business practices; it is these challenges that underpin the text. Illustrating that today's SMEs are faced with the critical issue of how to create and maintain a sustainable competitive advantage in light of the increased complexity of international trade and global business linkages, this Handbook will prove invaluable to both academics and practitioners involved in business and management and entrepreneurship.

Entrepreneurship And Smes In The Euro-zone: Towards A Theory Of Symbiotic

Entrepreneurship Leo-paul Dana, 2006-05-30 The European Charter for Small Enterprises recognises that small firms are the backbone of the European economy. Yet books on the topic are few. An author requires courage to cover such a large set of different views, perceptions and realities about entrepreneurship even within the limited area of the Euro zone. Leo Paul Dana, with a track record in researching and writing about entrepreneurship, puts together an ambitious comparison of 12 European countries: an introduction with geographic, demographic and historical overviews; a focus on the economy, entrepreneurship and small business sector; and a view on the future. It serves as a valuable overview of self-employment in the Euro zone as well as a guide to entrepreneurship.

Handbook of Research on European Business and Entrepreneurship Leo Paul Dana, 2008 This book is an important contribution to the field of international entrepreneurship; it provides a comprehensive account of internationalization strategies adopted by SMEs in a wide range of European countries, and by drawing on a number of empirical studies it enriches the theory of SME internationalization with a new theoretical framework that can be useful for understanding the complexity of SME internationalization processes in Europe. Julia Korosteleva, Thunderbird International Business Review. From Andorra to Wales with stops in more than 35 other European countries along the way, this comprehensive collection of articles is required reading for scholars interested in international entrepreneurship. It provides information on how entrepreneurs and their firms go international from virtually every country in Europe. This unique volume permits researchers to compare how the process of entrepreneurial internationalization is affected by differences in culture, location, technology and other influences within Europe. Furthermore, the various authors consider a range of theoretically important issues such as cooperation and trust, venture capital, research and development, learning networks and government policy. This book serves as an essential departure point from which scholars can embark on their study of international entrepreneurship in Europe. Benjamin M Oviatt, Georgia State University, US. This is a timely and interesting book that brings together some of the most insightful contributions on the internationalization of new ventures, with an emphasis on the European experience. Assembling some of the best scholars, the book offers a distinctively European perspective, one that deserves recognition, analysis and discussion. I applaud the editors for doing such a masterful

job in bringing a great group of researchers and ideas together I highly recommend this book for any serious researcher and scholar Shaker A Zahra University of Minnesota US This remarkable book provides valuable contributions on how the process of SMEs internationalization is operating in 37 different European countries Researchers in international entrepreneurship will find new materials for theorization Numerous facets of international business are carefully documented by a great many well known scholars Also given the variety of situations typical of the European small business sector the book may prove to be helpful to small scale entrepreneurs wishing to take steps towards internationalization Overall this coordinate work makes you realize why Europe is so fascinating Jean Jacques Obrecht University Robert Schuman Strasbourg France This unique comparative study of the internationalization of small firms is a milestone in international business research It compares the internationalization strategies of fast growing firms across nearly forty different European countries It shows that the growth trajectories of firms reflect the investing country s geographical location natural resource endowments legal and financial institutions and local culture There are many important new insights to be gained from a careful study of this important new research resource Mark Casson University of Reading UK This unique Handbook illustrates how entrepreneurs across Europe tackle internationalization This timely and important book identifies patterns and builds a theory of international entrepreneurship in Europe The contributors discuss the performances of SMEs on the road to internationalization Each chapter emphasizes how the process of internationalization of SMEs operates the challenges and opportunities that arise due to each country s specific political and economic situation and their subsequent internationalization performance These processes challenges and performances can be understood through theories of international business and entrepreneurship Although at times these theories cannot fully
