Growth And Territorial Policies The Italian Model Of Social Capitalism:

Growth and Territorial Policies Raffaella Nanetti, 1988 **Social Capital in Development Planning** Raffaella Y. Nanetti, Catalina Holguin, 2016-01-28 The pursuit of sustainable development and smart growth is a main challenge today in countries around the world Social capital is an asset of their territorial communities It is also a precondition for national and local policies that aim to better the economic base and quality of life for all This change is socially diffused economically sustainable over time and smart in its content A significant stock of social capital facilitates such results because it links into the process of development planning institutional decision makers and socioeconomic stakeholders who share trust solidarity norms and a community vision In the last thirty years social capital has become a forceful concept in the social sciences the subject of many scholarly works and a topic of keen interest and debate in policy circles Yet the main focus has been on defining and measuring social capital with little attention given to its value in promoting development policies Social Capital in Development Planning updates and advances the debate on social capital through the analysis of the application of the concept of social capital to programs for sustainable and smart socioeconomic development empirical findings and a new paradigm for development planning **Social Capital, Corporate Social Responsibility, Economic Behaviour and Performance** L. Sacconi, G. Antoni, 2010-12-13 This book focuses on the concepts of social capital corporate social responsibility and economic development in relation to economic theory of institutions and behavioural economics It also takes a macroeconomic and empirical approach on the relationship between social capital ethical behaviour and economic development **Seminal Studies in Regional and Urban Economics** Roberta Capello, 2017-10-09 The book spans a scientific research program elegantly developed by Roberto Camagni an eminent regional scientist who has offered ground breaking ideas in regional and urban economics throughout his academic career In addition to bringing together a selection of Professor Camagni s most influential works the book presents syntheses and interpretations of his ideas by respected colleagues and by his students In regional economics space as territory which plays an active role in innovation processes and in regional growth patterns territorial capital as a synthetic concept of differentiated regional growth assets and sources of regional competitiveness are only a few of the main ideas that emerged in regional economics thanks to this inspiring mind In urban economics he paved the way towards a new theoretical interpretation of the existence of the city and of its dynamics His theory of city networks overcame the limits of Christaller s and L sch s spatial approach to the city with a solid economic conceptualization of spatial city network structures All theories are accompanied by sound policy analysis helping to contribute to the design and implementation of appropriate spatial policies at the European level **Remaking the Italian Economy** Richard M. Locke, 2018-09-05 **The Politics of Southern Europe** José Magone, 2003-02-28 European integration has had a profound impact on the politics of Southern Europe a region that was initially at the margin of the decision making processes of the European Union but is gradually becoming more and more influential This volume offers a

comparative overview of modern politics in Spain Portugal Italy and Greece focusing in particular on the process of integration of these countries into the European Union and on the impact of European public policy The author analyzes the development of Southern European political systems from the establishment of democratic governments to the most recent political events looking at each individual system and finding patterns similarities of development as well as differences between them Among the topics examined are the building of institutions the parties and party systems foreign policies the political culture of each country and the recent efforts towards the creation of a space of security and peace in the Mediterranean

Italian Christian Democracy Robert Leonardi, Douglas A. Wertman, 1989-06-18 A study of the Italian Christian Democratic Party from its birth to the present day It is the most successful political party in any Western democracy and has been in power since 1945 This book analyzes its ideological foundations electorate organization and ties to the Catholic world

European Business Systems Professor Richard Whitley, 1992-11-13 As Europe moves towards greater integration there is increasing recognition of national differences in European business because of significant diversity in national cultures and social institutions affecting business systems This book explores key characteristics of firms and markets in eight European countries Denmark Finland The Netherlands and Germany compared with Britain Sweden Italy and France Some contributors focus on overall business patterns in the countries concerned while others examine particular industries and sectors to consider the relationship between national influences and cross national sector developments To provide a European East Asian comparison one contribution looks at firms and strategies in Japan and Hong Kong

Encyclopedia of Sex and Gender Carol R. Ember, Melvin Ember, 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender gender differences gender roles relationships between the genders and sexuality The encyclopedia is divided into two volumes Topics and Cultures The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students researchers and teachers interested in gender studies and cross cultural variation in sex and gender It deserves a place in the library of every university and every social science and

health department Contents Glossary Cultural Conceptions of Gender Gender Roles Status and Institutions Sexuality and Male Female Interaction Sex and Gender in the World s Cultures Culture Name Index Subject Index Modern Italy Denis Mack Smith,1997 A new edition of the classic historical text on Italy The Regions and the New Europe Martin Rhodes,1995 The contributors argue that some regions such as Emilia Romagna Baden Wurttemberg and Rhone Alpes have been highly successful in launching regional development strategies Others such as the English and certain southern European regions lack the economic resources and institutional structures to follow these examples The book analyses the reasons for success and failure and considers the strategic development options open to the less developed European regions

Workers of the World Steven Colatrella,2001 After examining immigrant political activity in the context of the rise of the racist Northern League the book ends with a discussion of the possibilities that immigrant experiences are setting the stage for a new planetary working class movement BOOK JACKET *Iberian Trade Unionism* Jose Magone,2018-01-16 One of the most neglected areas of the European integration process is the role that trade union confederations may play after the full establishment of the Economic and Monetary Union The gradual establishment of the four freedoms enshrined in the Single European Act would require a transformation of the present strategies of trade union confederations toward more flexibility and towards the ability to take part in different levels of the European integration process *Iberian Trade Unionism* highlights the emerging patterns of cooperation between national subnational and supranational actors and the impact on these different levels Unlike most literature on the study of democratization and Europeanization *Iberian Trade Unionism* aims to break the dominant focus on political parties and political institutions by raising awareness of the importance of interest groups such as trade union confederations in contributing to a strengthening of democratic governance The central thesis is that both Portuguese and Spanish trade unions are becoming increasingly part of a transnational European strategy which shapes the internal organizations toward professionalism and democratization Part 1 Gontextualizing Iberian Trade Union Strategies deals with the operations of both Portuguese and Spanish trade union confederations Part 2 The National Systems of Interest Intermediation and Trade Union Confederation Strategies analyzes the transformation of the national systems of intermediation in the 1990s which were affected by a decline in steering power of Spanish and Portuguese political systems vis a vis global and European political and economic processes Part 3 Subnational and Transnational Policies of Iberian Trade Union Confederations deals with policies and strategies The last chapter treats the integration of Iberian trade union confederations in the institutions of the European Union as well as the ITUCs and is based on original research done in Madrid Lisbon and Brussels This timely look at interest groups and lobbying in the European Union will appeal to scholars studying European integration and the role of interest groups in it and to students of Spain Portugal or southern Europe *Italy* Sondra Z. Koff,Stephen P. Koff,2000 This volume aims to equip students with a sound understanding of the basics of Italian politics and government and to provide clear insights into the intricacies of Italian

political behaviour **Italy** Stephen P. Koff,2013-03-07 This textbook has been designed to provide students with an up to date and accessible introduction to the complexities of Italian politics during the 1990s It will equip students with a sound understanding of the basics of Italian politics and government and will provide clear and simple insights into the intricacies of Italian political behaviour The comprehensive coverage includes an introduction to contemporary history political geography and economic issues as well as Italian political values and attitudes a section on political behaviour which explores political parties interest groups and the electoral earthquakes of the 1990s a section on government institutions and their roles including discussion of the executive the legislature the judiciary and the subnational government analysis of Italy s often stormy relationship with the European Union an exploration of recent events such as attempts at institutional reform

Making Democracy Work Robert D. Putnam,Robert Leonardi,Raffaella Y. Nanetti,1994-05-27 A classic New York Times Seminal epochal path breaking a Democracy in America for our times The Nation From the bestselling author of Bowling Alone a landmark account of the secret of successful democracies Why do some democratic governments succeed and others fail In a book that has received attention from policymakers and civic activists in America and around the world acclaimed political scientist and bestselling author Robert Putnam and his collaborators offer empirical evidence for the importance of civic community in developing successful institutions Their focus is on a unique experiment begun in 1970 when Italy created new governments for each of its regions After spending two decades analyzing the efficacy of these governments in such fields as agriculture housing and healthcare they reveal patterns of associationism trust and cooperation that facilitate good governance and economic prosperity The result is a landmark book filled with crucial insights about how to make democracy work *Italy* Britannica Educational Publishing,2013-06-01 It is almost impossible to think about Italy without recalling its Renaissance art masterpieces its spectacular landscapes or its widely loved cuisine Although these combined elements hint at a united Italian culture Italy is truly a country comprised of individual regions each with their own identities histories and traditions Readers will follow Italy s trajectory from a land of disparate barbarian kingdoms to a republic discovering along the way the glories of the Medici period the factors influencing Italy s development into one of the world s most industrialized countries and the diverse society that makes up its population *Arte Ambientale, Urban Space, and Participatory Art* Martina Tanga,2019-05-22 Working in 1970s Italy a group of artists namely Ugo La Pietra Maurizio Nannucci Francesco Somaini Mauro Staccioli Franco Summa and Franco Vaccari sought new spaces to create and exhibit art Looking beyond the gallery they generated sculptural conceptual and participatory interventions called Arte Ambientale Environmental Art situated in the city streets Their experiments emerged at a time of cultural crisis when fierce domestic terrorism aggravated an already fragile political situation To confront the malaise these artists embraced a position of artistic autonomy and social critique democratically connecting the city s inhabitants through direct art practices
