**No Greater Love** A.W. Tozer,2020-01-21 God came in the flesh to show us what love looks like To truly see the dynamics of this love we must take a close look at Jesus s relationships while he was here on earth How he loved then is how he loves now and how he loves now is how we as believers are to love No Greater Love is a study of Jesus s interactions with people throughout the book of John including Nicodemus the woman at the well and even the Pharisees What did this love look like in action especially with those who are hard to love As it turns out he didn t love people because they deserved it he loved them because he is love With the great tragedies in our culture today there is a need for this Jesus love that s available to all believers May this book help you better know his love for you which in the end will lead you to becoming more like him

**Impermanent Footprints** Jill Marcy,2010-05-20 As I leave my time on this earth I know that my footprints on it are silent invisible and impermanent upon its surface My existence is only recorded by those I ve known in my life in their memories of me These too are impermanent and will in time fade and become no more This is the cycle of life I write this book as a personal record of my viewpoints interpretations of what I have viewed and experienced whilst on my earth walk My motivation to write it is like many before me and many more after I am gone To leave a vision in print for others to reference to or use as a signpost towards a path upon which they might like to journey themselves I write this book of reference mainly for my sons for when I am gone they will in time forget my voice of guidance and this book will be a way of keeping my teachings and guidance available for them to tap into if they need once I am no longer here physically I began to write this book in the year 2007 I am now reaching my mid 40 s and am beginning to start my reflective years of living My generation has been given the name of the X generation which is interesting due to the content of my book falling into the X factor However if you ask my sons they would have you believe that I m well into being OLD In history men and women were respected in their elder years as the tribes and cultures of those times valued their wisdom which they contributed to the younger members of the tribe Storytelling was a valued tradition as it was in that time the only way to hand down knowledge so it could continue on through the younger generations In our modern society this tradition is considered barbaric and youth is valued now and society continues to endorse how to stay YOUNG
