Gringo Soup:

Gringo Soup J. B. Aspinall, 2001 As Lisa tour leader with Wanderlust Holidays anticipates supervising the new arrivals on a trip round Mexico she is feeling less than delighted at the prospect Her passengers aren't exactly ecstatic either and not only with the performance of their rep As we discover in the course of witnessing each day from a different perspective those on the trip are less than happy both with their travelling companions and in most cases with the cards life has dealt them In this utterly original debut set against the vibrant backdrop of Mexico J B Aspinall explores with remarkable insight the complexity and pathos of human interaction In doing so he poignantly reminds us that our perceptions of others are an unreliable guide to the frailties and idiosyncracies concealed by their behaviour **Sycorax** J.B. Aspinall, 2014-10-01 A tale of witchcraft and retribution in 14th century Yorkshire is told through the eyes of a penitent monk In the credulous squalor of medieval Yorkshire a peasant girl is accused of being a sorceress The suffering inflicted upon her by male superstition sparks a spectacular and terrifying retort which initiates the legend of Sycorax Many years later the story is recounted by Edmund a flawed monk at Byland Abbey who sets out to write a history of the witch as a penance for lascivious fantasies In the process he uncovers a brutal and eerie tale in which he becomes fatally involved Not just a trip into another epoch and more than just another supernatural thriller this cunning mock translation of the medieval tale of Sycorax reveals that the compulsions and delusions examined are endemic in us all today *The Spaghetti Western* Bert Fridlund, 2014-12-24 The 1960s and 1970s were the heyday of spaghetti westerns low budget films about the early American West mostly filmed in Italy Though sometimes derided as excessively violent imitations of American made westerns they attracted a substantial following that has endured With its classic elements of gunfights gambling heroes sidekicks love and death the genre is now perceived by critics as an intriguing object of study This book analyzes the construction of the stories presented in spaghetti westerns It examines the content of the Italian western using concepts and constructs borrowed from scholars studying pre industrial narratives Plot the constellation of characters their relationship to each other and their motives are studied Films examined in detail include the seminal *A Fistful of Dollars* as well as *Django For a Few Dollars More* and *The Good the Bad and the Ugly* There is also a discussion of the early spaghetti westerns The study then probes the elements of bounty hunters the deprived hero partnerships betrayal and comedy An appendix details the top grossing Italian westerns between 1964 and 1975 including title director lead actor and intake A second appendix provides a list of films quoted by Italian title and then by English title **Disrespected Neighbour(s)** Uwe Zagratzki, 2018-07-27 Neighbourly relations frequently position a self against an Other This is the case for both individuals and nations and indeed within the various cultural groups of a nation Our racial ethnic social or gender identities are often created in demarcating ourselves by stereotyping the Other Disrespect of the immediate neighbour based on stereotypical pre conceptions and cultural biases may lie dormant for a long time and then as shown in recent conflicts around the globe suddenly surface due to changed economic and political conditions Media

including films and fictional as well as non fictional texts feature prominently in producing propagating and maintaining cultural difference and stereotypes in ideologically effective ways This volume analyses representations from various angles as it comprises articles dealing with ethnic groups and neighborhoods from three world areas as well as genres and media instrumental to their respective cultural stereotyping This focus on literary and media representations of the neighborhood Other from miscellaneous cultural environments results in a comprehensive understanding of analogies and differences in the mechanisms of production and perception of stereotypes Addressing the manifold discourses at the heart of stereotyping the familiar Other the book also points to their far reaching repercussions on lived cultural practices **The Gringo's**
