Unwritten Rules. What Women Need To Know About Leading In Today's Organizations Lynn Harris, 2010

Unwritten Rules What Women Need to Know About Leading in Today's Organizations by Lynn Harris answers the question of why there are so few women in positions of senior leadership and provides pragmatic advice and professional development for women leaders Clearly written and convincingly told Unwritten Rules explodes the leadership myths prevalent in the workplace today and provides women with essential information to make informed choices about their careers and how to lead Based on the most recent research Unwritten Rules explores the specific challenges faced by women leaders and what it takes for them to succeed within the current leadership model Harris also provides case studies and alternative routes for those who choose to step off the corporate career ladder Groundbreaking and inspirational Unwritten Rules should be on everyone's business agenda and packed in every briefcase

Sex and Gender Effects on Power, Status, Dominance, and Leadership - An Interdisciplinary Look at Human and Other Mammalian Societies Charlotte Korinna Hemelrijk, Joey T. Cheng, Elise Huchard, Peter M. Kappeler, Tanja Hentschel, Jenny Veldman, 2024-02-20 Unequal power and status between the sexes usually translates into one sex monopolizing valuable resources and exercising control at the expense of the other These inequalities not only have negative consequences for the fitness and wellbeing of the underpowered sex but also hinder the path to peaceful and prosperous societies Intersexual power refers to an asymmetry in the degree of control that one sex exerts over the other It can arise for example from sex differences in social dominance i.e. imposed by threat or force leverage i.e. conferred by the possession of a resource that cannot be taken by force such as knowledge or fertilizable eggs motivation and in humans in particular social norms and privileged positions in society

The Oxford Handbook of

Gender in Organizations Savita Kumra,Ruth Simpson,Ronald J. Burke,2014-03-13 The issue of gender in organizations has attracted much attention and debate over a number of years The focus of examination is inequality of opportunity between the genders and the impact this has on organizations individual men and women and society as a whole It is undoubtedly the case that progress has been made with women participating in organizational life in greater numbers and at more senior levels than has been historically the case challenging notions that senior and or influential organizational and political roles remain a masculine domain The Oxford Handbook of Gender in Organizations is a comprehensive analysis of thinking and research on gender in organizations with original contributions from key international scholars in the field The Handbook comprises four sections The first looks at the theoretical roots and potential for theoretical development in respect of the topic of gender in organizations The second section focuses on leadership and management and the gender issues arising in this field contributors review the extensive literature and reflect on progress made as well as commenting on hurdles yet to be overcome The third section considers the gendered nature of careers Here the focus is on querying traditional approaches to career surfacing embedded assumptions within traditional approaches and assessing potential for alternative patterns to evolve taking into account the nature of women s lives and the changing nature of organizations In its final section the Handbook examines masculinity in organizations to assess the diversity of masculinities evident within organizations and the challenges posed to those outside the norm In bringing together a broad range of research and thinking on gender in organizations across a number of disciplines sub disciplines and conceptual perspectives the Handbook provides a comprehensive view of both contemporary thinking and future research directions

Women's economic empowerment and leadership: Examining an intervention for smallholder farmers delivered via farmer producer organizations in Guatemala using qualitative methods Myers, Emily,Heckert, Jessica,2025-07-22 Women work across multiple nodes in agricultural value chains though their participation in value chains varies within and across contexts and their contributions are often underrecognized Malapit et al 2020 Quisumbing et al 2021 Addressing issues such as weak economic growth climate change and hunger will require strengthening agricultural value chains though doing so without a gender sensitive lens may exacerbate existing gender inequalities within them Rubin as such the results presented in this study reflect perceptions of different components of SMA that had been only partially implemented prior to data collection

Work Psychology in Action Anna Sutton,2020-11-25 The new edition of this popular accessible and skills oriented textbook introduces key psychological concepts and demonstrates how they come into play in the real world of work while building strong awareness of how business priorities inform and underpin applied psychology It combines summaries of important research studies with an exploration of topics from different international perspectives to offer students a deeper appreciation of how psychology develops and is used in the world of business The book takes a practical problem solving approach to understanding the role of psychology in the workplace and focuses on employability skills that will benefit

students in their future careers Written by a highly experienced lecturer this book is ideal for undergraduate and postgraduate business and psychology students taking modules in work psychology New to this Edition Fully updated to include the latest research and theory in the field Reworked chapter on communication and culture New material on neuroscience New features such as Psychology and Technology Updated International Perspectives feature including a wider range of countries and perspectives of Indigenous peoples New examples and case studies from a wider geographical range including Asia Australasia and the Middle East

Women in Management Sanghamitra Buddhapriya, 1999 Based on a survey of 160 women managers from ten public sector organizations carried out between 1993 and 1996 Investigates factors affecting their career development focusing on five main variables the sex role orientation of these managers leadership style fear of success organizational stresses and coping style Includes a review of the literature on these issues and looks at the status of women managers in some other countries

Sex Differences and Similarities in Communication Daniel J. Canary, Kathryn Dindia, 2009-03-04 Sex Differences and Similarities in Communication offers a thorough exploration of sex differences in how men and women communicate set within the context of sex similarities offering a balanced examination of the topic The contents of this distinctive volume frame the conversation regarding the extent to which sex differences are found in social behavior and emphasize different theoretical perspectives on the topic Chapter contributors examine how sex differences and similarities can be seen in various verbal and nonverbal communicative behaviors across contexts and focus on communication behavior in romantic relationships The work included here represents recent research on the topic across various disciplines including communication social psychology sociology linguistics and organizational behavior by scholars well known for their work in this area In this second edition some chapters present new perspectives on sex gender and communication others present substantially revised versions of earlier chapters All chapters have a stronger theoretical orientation and are based on a wider range of empirical data than those in the first edition Readers in communication social psychology relationships and related fields will find much of interest in this second edition The volume will serve as a text for students in advanced coursework as well as a reference for practitioners interested in research based conclusions regarding sex differences in communicative behavior

Women in Management Alan T. Belasen, 2017-04-07 This book presents a realistic perspective on the paradoxes employees face when navigating work and personal responsibilities for career success The author answers the critical question of how to achieve sustainable and rewarding work life integration from a perspective of both and rather than either or While most books focus on a fragmented hyper effective view of women and leadership this book advances the need for an integrated approach Its Competing Values Framework acts as an organizing model that aligns personal competency with organizational capability helping readers to identify important leadership roles and competencies break societal barriers and choose the right set of behaviors to fit their personal and professional goals In chapter text boxes provide personal insight from real employees both entering and established in leadership positions

offering a varied perspective on the challenges and resolutions available to women in management As men become more engaged with their families they too will find this book a useful tool Students in diversity management women and management career development leadership and organizational behavior classes will benefit from this realistic and sustainable alternative to the have it all model
