People are on the move. As individuals and people groups are constantly migrating, the unreached have become part of our communities. This reality provides local Christ followers with the challenge and opportunity of navigating both the global diaspora and mixed ethnicities. *A Hybrid World* is the product of a global consultation of church and mission leaders who discussed the implications of hybridity in the mission of God. The contributors draw from their collective experiences and perspectives to explore emerging concepts and initiatives and ground them in authoritative Scripture for application to the challenges that hybridity presents to global missions. This book honestly wrestles with the challenges of ethnic hybridity and ultimately encourages the global church to celebrate the opportunities that our sovereign and loving God provides for the world's scattered people to be gathered to himself.      **Growing Up in God's Family** Charles R.
