## **Grieving A Beginners Guide:**

Grieving Jerusha Hull McCormack, 2005 Chances are if you are reading this your heart is broken This book is designed to help those in pain and specifically those who have lost someone through death to imagine the path before them It is a path of suffering But it is also a path that may lead to unexpected discoveries and to peace There is no sure route through grieving Jerusha Hull McCormack provides instead a series of signposts by which we may find our own path to a new life We are all amateurs at grief she writes it comes to us all we must all go through it To treat grief as a problem to be fixed or worse still to medicalize it is to rob us of the extraordinary privilege of encountering this experience on our terms for each of us has our own way of grieving and each of us has something special to learn from the process **The Beginner's Book of Grieving**

Agnes Nemeth Bright, 2009 Ghost Hunting: A Beginners Guide to Investigating the Dead (The Paranormal Investigator's Guide to Basic and Advanced Ghost Hunting Equipment) Nicholas Miller, 101-01-01 The answers are both complicated and simple based on your particular investigative needs and to a large extent on the size of your wallet With few exceptions all equipment will do what it purports to do whether that is measuring em fields temperatures recording evps or taking pictures It gets a little more complicated though when you try to figure out how relevant that particular information is to hunting ghosts The paranormal investigator s guide to basic and advanced ghost hunting equipment is written to get you the budding ghost hunter to hopefully think a little deeper and maybe gain a better insight into determining what you actually need when you re out there hunting ghosts Things to be discussed in this guide Which ghost hunting equipment is essential to have even when first starting out How to properly get permission from haunted site owners in order to conduct your paranormal investigation What evps are and how do you document them What type of digital camera you should get when first starting out How to properly set up for a paranormal investigation What a spirit box is and how it can be beneficial in your investigations One of the easiest and quickest ways to get permission to investigate an haunted location In this book you will discover the basic tools of the trade how they are used how an investigation should be carried out and how the results may be interpreted An adequate paranormal investigation can be carried out using many items that you probably already possess Items that you may not possess can be acquired without huge financial outlay and we recommend that you hold off buying any expensive custom equipment until you are certain that you actually have a good reason for the purchase **A**
