Economics, Enlightenment, and Canadian Nationalism Robert Wood Wright,1993 Rejecting the orthodox economic model as an inappropriate representation of social reality Robert Wright proposes an alternative adapted from Foucault's cultural theories This new perspective leads him to conclude that within the discipline of Canadian economics theory should become gestalt rather than pure methodology should become normative rather than positive and policy should be directed towards the achievement of economic nationalism rather than continentalism Economics, Enlightenment, and Canadian Nationalism Robert W. P. Cowen,2003-09-02 Doctrines of Development sets out a critique of the idea of practice of development by exploring the history of development theory and action from the early nineteenth century to the late twentieth century from Britain to Quebec and Kenya Canadian Books in Print. Author and Title Index ,1975 **The Films of Elias Querejeta** Tom Whittaker,2011-10-15 The Films of El as Querejeta A Producer of Landscapes explores the films of Spain's most important and controversial producer More a creator than a producer Querejeta's production style is unique as he most regularly has a hand in every artistic aspect of the filmmaking process As this book shows his vast body of work is unified by a particular visual concern with landscape Through this emphasis on space his films have consistently documented the dramatic historical and social transformations of a country in the grip of modernization from the 1960s to the present day In particular this book investigates the ways in which landscape can be understood as a site of political contestation during these years Whether rural or urban landscape in his films emerges as a terrain of political struggle which was first directed against Francoism in the 1960s and 1970s and later in the democratic period against Spain's embrace of neoliberal capitalism This is the first book in English to focus entirely on the films of El as Querejeta and is one of the first studies of its kind to organize its focus around the work of producer moreover the first book length study on the representation of landscape in Spanish film In bringing together both the importance of cinematic and spatial production the twin focus of this book intends not only to make an original contribution to Film Studies but also to Spanish Cultural Studies and Cultural Geography **The Canadian Forum** ,1920 *Canada* , British Journal of Canadian Studies ,1995 **Canadian Journal of Film Studies** ,1993 **Index de Périodiques Canadiens** ,2001 **Parties, Leaders, and**

Heaman, 2022-08-15 Colonial Canada changed enormously between the 1760s and the 1860s the Conquest and Confederation but the idea of civilization seen to guide those transformations changed still more A cosmopolitan and optimistic theory of history was written into the founding Canadian constitution as a check on state violence only to be reversed and undone over the next century Civilization was hegemony a contradictory theory of unrestrained power and restraints on that power Occupying a middle ground between British and American hegemonies all the different peoples living in Canada felt those contradictions very sharply Both Britain and America came to despair of bending Canada violently to their will and new forms of hegemony a greater reckoning with soft power emerged in the wake of those failures E A Heaman shows that the view from colonial Canada matters for intellectual and political history Canada posed serious challenges to the Scottish Enlightenment the Pax Britannica American manifest destiny and the emerging model of the nation state David Hume s theory of history shaped the Canadian imaginary in constitutional documents much thumbed histories and a certain liberal conservative political and financial orientation But as settlers flooded across the continent cosmopolitanism became chauvinism and the idea of civilization was put to accomplishing plunder and predation on a transcontinental scale Case studies show crucial moments of conceptual reversal some broadly representative and some unique to Canada Dissecting the Seven Years War domestic relations the fiscal military state liberal reform social statistics

democracy constitutionalism and scholarly history Heaman shows how key British and Canadian public figures grappled with the growing gap between theory and practice By historicizing the concept of civilization this book connects Enlightenment ideals and anti colonialism shown in contest with colonialism in Canada before Confederation **Canadian Books in Print 2002** Marian Butler,2002-02 Hollow Mandates Howard J. Gold,2019-04-05 Examining American public opinion from the Johnson administration through the Reagan years this book uncovers the true nature of American public opinion showing that in fact the American public has not embraced a conservative ideology **Journal of the Canadian Bankers' Association** Canadian Bankers' Association,1924 **The Hand of God** Michael Gauvreau,2017-10-01 Set against a background of intense religious and cultural change and tensions over the meanings of nationalism and federalism in both Quebec and Canada Michael Gauvreau s The Hand of God traces the emergence of Claude Ryan as a public intellectual This is the first comprehensive biography of Ryan based on his personal papers and extensive writings as a social commentator editorialist and director of the newspaper Le Devoir At a time of Catholic religious fervour and new currents of social analysis Ryan spoke for a postwar generation of young Quebecers assuring his surprising ascension as one of the most influential voices in Canadian liberalism and federalism in the 1960s In rich detail Gauvreau describes Ryan s ideas on religion politics and society which assured his importance both as a major figure seeking the transformation of Roman Catholicism in the 1950s and 1960s and as an advocate of a type of liberalism that was often at odds with Pierre Elliott Trudeau s He presents compelling new material on the breakdown of social and cultural consensus a detailed analysis of Ryan s personal and intellectual dealings with both Trudeau and Ren L vesque and a strikingly new interpretation of the motives of the key players in the October Crisis of 1970 A significant rethinking of the relationship between liberalism nationalism and federalism in Quebec in the twentieth century The Hand of God uses biography as a lens to explore and shed new light on questions central to postwar Quebec and Canadian cultural political and intellectual history
