**Daniel C. Levy, Kathleen Bruhn**

## **Growth Equality And The Mexican Experience:**

**Growth, Equality, and the Mexican Experience** Morris Singer, 2014-11-06 Central to the research that went into the preparation of this monograph is the relationship between economic development and equality To determine and characterize that relationship Morris Singer focuses on the various components of equality at different stages of development The author particularly explores the behavior of income distribution together with its bearing on the components of aggregate demand Mexico provided an excellent case to examine in depth because of its impressive growth and the fact that it experienced Latin America's first successful twentieth century revolution Although the Revolution of 1910 hastened social equality and introduced other changes that stimulated Mexico's economic growth it could not prevent a serious increase in the inequality of income distribution By the early 1960s the government found it necessary to rectify this increasing imbalance through a program of expenditures designed to counteract widespread poverty and weak aggregate demand To ward off inflation this program in turn could be implemented only by tax reform In discussing the relationship between development and equality in its various dimensions noneconomic as well as economic this monograph points out that at the time of this study government policies in Mexico were dictated by an elite concerned primarily with the country's economic advancement Singer concludes that if programs of government expenditure and tax reform succeed in remedying the inequalities of income distribution this could gradually make possible the development of a more genuine political as well as economic democracy This book reflects Singer's interest in the relationship between equality and development It is the result of five months of intensive in residence study in Mexico financed in part by a grant from the Social Science Research Council

**Growth and Equity in Mexico**, 1979 Newsletter United States. Department of State, 1976 **Newsletter**, 1976

Department of State News Letter United States. Department of State, 1976 Mexico Robert Ryal Miller, 1985 Describes pre Columbian cultures the Spanish conquest colonial rule the Mexican Revolution and modern Mexico and its architecture art literature music education and economic problems **Mexican Cinema/Mexican Woman, 1940-1950** Joanne Hershfield, 1996-11 Arranged chronologically this updated and revised edition covers the scope of Mexican cinema The main films and their directors are discussed together with the political social and economic context of the times Appendices offer selected filmographies and useful addresses Provided by publisher *Mexican Cinema/Mexican Woman, 1940-1950* Joanne Hershfield, 1996-11-01 The female image has been an ambiguous one in Mexican culture and the place of women in Mexican cinema is no less tenuous yielding in the films of Luis Buñuel and others a range of characterizations from virgin to whore mother to femme fatale Mexican Cinema Mexican Woman 1940 1950 examines a singular moment in the history of Mexican film to investigate the ways in which the cinematic figures of woman functioned to mediate narrative and social debates The book raises new questions about the relations between woman and cinema It will have broad appeal among students and scholars of film feminist studies and Latin American studies as well as those interested in the popular culture of Mexico

Considering the historical and cultural representations of sexual difference as well as race and class Hershfield closely examines the portrayal of women and gender identity in six films *Mar a Candelaria* Emilio Fern ndez 1943 *R o Escondido* Emilio Fern ndez 1947 *Distinto amanecer* Julio Bracho 1943 *Sal n M xico* Emilio Fern ndez 1948 *Do a B rbara* Fernando de Fuentes 1943 and *Susana Carne y demonio* Luis Bu uel 1950 Growth and Equity in Mexico, a Bibliography Lyndon B. Johnson School of Public Affairs. Mexican Economic Development Policy Research Project,1977 **Mexico** Daniel C. Levy,Kathleen Bruhn,2006-01-26 This engaging book provides a broad and accessible analysis of Mexico s contemporary struggle for democratic development Now completely revised it brings up to date issues ranging from electoral reform and accountability to drug trafficking migration and NAFTA It also considers the rapidly changing role of Mexico s mass and elite groups and its national institutions including the media the military and the Church *Dictablanda* Paul Gillingham,Benjamin T. Smith,2014-04-02 In 1910 Mexicans rebelled against an imperfect dictatorship after 1940 they ended up with what some called the perfect dictatorship A single party ruled Mexico for over seventy years holding elections and talking about revolution while overseeing one of the world s most inequitable economies The contributors to this groundbreaking collection revise earlier interpretations arguing that state power was not based exclusively on hegemony corporatism or violence Force was real but it was also exercised by the ruled It went hand in hand with consent produced by resource regulation political pragmatism local autonomies and a popular veto The result was a dictablanda a soft authoritarian regime This deliberately heterodox volume brings together social historians anthropologists sociologists and political scientists to offer a radical new understanding of the emergence and persistence of the modern Mexican state It also proposes bold multidisciplinary approaches to critical problems in contemporary politics With its blend of contested elections authoritarianism and resistance Mexico foreshadowed the hybrid regimes that have spread across much of the globe *Dictablanda* suggests how they may endure Contributors Roberto Blancarte Christopher R Boyer Guillermo de la Pe a Mar a Teresa Fern ndez Aceves Paul Gillingham Rogelio Hern ndez Rodr guez Alan Knight Gladys McCormick Tanal s Padilla Wil G Pansters Andrew Paxman Jaime Pensado Pablo Piccato Thomas Rath Jeffrey W Rubin Benjamin T Smith Michael Snodgrass

**The New Authoritarianism in Latin America** David Collier,Fernando Henrique Cardoso,Joint Committee on Latin American Studies,1979 While one of the most important attempts to explain the rise of authoritarian regimes and their relationship to problems of economic development has been the bureaucratic authoritarian model there has been growing dissatisfaction with various elements of this model In light of this dissatisfaction a group of leading economists political scientists and sociologists was brought together to assess the adequacy of the model and suggest directions for its reformulation This volume is the product of their discussions over a period of three years and represents an important advance in the critique and refinement of ideas about political development Part One provides an overview of the issues of social science analysis raised by the recent emergence of authoritarianism in Latin America and contains chapters by David

Collier and Fernando Henrique Cardoso The chapters in Part Two address the problem of explaining the rise of bureaucratic authoritarianism and are written by Albert Hirschman Jose Serra Robert Kaufman and Julio Coder In Part Three Guillermo O'Donnell James Kurth and David Collier discuss the likely future patterns of change in bureaucratic authoritarianism opportunities for extending the analysis to Europe and priorities for future research The book includes a glossary and an extensive bibliography

**Labyrinths of Power** Peter H. Smith, 2015-03-08 Peter Smith has written a comprehensive and in depth study of the structure and more important of the transformation of the national political elite in twentieth century Mexico In doing so he analyzes the long run impact of the Mexican Revolution of 1910 on the composition of the country's ruling elite Included in his focus are such issues as the social basis of politics the recruitments process political career patterns the amount of periodic turnover and the relationships between the political and economic elites The author explores these issues through an empirical computer assisted investigation of biographical information on more than 6 000 individuals who held national political office in Mexico at any time between 1900 and 1976 He then employs various comparative and statistical techniques along with a use of archival data questionnaires and interviews to determine precisely how Mexico's political system actually works Professor Smith finds that the Revolution of 1910 did not fundamentally alter the class composition of the national elite although it did redistribute power within it He further observes that the Mexican Revolution did bring about a separation of political and economic elites and that the route to political success is much more varied and less predictable now than before the revolutionary period Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Prospects for Mexico George W. Grayson, 1988      **Social Security in Latin America** Carmelo Mesa-Lago, 1978-11-15 A comprehensive and sophisticated study of the relationship between social security policy and inequality in Latin America Individual case studies of Chile Uruguay Peru Argentina and Mexico are presented that provide a historical analysis of each country's social security policy the pressure groups involved the present structure of the systems and a statistical examination of the inequality among these pressure groups

**Prospects for Democracy in Mexico** George W. Grayson, Second only to the Soviet Union Mexico is the country most important to the security and well being of the United States Its stability is therefore a major concern As Prospects for Democracy in Mexico documents there are problems This ancient Aztec nation now suffers the worst economic conditions since its revolution exploded in 1910 The economy has been as flat as a tortilla since the oil boom fizzled in the early 1980s and the purchasing power of workers has declined 50 percent in recent years Open and disguised unemployment afflicts nearly half of the 26 million member workforce External debt keeps

upward pressure on interest rates while the government and private sector must meet 12 billion annually in foreign debt payments Widespread pollution continues to contaminate the already fetid air of metropolitan areas such as Mexico City Similar conditions in the United States or Western Europe would ignite demonstrations catalyze strikes and launch the careers of demagogic politicians Mexico remains remarkably quiet with discontent channeled through legitimate institutions such as the Congress mass media and the Institutional Revolutionary Party PRI This volume dissects the current situation and forecasts future developments Diplomats scholars public officials and businessmen contribute sixteen chapters and answer a number of the most critical questions It is unlikely that this collection will be surpassed for comprehensive coverage and intellectual balance for years to come It is supported by in depth statistical tables covering every phase of Mexican life from unemployment religious affiliation inflation rates presidential electoral results military expenditures and the size of the armed forces In addition the volume concludes with a selected biography that Latin Americanists political scientists and policy makers will find essential George W Grayson is the Class of 1938 Professor of Government at the College of William and Mary in Virginia His books include *The Mexican Labor Machine Power Politics and Patronage* 1989 *Oil and Mexican Foreign Policy* 1988 *The United States and Mexico Patterns of Influence* 1984 and *The Politics of Mexican Oil* 1980

**No Growth Without Equity?** Santiago Levy, Michael Walton, 2009 This work examines the relationship between equity and growth in Mexico It looks at how specific inequalities in power wealth and status have created and sustained economic institutions and policies that both tend to perpetuate these inequalities and are sources of inefficiencies in the economy

**The Poverty of Revolution** Susan Eva Eckstein, 2014-07-14 The plight of the urban poor in Mexico has changed little since World War II despite the country's impressive rate of economic growth Susan Eckstein considers how market forces and state policies that were ostensibly designed to help the poor have served to maintain their poverty She draws on intensive research in a center city slum a squatter settlement and a low cost housing development Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Markets in Oaxaca** Scott Cook, Martin Diskin, 2014-01-09 Markets in Oaxaca is a study of the regional peasant marketing system in the Valley of Oaxaca Mexico It relates the marketing system to other aspects of the regional economy to neighboring regions and to the Mexican national economy Combining ethnographic theoretical and regional analyses it suggests new directions in the fields of peasant and development studies Contributors to the volume describe the operation and nature of several marketplaces in the region analyze village based artisan production and various specialized economic roles particularly the role of traders and describe

the operation of several total regional marketing systems The editors then consider their findings against the background of political economic and social structures from the pre Conquest period to the present In their conclusion the editors find the regional peasant economy to be responsive both to the influence of the urban metropolitan sector on the one hand and to its own indigenous structural integrity and internal dynamism on the other In addition to the editors the contributors to Markets in Oaxaca are Ralph L Beals Richard L Berg Jr Beverly Chi as Herbert M Eder Charlotte Stolmaker Carole Turkenik John C Warner Ronald Waterbury and Cecil R Welte Their essays combine analyses of the elements of the system within a comprehensive theoretical framework Together they present a complete and integrated view of a peasant economy

**The Economic History of Latin America since Independence** V. Bulmer-Thomas, 2014-02-10 This revised and updated third edition contains a wealth of new material that draws on new research in this area
