## **Efficiency In Universities The La Paz Papers Studies On Education V 4:**

*Resources in Education* ,1998      *Improving the Efficiency of Educational Systems* Douglas M. Windham,1988

*Tackling Inequality* R. Layard,1999-03-22 Richard Layard is one of Britain s foremost applied economists whose work has had a profound impact on the policy debate in Britain and abroad This book contains his most influential articles on education equality and income distribution and on the lessons of economic transition in Eastern Europe It is published along with a companion volume *Inequality* argues that lifetime inequality is the basic inequality we should worry about In this context education is a powerful instrument of redistribution as well as a national investment Cash redistribution has efficiency costs which can be calculated but it may also serve to discourage inefficient over work arising from each person s efforts to earn more than his neighbour A final series of essays is based on Layard s recent work on reform strategies in Russia and Poland The book opens with Richard Layard s personal credo Why I became an economist      **Library of**

reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field

**Exploring the Role of Public Expenditure in Advancing Female Economic Empowerment and Gender Equality** Charla Britt,Danielle Egerer,2024-05-24 This paper discusses connections between female economic empowerment and government spending It is an abbreviated overview for non gender experts on how fiscal expenditure may support female economic empowerment as an interim step toward advancing gender equality From this perspective it offers a preliminary exploration of key factors and indicators associated with gender differentiated impacts in each of five main categories of public spending education health capital expenditure government employment and compensation and social protection and labor market programs It examines and proposes indices within each category that can be used to identify and measure related gender gaps and suggests associations and connections between those indices public spending and other available proxy measurements with some benchmarking potential which is summarized at the end of each category in a Gender Lens Matrix for ease of reference The paper draws on an extensive literature review and examination of publicly available datasets It also highlights and discusses gaps in data which limit gender analysis The purpose of the paper is to advance dialogue on the adoption of a gendered approach to government spending by providing a gender lens that may assist country level assessments and discussions among IMF staff and member country authorities

**Bringing Down the Educational Wall** Dulce Manzano,2017-06-09 Bringing Down the Educational Wall studies the causes of educational expansion in a global sample of developing and developed countries from 1960 to 2005 The book explores how the interaction between the economic context of nations economic development and inequality and political factors the type of political regime and the ideology of dictatorships influences countries educational outcomes The book s main contributions are the exploration of ideological differences between autocratic regimes and the tracing of changes in different parts of the income distribution which accounts for education expanding to broad sectors of the population Bringing Down the Educational Wall introduces a new database on the ideology of dictatorships and uses quantitative methods and case analyses to test its theoretical arguments This work will help students in comparative politics and political economy courses to develop their understanding of redistributive policies and the effects of political factors on the expansion of education

The Challenge of Slums United Nations Human Settlements Programme,2012-05-23 The Challenge of Slums presents the first global assessment of slums emphasizing their problems and prospects Using a newly formulated operational definition of slums it presents estimates of the number of urban slum dwellers and examines the factors at all level from local to global that underlie the formation of slums as well as their social spatial and economic characteristics and dynamics It goes on to

evaluate the principal policy responses to the slum challenge of the last few decades From this assessment the immensity of the challenges that slums pose is clear Almost 1 billion people live in slums the majority in the developing world where over 40 per cent of the urban population are slum dwellers The number is growing and will continue to increase unless there is serious and concerted action by municipal authorities governments civil society and the international community This report points the way forward and identifies the most promising approaches to achieving the United Nations Millennium Declaration targets for improving the lives of slum dwellers by scaling up participatory slum upgrading and poverty reduction programmes The Global Report on Human Settlements is the most authoritative and up to date assessment of conditions and trends in the world s cities Written in clear language and supported by informative graphics case studies and extensive statistical data it will be an essential tool and reference for researchers academics planners public authorities and civil society organizations around the world
