Christological Anthropology in Historical Perspective Marc Cortez, 2016-02-02 What does it mean to be truly human In *Christological Anthropology in Historical Perspective* Marc Cortez looks at the ways several key theologians Gregory of Nyssa Julian of Norwich Martin Luther Friedrich Schleiermacher Karl Barth John Zizioulas and James Cone have used Christology to inform their understanding of the human person Based on this historical study he concludes with a constructive proposal for how Christology and anthropology should work together to inform our view of what it means to be human Many theologians begin their discussion of the human person by claiming that in some way Jesus Christ reveals what it means to be truly human but this often has little impact in the material presentation of their anthropology Although modern theologians often fail to reflect robustly on the relationship between Christology and anthropology this was not the case throughout church history In this book examine seven key theologians and discover their important contributions to theological anthropology

SLEEPING KEEP MISSING MANISH JAITLEY,2021-01-07 All over the world a spiritual awakening is taking place and those who are growing in awareness realise how connected we are to each other Mother Nature and the Universe Too long has humankind looked up to orthodox religions for happiness guidance and support However religions have failed miserably in creating a harmonious world They have hidden crucial knowledge that could hasten humanity s evolution and create a much more beautiful world Although organised religions have effectively given individuals a cultural and political identity they have prevented humankind from understanding consciousness This is the reason most people do not understand the difference between religion and spirituality They think that by performing outer rituals they will enter heaven or attain salvation Well nothing could be further from the truth There are forces on Earth that want to control humanity by keeping it in spiritual darkness orthodox religions are a powerful tool in the hands of these dark forces The average person is like a frog that lives inside a well and knows nothing of the world outside it This book will introduce you to some unknown facets of your being It explains how your non physical bodies steer your life how a critical mass of people can bring many positive changes on our planet how anger and violence bring only temporary solutions to conflicts and evil continues to manifest in different forms and more You will learn about the high frequency light above your physical body Your human eyes cannot detect this electronic radiation This light is awaiting your call and only by invoking it will you know your true identity as a son or daughter of God By summoning this light you can bring beneficial changes in your life and contribute to speeding up humankind s evolution This book seeks to inspire those people who live the everyday mundane life and are oblivious to the higher realities universal truths and benevolent forces all around us If our planet is to make a significant shift to higher consciousness more and more people need to awaken spiritually For this they must free themselves from the indoctrination and programming by religions Irrespective of whether you have the urge to grow spiritually this book will give you much food for thought [The Golden Light Path](#) Adam Ray,2010-08-19 I had a dream that foretold the writing of this book In the dream the pages of the book were glowing golden light Over the next few years during meditation the information in the Golden Light Path teaching became revealed The teaching has no religious position The purpose of the Golden Light Path teaching is to help you find your own truth to walk a path of spiritual growth The essence of the wisdom of the Golden Light Path teachings is already within the heart of each soul now on a journey on the physical earth plane This is so because we all

were created in the image of God This knowledge has been within the threads of the fabric of every major religion and culture It is now time for humankind to receive this message in a new format The purpose of the teaching in this new format is to awaken that wisdom within you which is now lying dormant in the subconscious mind of your soul Regardless of what belief system you have if you will open your heart and mind and entertain the possibilities that come to you through the Golden Light Path teachings and then make your own decisions you will find your own truth You will experience an awakening that you did not know existed The Doctrine of the Person of Jesus Christ Hugh Ross Mackintosh,1912 The Mystery of Christ , *Non-dualism in Eckhart, Julian of Norwich and Traherne* James Charlton,2012-10-25 The words me mine you yours can mislead us into feeling separate from other people This book is an exhilarating contribution to the spirituality of non duality or non separation Meister Eckhart Mother Julian of Norwich and Thomas Traherne are interpreted as theopoeists of the body soul who share a moderate non dualism Their work is brought within the ambit of non dual Hinduism Specifically their passion for unitive spiritual experience is linked to construals of both the Self and Awakening as enunciated by Advaita Vedanta Charlton draws on poetry theology and philosophy to perceive fresh connections A commonality of interest is proposed between the three Europeans and Ramana Maharshi The concept of non duality is basic to much of Asian religion On the other hand Christianity has usually ignored its own non dual roots This text contributes to a recovery in the West of the vital unifying power of non dual awareness and connectedness FINDING REALITY BEYOND FEAR Rev. Marilyn L. Redmond,2025-06-27 *Unity* ,1919 **Putting on the Mind of Christ** Jim Marion,2011-11-01 Jim Marion's book returns us to the central challenge Christianity ought to be handing us Indeed how do we put on the mind of Christ How do we see through his eyes How do we feel through his heart How do we learn to respond to the world with that same wholeness and healing love That's what Christian orthodoxy really is all about It's not about right belief it's about right practice Cynthia Bourgeault author of *The Wisdom Jesus* What does it mean to follow the path of Christ today Putting on the Mind of Christ is the first book to offer an integral understanding of the Christian spiritual path one that examines the basic stages of spiritual development described by the great saints and sages along with the psychological stages of development used by modern psychology American mystic Jim Marion draws upon his own rich spiritual experience and deep understanding of scriptural models to show readers how to emulate the developmental stages of the Christ how to put on the mind of Christ to achieve spiritual illumination and communion with the Christ He examines the seven levels of consciousness of the human personality mapped by the work of Jean Piaget Carol Milligan and Lawrence Kohlberg and leads readers to the consciousness that Jesus called the Kingdom of Heaven the highest level of spiritual development Marion shows how inner spiritual growth has always been the true essence of Christian practice and shares his own spiritual experiences within a Christ focused framework Pioneering transcendent and grounded Putting on the Mind of Christ will permanently alter the landscape of 21st century Christianity
