Growing Up With Parents Who Have Learning Difficulties:

Growing up with Parents who have Learning Difficulties Tim Booth, Wendy Booth, 2005-08-10 Growing up with Parents who have Learning Difficulties uses a life story approach to present new evidence about how children from such families manage the transition to adulthood and about the longer term outcomes of such an upbringing It offers a view of parental competence as a social attribute rather than an individual skill assessing the implications for institutional policies and practices The authors address the notion of children having to parent their disabled parents and argue for a shift in emphasis from protecting children to supporting families This innovative book provides a fresh approach to a subject rife with prejudice and challenges us to think again about many taken for granted ideas about the process of parenting and the needs of children It also demonstrates the power of narrative research and its capacity for bringing alive people s experience in a way that enables us to better understand their lives

Don't You Get It? Living with Auditory Learning Disabilities Harvey Edell, Jay R. Lucker, Loraine Alderman, 2012-10-03 Auditory Processing Disorder APD affects as many as 5 percent of children It has been called a hidden disability because it is often mistaken for everything from odd behavior and deafness to other disorders such as ADHD or sometimes even autism It is none of those things It is a processing problem considered a learning disability where the child or adult is unable to integrate information that is spoken to them It can be a very debilitating disorder affecting the child in many aspects of life from academics to peer relationships And many children and adults have the disorder and don't even realize Don't You Get It Living With Auditory Learning Disabilities A Guide for Parents and Professionals was written by three experts in the field led by educator and speech language pathologist Dr Jay Lucker along with Dr Loraine Alderman a school psychologist and Harvey Edell a former teacher And all three co authors have APD The book is filled with important information about the disorder but even more so it gives several real life accounts on how APD actually manifests itself The book also addresses the inherited nature of APD through the intergenerational stories by Edell his daughter Alderman and Alderman's teenage son Andrew This is an important book to read if your child often asks What or just doesn't seem to get it And Lucker is one of the most respected sources when it comes to this disorder so you shouldn't pass up any opportunity to read what he has to say Ever realize that you or someone you know does not recognize subtle differences between sounds in words even though the sounds themselves are loud and clear For example the request Tell me how a chair and a couch are alike may sound like Tell me how a hair and a cow are alike Or how the constant low tapping or clicking noise can drown out the hearing of a louder conversation causing certain words not to be heard These kinds of problems are experienced day in and day out by people suffering from a learning disability known as Auditory Processing Disorder APD It is not that the person with APD is not paying attention as many people assume it is in fact that they are in a noisy environment or listening to complex information Don't You Get It is a unique comprehensive book written by people who have had to live with APD and learn how to learn grow and survive daily with it People with Auditory Processing difficulty typically have normal hearing and intelligence However they have also been observed to Have trouble paying attention to any information presented orally Have problems carrying out multi step directions Need more time to process

information Have problems with their relationships or peers Have difficulty with vocabulary reading comprehension spelling and understanding language or directional tasks Mimic symptoms of Attention Deficit Disorder causing misdiagnosis and incorrect treatment Don't You Get It specifically looks at people over three generations of the same family and others as well who have lived with APD It demonstrates the struggles that these people went through and shows how they worked and overcame their problems in communicating and learning If you or anyone you know has even a mild case of an Auditory Processing Disorder then this is the handbook for you Learning Disability Nursing Ruth Northway, Paula Hopes, 2025-02-28 Explores all aspects of professional development in learning disability nursing from the foundations to advanced practice Key themes running through the book include the importance of a human rights and values based approach the development of person centred approaches to care and support and the need to work in partnership with key stakeholders including people with learning disabilities and their families It encourages readers to make links between theory and practice and to develop their skills in critical thinking through case studies and reflective activities This is a must have book for all undergraduate nurses studying to become Registered Nurses Learning Disability specifically linked to achieving the outcomes required within the NMC Standards for Nurse Education 2018 It is also of relevance to qualified learning disability nurses those studying to become Registered Nurses Intellectual Disabilities in Ireland as well as nursing students in general who should have a good working knowledge of learning disability practice Plain Talk about Children with Learning Disabilities Hilda Fried, 1979
