Growing Up Moral Peter Scharf, William McCoy, Diane Ross, 1979-01-01      **Leadership and Organization for Community Prevention and Intervention in Venezuela** Maritza Montero, 2013-04-03 Improve decision making skills for community organizations and their leaders from a participatory perspective This book will show you how and why participatory communities come into being and what they can accomplish regardless of the current political climate It also examines leadership and the skills community leaders need to develop to be most effective You will find ethnographic and psychosocial perspectives on the relationship between families and community organizations leadership interventions designed to facilitate more effective decision making and more all from organizations making a very real difference in a country that has had a strong community work tradition since the 1960s This book presents an essential overview of the dynamics of urban low income communities in Venezuela With examples drawn from organizations designed to help a population that has been neglected by its government Leadership and Organization for Community Prevention and Intervention in Venezuela is a unique source of inspiration and practical know how The intensive training workshops and restructuring projects documented in this book have proven to be positive and effective tools strengthening Venezuelan communities despite the political unrest that has plagued the country In Leadership and Organization for Community Prevention and Intervention in Venezuela you will learn how community organizations are providing shelter for people displaced by natural disasters providing essential services when the government can't establish community leadership roles and helping community leaders to work more effectively transforming the perspectives of community leaders from narcissistic to altruistic and much more With this book you will examine the interaction between community organization and leadership using the liberating dialogic reflective and conscientization approach developed by Latin American community psychology The book's approach is grounded and realistic It highlights the outcomes of the authors' participatory research and action in urban Venezuelan communities focusing on organization participation modes of leadership decision making and meta decision making the moral development and moral dilemmas of community leaders and the interrelationship between family systems and community in Venezuela      **The Adolescent as Decision-Maker**, 2014-06-28 This book reviews current theories and research on adolescent development and their implications for education It is organized around the theme of the adolescent as decision maker and covers areas of normal development that are crucial for the transition to independence The issues raised by the thoughtful reviews will stimulate discussion and debate and will provide new perspectives on adolescence      **Moral Education** M. W. Berkowitz, F. Oser, 2013-10-28 First published in 1985 Kohlberg and his colleagues claimed that all one need do in moral education is change the stage or structure of an individual's moral reasoning and changes in moral behavior ego and personality style would occur As moral education entered the 1980s many important problems remained The question of the legitimacy of the highest stage is still being

considered The problem of the relationship between judgment and action is receiving much attention and reformulation as well The role of affect in moral functioning has been sorely overlooked until very recently A further issue is the implication of the particular realm of one's life family school peer group workplace church for the form and effectiveness of moral education Finally how can self acknowledged moral transgressions in typical individuals be incorporated into the theory This volume reflects these problems

*The Shy Child* Philip G. Zimbardo, Shirley L. Radl, 1999 Two out of every five people in the U S regard themselves as shy Yet shyness can be cured says Dr Philip Zimbardo the nation's leading authority on shyness With co author Shirley Radl Dr Zimbardo presents a program for overcoming and preventing shyness from infancy to adulthood The book is based on pioneering research conducted at the Stanford Shyness Clinic including surveys of people in the U S and abroad with children parents and teachers The book documents which parenting style encourages self confidence in a child helps with the problems of being shy and provides methods for building a child's trust and self esteem It explores the role that school plays in contributing to a child's shyness and suggests ways to improve the quality of the classroom experience for every child THE SHY CHILD is the only book to provide an effective program for conquering childhood shyness before it has a chance to limit a child's options and determine the course of the child's life
