to the rough roads ahead This thorough assessment of current political and economic realities will stimulate debate about new European paradigms the role of the European Union and the difficulties of post Communist transition These issues promise to be vital to the region s success in the new century *Sustainable Development of Modern Digital Economy* Julia V. Ragulina, Arutyun A. Khachatryan, Arsen S. Abdulkadyrov, Zoya Sh. Babaeva, 2021-06-30 The digital economy is a new direction in which the modern global economic system is now heading This book seeks to adapt the digital economy concept to the priorities of humanity including the implementation of global development goals The authors develop and substantiate scientific and methodological criteria for assessing the sustainability of the modern digital economy and offer several concrete recommendations for improving the concept of the digital economy by incorporating global development goals

The Institutional Foundations of the Digital Economy in the 21st Century Elena G. Popkova, Artem Krivtsov, Aleksei V. Bogoviz, 2021-02-08 The development of the Digital Economy has been a landmark breakthrough for economic systems in the 21st century as it opens up opportunities for the full scale implementation of new digital technologies and the optimization of economic activities While the conceptual essence and specific features of the digital economy are described in detail in the existing literature the practical foundations of its formation are poorly studied In this book the digital economy is studied from the perspective of neo institutional economic theory This allows for the tracking of the process of formation institutionalization of the digital economy determining the basic institutions that are necessary for its formation and that exist in modern economic practice and analyzing scenarios for the future development of the digital economy in the 21st century **Circular Economy in Developed and Developing Countries** Elena G. Popkova, Aleksei V. Bogoviz, 2020-11-09 Circular Economy in Developed and Developing Countries Perspective Methods And Examples develops a new approach to research founded on the idea that ecological crisis is proof of the necessity for formation of circular economy **Digital Economy: Complexity and Variety vs. Rationality** Elena G. Popkova, Bruno S. Sergi, 2019-09-14 This proceedings book features selected papers from the 9th National Scientific and Practical Conference Digital Economy Complexity and Variety Vs Rationality which took place on April 17 18 2019 in Vladimir Russian Federation It presents the latest research in the field of the digital economy discussing its role in the creation of advantages for the state entrepreneurship and society as well as the emergence of new economic risks The chapters address the following topics the importance of economy s digital modernization tools for the formation of the digital economy in Russia specific features and perspectives of digital modernization of the regional economy an overview of the social consequences of transition to the digital economy financial components of the digital economy legal challenges regarding the digital reality for society and state and the main challenges and threats to the profession of jurisprudence in the context of the digitization of the economy Intended for representatives of the academic community and researchers interested in the formation of the digital economy and digital society as well as undergraduates postgraduates and masters of economic specialties the book is also a valuable

resource for companies that use or wishing to implement digital technologies into their economic practices and public and government employees involved with monitoring control and regulation of the digital economy Supporting Inclusive Growth and Sustainable Development in Africa - Volume I Elena G. Popkova, Bruno S. Sergi, Lubinda Haabazoka, Julia V. Ragulina, 2020-08-27 This edited volume explores and dissects Africa's economic growth and sustainable development using an optimal conceptual model of the progressive continent's development up to and until 2030 Africa is studied not against the background of developed OECD and leading developing e.g. BRICS countries but as a separate economy and as a self-sufficient region which follows its own priorities and implements its own unique opportunities and vectors of growth and development This first volume addresses the contemporary and topical issues of inclusive growth digital modernisation and sustainable development recommending policy outcomes for the future **The Global Enterprise** Erdener Kaynak, Riad Ajami, Marca Marie Bear, 2013-04-15 Practical insights on the role of the entrepreneur in the global business context Entrepreneurial ideas that look great on the drawing board can turn out to be deal breakers when introduced in real markets even when they've been put through the toughest business modeling tests The Global Enterprise examines how a healthy relationship between entrepreneurship and globalization can combine with new methods of knowledge creation to enhance economic development and build firm sustainability This unique book takes a fresh and innovative approach to the practical aspects of international business including economic cluster formation network formation market entry public policy controls and incentives economic competitiveness and the creation of value The Global Enterprise offers perspectives from practitioners and academics working in a variety of disciplines in Europe Asia the Middle East and the United States Their contributions address many of the vital issues of global business including value added chains cross border networks knowledge management technology transfer transnational lines of production distribution marketing and financial flows and the strategic partnerships between government and corporations The book is illustrated with more than 65 tables and figures and articles are organized into three sections Globalization Building Firm Sustainability Entrepreneurship and Public Policy Economic Competitiveness and Knowledge Creation Knowledge Management Knowledge Transfer and Cluster Formation The Global Enterprise examines the global transfer of capital strategic partnerships between governments and multinational firms the prospects for economic progress in developing countries the impact of small and medium sized enterprises SME the role of export regulations in national security and in safeguarding foreign policy the evolution of the Hard Rock Café cultural ontology global virtual teams GVT how to implement a knowledge management project a framework for discussing entrepreneurship from an environmental perspective and much more The Global Enterprise is an essential resource for academics researchers and professionals in the field of international business and for economic development experts and government policymakers Globalization and East Asia Erdener Kaynak, Khosrow Fatemi, 2014-06-03 Learn to apply the strategies used in East Asia's phenomenal economic expansion The phenomenal economic growth of many countries in East

Asia has no historic parallel Globalization and East Asia Opportunities and Challenges examines different aspects of the economic performance of the region over the past three decades with a focus on what it takes to replicate the experience elsewhere Nineteen of the finest presentations from the 12th International Conference of the International Trade and Finance Association in Bangkok Thailand have been carefully selected and revised by their expert authors providing powerful practical economic development approaches that can be used to develop other economies This comprehensive volume presents an insightful four part view of the intricate economic workings of East Asia The first part introduces the distinctive qualities of the policies that sparked economic growth and development Part two provides comparative studies of different countries and industries in the region and an in depth study of the East Asian area over the past fifty years Part three presents sector specific studies within several countries focusing on international finance The fourth part spotlights important industry specific elements and explores the future of globalization in relation to its effects on East Asia Each chapter is extensively referenced and several use tables and charts to clearly reinforce crucial points Globalization and East Asia includes topics such as the characteristics of East Asian economic growth and how other areas will benefit the rapid economic growth of the region since the end of World War II an evaluation of efficiency and leveraging of assets comparing the United States and the Four Dragon FD industries structural weaknesses within Asian countries trade flows between the United States and Thailand a bilateral study the progress of APEC s environmental cooperation financial resource flows during the 1990s Malaysian financial markets and the Asian financial crisis China s economic transition and exchange rate policies the use of dual production theory as a model in the world economy Thailand s telecommunications sector and how it provides illustration for other sector specific industries in developing countries development of bilateral trade negotiations between the United States and Vietnam the status of United States apparel imports Globalization and East Asia is important insightful reading for researchers scholars and professionals specializing in regional economics and economic development

Development in International Law Qerim Qerimi, 2012-05-16 The dominant conceptions of development and the right thereto have been confined to narrow sectoral interpretations focusing on economic matrices and collective entities such as the state or peoples This book delimits these key notions of the public order of the 21st century in an entirely new fashion Drawing on fundamental precepts of policy oriented jurisprudence this book offers a comprehensive and systematic study and redefinition of development and the right to development guided by the goal of maximum access by all to the processes of shaping and sharing of all things humans value including empirically aspirations to power wealth well being affection enlightenment skills respect and rectitude This new paradigm of development offers fertile ground for legal and policy responses designed to bring about a public order of human dignity in all parts of the planet **The Economic and Legal Foundations of Managing Innovative Development in Modern Economic Systems** Elena G. Popkova, Aleksei V. Bogoviz, Artem Krivtsov, 2020-10-26 Innovation is of critical value in the modern global economy as it performs several

important economic functions The first is related to supporting the sustainability of socio economic systems preventing the emergence of crises and if they do occur providing solutions to overcome their consequences Secondly innovation allows for the activation of economic growth and social progress through the rationalization of economic activities Thirdly innovation supports the global competitiveness of economic systems allowing for the specialization of production and sales of unique goods that are in high demand in both domestic and global markets At the same time innovational development in economic systems is required to mitigate the high levels of risk and requires both effective management and a reliable normative and legal foundation This book studies the economic and legal foundations of managing the innovational development of economic systems from an interdisciplinary perspective bringing together the thoughts of international scholars in management economics and law

New Product Development Erdener Kaynak,Nicholas Mills,Michael Z Brooke,2012-11-12 Keep ahead of your competitors New Product Development will help you and your company overcome an expensive and common weakness the lack of adequate new product development This vital book examines the requirements of new product development in detail as well as in the context of corporate strategy Packed with practical information that can immediately be put into effect New Product Development can help you keep your company on the leading edge no matter what type of industry you re in This uniquely insightful volume will help you become a successful innovator by showing you how to plan and execute strategies for developing a continuous flow of new products and services to help you stay ahead of the competition It demonstrates how innovation far from being a staff function is a dynamic line management task It calls for the same aggressive thrust as marketing and sales and every officer of the company from the president on down has a share in this responsibility Medium size small and even large companies constantly face a mass of problems in achieving successful innovation New Product Development will help you deal with issues including inaccurate budgeting costs exceeding budgets faulty market and technical research findings flaws in design inadequately durable materials unforeseen consumer rejection caused by the lack of proper consumer trials leakage of plans to competition failure by outside suppliers missed opportunities for cooperation with outside specialists poorly coordinated development staff ineffective leadership and much more Beginning with an executive summary that will guide you quickly to the chapters most relevant to your business this well organized book should be on the shelf of every company officer who wants to see his firm prosper innovate and create new products that sell now and for years to come

Multinational Strategic Management Erdener Kaynak,Robert Mockler,Dorothy G Dologite,2014-02-25 Build the skills needed to compete in the highly competitive global business environment This incisive book is a comprehensive introduction to contemporary multinational strategic leadership and management A vital guide to business policy Multinational Strategic Management An Integrative Entrepreneurial Context Specific Process combines basic strategic management with a distinctive international business perspective The result is invaluable as a preparatory overview for novices and as a guidebook for business practitioners Mixing basic management and

leadership perspectives with a study of international business Multinational Strategic Management takes a comprehensive approach to subjects that traditionally require multiple texts Designed for use as a textbook for undergraduate and graduate course work the book fills an educational void in a rapidly growing field The in depth text provides you with a thorough understanding of how to lead and manage enterprises that operate within and across national borders Multinational Strategic Management helps professionals students and educators acquire and enhance skills in entrepreneurial contingency thinking and action integrate those skills to creatively handle specific situations learn more about management processes and possibly develop new ones Ideal for use in support of executive training workshops and as a text in advanced university business programs Multinational Strategic Management introduces you to all levels of integrative decision making from the entrepreneurial perspective of the leading multinational firms like General Electric and Intel Perfect for educational use the book provides more than the standard textbook descriptions and case studies It will inspire the kind of creative entrepreneurial thought and action needed to compete in today s highly competitive global environment
