narrative with the women leaving the tomb of Jesus in stunned silence Mark 16 8 Lowry spins short stories that suggest several alternative ideas as to how the biblical narrative might have played In half of the tales Lowry enters the text and adds fictitious material to Mark s narrative In the other half his stories are set in the small textile town of Great Falls South Carolina where the author grew up in the 1950s The hope is these stories will encourage readers of Mark and groups of his readers to raise other possibilities **Broken Pieces** Megan Hands,2021-12-01 A young girl has to adjust to life after the death of her parents and one younger sister from an accident Join Madi aged 15 as she faces the challenges of attending a new school making relationships with new friends and trusting teachers to support her Madi struggles to keep connected to her other family members as she seeks new foster care and beginning a new life without her parents and living with grief
