**Growing Into Soul** Gwen Randall-Young, 2004 We are each a part of an expanding evolving Universe which experiences itself only through human consciousness As the Universe evolves so does our consciousness Evolutionary currents are now rocking Western consciousness as the old left brain logical analytical approaches to life are no longer sufficient to create balanced fulfilling lives Western minds are opening as never before to expanded spiritual awareness more typical of Eastern traditions Without a bridge connecting the two traditions integration is elusive practical applications few and dissatisfaction with life continues **Growing Into Soul The Next Step In Human Evolution** is the book which will bridge the two traditions taking readers from where they are now in their lives through concrete practical guidance to the next level This level is the next evolutionary step beyond survival of the fittest to survival of the wisest **Growing Into Soul The Next Step In Human Evolution** clearly illustrates the path of higher consciousness then teaches readers how to live that path This involves a shift from ego based to soul based thinking and responding This easy to remember dichotomy allows readers to grasp otherwise difficult or complex concepts and processes The book demonstrates that life outcomes are the result of how we interpret our experiences and teaches how we can choose wiser interpretations The way we think feel speak and behave can change dramatically as a result Soundly based on human psychology this book makes sense to a very broad reading audience This is a how to book unlike others elegant in its simplicity and practicality yet profound in the depth of consciousness into which it taps and the change it elicits

*YOU are THIS* J. M. Harrison,2016-01-29 Discover the mystery of how one seemingly insignificant little word can transform your life and change the world YOU are THIS shares the author's contemporary philosophy of One duality wherein the phenomenal world is recognised as real and the Non dual direct experience of Awareness is realised to be the catalyst for actualising the presence of your Authentic Soul We cannot remember Awareness because the true Non dual experience takes place outside of time and space It is not recalled through memory simply realised to be the ever present sweet perfume of Life Following the Non dual direct experience a grounding takes place because you are bringing THIS which was uncovered beyond the physical senses back into the comprehension of those same senses the Being into the consciousness of the Human and the formless into form In this way Awareness is seen and felt to permeate all dimensions of being without negation of any aspect of who or what we are

*You've Lost Your Mind Now Find Your Soul* Rev. Dr. Sandy Range Ph.D. LMHC,2019-07-19 I wasn't always Dr Sandy I once was a lost little girl seeking for anyone to love and care about me I didn't feel human and felt like I was from another planet I just didn't belong I went through this cycle for many years until I discovered that I was Soul This discovery led me to get my graduate and then doctoral degrees It led me down a path I had been taught in childhood but had forgotten That was the path of medicine woman and shaman and then I became an esoteric metaphysical minister You see in order to find your soul you really do have to lose your mind I did and I questioned everything What is God Who are humans really What are we supposed to be doing here I found that as humans we are becoming plagued in a stagnant pattern

of pain illness and suffering everywhere in the world This is not how it is meant to be I found that living through our Soul Self allows us to see the world more clearly and accurately and can remove the patterns of suffering and struggle The world is changing and many people have forgotten how to be fully human however many are awakening knowing sensing and feeling there is something more If you are one of those people open these pages and discover how to raise your consciousness and heighten your awareness Discover how we should be fully aware of the ego mind that will lead us to believe we are either greater than great or just no good Even when we are neither we believe it anyway That is the power of ego What you will discover is how to pay much more attention to your soul consciousness by getting out of our heads and begin living from the place of soul We ve forgotten who we are Being fully human requires reigning in the ego and becoming the Divine Beings we truly are Soul is Divine after all
