**A History of Christianity in Asia, Vol. II** Samuel Hugh Moffett, 2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how Christianity spread long before the modern missionary movement went forth in the shelter of Western military might Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history

**Spirit Flowing Like Water** Nausikaa Haupt, Olle Kristenson, Michael Nausner, Gregory Ryan, 2025-06-19 What if churches focused less on wanting other Christian traditions to become more like theirs and more on exploring what they might learn from them? Might this not only help churches to deepen faith mission and service but also revitalize the ecumenical landscape with new possibilities? This is the provocative and inspiring vision presented by Receptive Ecumenism, a movement which has crossed denominations and continents, engaging church leaders, ecumenists, scholars, and Christians in their everyday lives. *Spirit Flowing Like Water* presents the latest conversations in this field. It not only engages leading scholars and practitioners of Receptive Ecumenism between churches but also explores the possibility of learning from difference within a church community. Internal Receptive Ecumenism and adapting the approach to a wider ecumenism beyond the visible church. Church leaders, ecumenists, and theologians from five continents have contributed chapters on transforming ecumenism, practicing mission in context, and broadening the horizon. They write not only for those already engaged in ecumenical work but with an invitation to all communities, leaders, and individuals to take a fresh look at what walking together in Christ means in our polarized world. *The Popular Encyclopedia of Church History* Ed Hindson, Dan Mitchell, 2013-08-01 Announcing the newest release in our well-received Popular Encyclopedia series, *The Popular Encyclopedia of Church History*, an ideal resource for anyone who wants a clear, user-friendly guide to understanding the key people, places, and events that shaped Christianity. General editors Ed Hindson and Dan Mitchell have extensive experience with producing reference works that combine expert scholarship and popular accessibility. Together with a broad range of well-qualified contributors, they have put together what is sure to become a standard must-have for both Bible teachers and students. With nearly 300 articles across 400 pages, readers will enjoy a comprehensive panorama of church history from Acts 2 to today, a clear presentation of how the church and its teachings have developed, concise biographies of major Christian figures, and their contributions, fascinating overviews of key turning points in church history. This valuable resource will enrich believers' appreciation for the wonderful heritage behind their Christian faith. *Pentecost and Parousia* Peter D. Hocken, 2013-10-23 As the charismatic movement penetrated the Protestant churches and then impacted the Catholic Church, great hopes for Christian unity were aroused among many. These hopes peaked with the great Kansas City conference of 1977 and the Pentecost over Europe gathering in Strasbourg, France, in 1982. After these high points, the Renewal's unity dynamic weakened at the same time as the ecumenical movement was losing momentum. Dr. Hocken argues that the charismatic movement was always a grace for unity and that this can be seen from how it began and spread. Its deep orientation to unity finds its foundation in the end-times significance of baptism in the Spirit poured out on Christians from so many traditions that reinforces the one hope for the coming of the Lord. Many developments of the last twenty years indicate that the time is now ripe for an ecumenism of the Spirit within which the charismatic impulses of the Holy Spirit can purify and deepen the wider movement for Christian unity. Growing reconciliation between Evangelicals and Catholics suddenly

seems less utopian as Pope Francis shows the servant face of a humbler Catholic Church
