Lehn Franke,1997 **Magill's Survey of Science** Frank Northen Magill,1990 **Geoenvironmental Engineering** A.M.O. Mohamed,H.E. Antia,1998-04-21 The new social and economic era calls for integration of ecology and economy in a system of cause and effect The central element in this shift is sustainable development Fundamental to the achievement of sustainable development is the requirement for environmentally responsible waste management and restoration of the environment Solutions to the complex problems confronted by waste management and environmental restoration industry are currently handled by the geoenvironmental engineering profession that needs a good background in soil biology chemistry mechanics mineralogy and physics In recognition of this need this book summarizes relevant aspects of various soil physics mineralogy and chemistry as well as the chemistry of pollutants This treatment will provide sufficient background to students and practicing engineers to enable them to think about how to approach waste management and environmental restoration problems Soil Pollution Ibrahim Mirsal,2008-10-26 Despite having been published about two years ago for the first time the continuous demand for this book encouraged me to prepare this revised and enlarged edition Many parts of the text have been rewritten type errors traced and corrected and the bibliography largely modified to include many of the references published about the subject of soil pollution in the previous ten years I should like to express my thanks to the staff of Springer Verlag Heidelberg for their cooperative efforts in preparing this edition I also would like to thank Mr Michael Sidwell B A for the extreme but characteristic care with which he read and revised the proofs I hope that in this new edition

the book may continue to serve the needs of students and professionals alike interested in the subject of soil pollution

Ibrahim A Mirsal Preface to the First Edition Whoever has enjoyed following the legendary duel between the Egyptian Pharaoh and his magicians Alchemists on one side and Moses and his brother Aaron on the other as is vividly narrated in the Bible must have realised that people at least those living at or near the eternal battlefields of the Middle East have always had knowledge about the terrible consequences of soil pollution by chemicals This knowledge must have existed long before Moses and his Pharaoh Nobody knows when people became aware of this yet it must have been born in very early times reaching back to the dawn of human conscious
