Unseeing Empire Bakirathi Mani,2020-10-26 In *Unseeing Empire* Bakirathi Mani examines how empire continues to haunt South Asian American visual cultures Weaving close readings of fine art together with archival research and ethnographic fieldwork at museums and galleries across South Asia and North America Mani outlines the visual and affective relationships between South Asian diasporic artists their photographic work and their viewers She notes that the desire for South Asian Americans to see visual representations of themselves is rooted in the use of photography as a form of colonial documentation and surveillance She examines fine art photography by South Asian diasporic artists who employ aesthetic strategies such as duplication and alteration that run counter to viewers demands for greater visibility These works fail to deliver on viewers desires to see themselves producing instead feelings of alienation estrangement and loss These feelings Mani contends allow viewers to question their own visibility as South Asian Americans in U S public culture and to reflect on their desires to be represented **Edward S. Subcommittee on Legislative Appropriations,1998 **Edward S. Curtis: Portraits of Native Americans Calendar** Pomegranate Communications, Inc,2002-12-01 Before the turn of the twentieth century Edward S Curtis 1868 1952 embarked on a monumental project to document the traditions music and legends of Native Americans before they were lost forever He took more than 40 000 photographs for his twenty volume work *The North American Indian* The twelve reproductions in this calendar accompanied by information about tribal culture and history are from first generation photoprints and the original volumes of photogravures held by the Library of Congress Important events in Native American history are noted throughout *The North American Indian: Southern California Shoshoneans. The Diegueños. Plateau Shoshoneans. The Washo* Edward S. Curtis,1970 A comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions The value of such a work in great measure will lie in the breadth of its treatment in its wealth of illustration and in the fact that it represents the result of personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the superior race It has been the aim to picture all features of the Indian life and environment types of the young and the old with their habitations industries ceremonies games and everyday customs Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal a rehearsal of these wrongs does not properly find a place here General introduction *Edward S.
